Your Connection to the
NEW JERSEY STATE LIBRARY

Helping New Jersey libraries provide outstanding adult, urban and diversity services
ADULT, URBAN & DIVERSITY SERVICES
@ NEW JERSEY STATE LIBRARY

The New Jersey State Library is committed to serving New Jersey libraries through initiatives and programs, resource development, active consultations and training on library issues that impact the profession, the workplace, and information service delivery.

We ensure that training, information resources, and technical assistance are available to help libraries and librarians develop effective strategies to build programs and improve service for all patrons.

New Jersey libraries offer various materials, services, and programs designed to meet the needs of adult users. There are a wide range of adult library programs taking place throughout NJ, including:
- **Book Discussion Groups** – forums where readers can come together and talk about books and the reading experience.
- **Computer Classes** – computing skills such as keyboarding, using a mouse, navigating the internet, and more.
- **Employment Search Support** – a community-building service that libraries offer to patrons to aid in finding a job.
- **New Immigrants** – resources to support library programming serving new immigrants.
- **Older Patrons** – resources and programs that specifically target the community’s senior population.
- **Readers’ Advisory for Adults** – services that are provided by librarians and may include recommendations of specific titles, authors, or lists of books for particular needs.

Contact your local public library to find out what programs are taking place near you!

Mimi Lee maintains open and engaged communication with libraries through e-mail, phone and on-site visits. To request a site-visit, please email mlee@njstatelib.org.
