DIVISION OF DAIRY INDUSTRY

Order Regulating Handling of Milk In New Jersey Milk Marketing Areas

On February 8, 1972, W. W. Moffett Jr., Director of the Division of Dairy Industry in the Department of Agriculture, pursuant to authority of N.J.S.A. 4:12A-25 and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted an order amending N.J.A.C. 2:54A and 2:54B which concern the handling of milk in the New Jersey milk marketing areas.

Full text of the order follows:

ORDER AMENDING N.J.A.C. 2:54A, AS AMENDED, AND N.J.A.C. 2:54B, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE NEW JERSEY MILK MARKETING AREAS

In conformance with the Memorandum of Agreement with the United States Department of Agriculture, pursuant to the powers vested in him by N.J.S.A. 4:12A-25, the Director, Division of Dairy Industry, participated with the United States Department of Agriculture in a joint hearing held in Washington, D.C. on December 13, 1971, pursuant to notice thereof which was issued by the United States Department of Agriculture on December 3, 1971. Notice of the hearing was issued by the Director, Division of Dairy Industry on December 7, 1971.

Pursuant to the provisions of N.J.A.C. 15:15-5.3 and after considering all of the evidence adduced at the hearing and being in agreement with the findings and determinations made by the United States Department of Agriculture as contained in the "Decision on Proposed Amendments to Marketing Agreements and to Orders" signed in Washington, D.C. on January 24, 1972, by Richard E. Lyng, Assistant Secretary, United States Department of Agriculture, the Director of the Division of Dairy Industry hereby finds and determines that the findings and conclusions (37 F.R. 1389 ff.) should be adopted, by reference, insofar as such findings and conclusions pertain to the marketing of milk in the State of New Jersey under 7 CFR 1002 and 7 CFR 1004, the same being commonly referred to as Federal Orders Nos. 2 and 4.

The Director further finds that the terms of the "Order Amending Orders" (37 F.R. 2927 ff.) signed in Washington, D.C. on February 4, 1972, by Richard E. Lyng, Assistant Secretary, United States Department of Agriculture, to be effective February 1, 1971, should also be adopted by reference insofar as such order applies to the marketing of

milk in the State of New Jersey under terms of the aforesaid joint and concurrent Orders Nos. 2 and 4 and the adoption of said order will tend to effectuate the declared policy of the statute in N.J.S.A. 4:12A-1 et seq.

It is therefore ordered that on and after the effective date hereof there is hereby adopted as an amendment to N.J.A.C. 2:54A and 2:54B, by reference, the aforesaid amendment to the orders regulating the handling of milk in the New York-New Jersey Marketing Area and the Middle Atlantic Marketing Area insofar as the said order applies to the marketing of milk in the State of New Jersey.

This order shall be effective from and after 12:01 a.m. on February 1, 1972, with respect to marketings on and after that date.

An order adopting this order was filed February 24, 1972, as R.1972 d.36A (Exempt, Procedure Rule).

DIVISION OF DAIRY INDUSTRY

Order Regulating Milk Handling In New Jersey Marketing Area No. 1

On February 24, 1972, W. W. Moffett Jr., Director of the Division of Dairy Industry in the Department of Agriculture, pursuant to authority of N.J.S.A. 4:12A-25 and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted an order amending N.J.A.C. 2:54A, which concerns the regulating of the handling of milk in New Jersey Marketing Area No. 1.

Full text of the order follows:

ORDER AMENDING N.J.A.C. 2:54A, AS AMENDED, REGULATING THE HANDLING OF MILK IN NEW JERSEY MILK MARKETING AREA 1

In conformance with the Memorandum of Agreement with the United States Department of Agriculture, pursuant to the powers vested in him by N.J.S.A. 4:12A-25, the Director, Division of Dairy Industry, participated with the United States Department of Agriculture, in a joint hearing held in New York, New York on January 6, 1972, pursuant to notice thereof which was issued by the United States Department of Agriculture on December 17, 1971. Notice of the hearing was issued by the Director, Division of Dairy Industry, on December 21, 1971.

NEW JERSEY REGISTER

The official publication containing notices of proposed rules and rules filed by State agencies pursuant to the New Jersey Constitution, Art. V, Sec. IV, Para. 6 and the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq.

However, no such copy, reprint, reproduction or republication shall bear the legend "New Jersey Register" or "Official" without the written permission of the Director of Administrative Procedure.

The New Jersey Register is published the first Thursday after the first Monday of each month by the Division of Administrative Procedure of the Department of State, 10 North Stockton Street, Trenton, New Jersey 08608. Telephone: (609) 292-6060.

Subscriptions to the New Jersey Register are available from the Division of Administrative Procedure. Rates, payable in advance, are, one year, \$6, single issue, 50 cents.

Pursuant to the provisions of N.J.A.C. 15:15-5.3 and after considering all of the evidence adduced at the hearing and being in agreement with the findings and determinations made by the United States Department of Agriculture as contained in the "Decision on Proposed Amendments to Marketing Agreements and to Orders" signed in Washington, D.C. on February 9, 1972, by Richard E. Lyng, Assistant Secretary, United States Department of Agriculture, the Director of the Division of Dairy Industry hereby finds and determines that the findings and conclusions (37 F.R. 3187 ff.) should be adopted by reference, insofar as such findings and conclusions pertain to the marketing of milk in the State of New Jersey under 7 CFR 1002, the same being commonly referred to as Federal Order No. 2.

The Director further finds that the terms of the "Order Amending Orders" (37 F.R. 4175 ff.) signed in Washington, D.C. on February 23, 1972, by Richard E. Lyng, Assistant Secretary, United States Department of Agriculture, to be effective March 1, 1972, should also be adopted by reference insofar as such order applies to the marketing of milk in the State of New Jersey under terms of the aforesaid joint and concurrent Order No. 2 and the adoption of said order will tend to effectuate the declared policy of the statute in N.J.S.A. 4:12A-1 et seq.

It is therefore ordered that on and after the effective date hereof there is hereby adopted as an amendment to N.J.A.C. 2:54A, by reference, the aforesaid amendment to the orders regulating the handling of milk in the New York-New Jersey Marketing Area as the said order applies to the marketing of milk in the State of New Jersey.

This order shall be effective from and after 12:01 a.m. on March 1, 1972.

An order adopting this order was filed March 7, 1972, as R.1972 d.48 (Exempt, Procedure Rule).

Rules on Signatures for Checks Drawn on Treasury of the Local Unit

On February 23, 1972, the Local Finance Board in the Department of Community Affairs, pursuant to authority of N.J.S.A. 52:27BB-32 and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted rules concerning the signatures on checks drawn upon the treasury of the local unit, substantially as proposed in the Notice published November 4, 1971, at 3 N.J.R. 219(a).

Text of the adopted rule follows:

5:30-9.10 Signatures on checks drawn upon the treasury of the local unit.

(a) Each municipality by July 1, 1972, and at each subsequent organizational meeting shall designate by resolution the individual or individuals, in accordance with N.J.S.A. 40A:5-17b, in addition to the signature of the treasurer, or if there is no treasurer, such other person who is the custodian of funds of the municipality, whose signature or signatures shall appear on checks drawn upon the treasury of the municipality.

(b) Each county board of freeholders at its annual first organizational meeting shall designate such county offi-

cer(s), in addition to the county treasurer, or if there is no treasurer, such other person who is custodian of funds of the county, whose signature or signatures shall appear on checks drawn upon the treasury of the county.

(c) Pursuant to N.J.A.C. 40A:5-19, a different signature practice may be established by ordinance in the case of a municipality and by resolution in the case of a county, for checks for wages and salaries.

(d) The Director of the Division of Local Finance shall provide copies of the resolution to all affected local units together with such explanatory information as he may deem appropriate, and he is hereby directed to take such steps as are necessary to implement this resolution.

An order adopting these rules was filed and effective March 2, 1972, as R.1972 d.42.

STATE BOARD OF EDUCATION

Proposed Revisions On Requirements For All Teacher Education Programs

Carl L. Marburger, Commissioner of Education and Secretary of the State Board of Education, pursuant to authority of N.J.S.A. 18A:6-34 et seq., proposes to revise the rules concerning the common requirements for all teacher education programs.

These revised rules are tentatively scheduled to be part of Subchapter 8 (Supplement to Standards for State Approval for Teacher Education) of Chapter 11 in Title 6 of the New Jersey Administrative Code.

Full text of the proposed revisions follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

[6:11-101] 6:11-8.2 Common Requirements — All Teacher Education Programs

Except when specifically indicated below, the following

requirements apply to all college programs leading to a New Jersey teacher's certificate:

[I.] [Bachelor's Degree]

(a) Approved programs, except where noted otherwise below, will lead to a bachelor's or higher degree. Certificate programs designed for students who already hold the appropriate degree required for the certificate will apply the accreditation policies indicated in subsections (b), (c) and (d) [II.] below.

[II.] [College Accreditation]

[a.] (b) Except as indicated below, degrees will be recognized for purposes of college programs leading to teacher certification in New Jersey only from colleges approved by the National Council for Accreditation of Teacher Education, or accredited by the State Board or Department of Education of the state in which the college exists.

[b.] (c) Professional preparation presented by students for transfer credit to New Jersey colleges offering teacher certificate programs will be accepted only from other New Jersey colleges approved for the preparation of teachers by the New Jersey State Board of Education and, except as indicated below, from such out-of-state colleges as are approved or accredited for purposes of teacher preparation by the National Council for Accreditation of Teacher Education, or by the State Board or Department of Education in the state in which the college is established.

[c.] (d) College degrees and professional preparation from colleges in states in which the State Board or Department of Education lacks authority to regulate the establishment of colleges or to give approval for purposes of teacher education, will be accepted as transfer credit for purposes of teacher certificate programs in New Jersey only if the college is accredited by the National Council for Accreditation of Teacher Education, or if such degrees and professional preparation are accepted for purposes of teacher certification by the State Department of Education in the state in which the college exists.

[III.] [Recommendations of National Academic and Professional Organization]

(e) National learned societies and professional associations with special interest in curricula for the preparation of teachers have significant contributions to make to the improvement of teacher education programs. On the basis of extensive study and research, some of these organizations have developed guidelines for the preparation of teachers. It is expected that an institution will work out the rationale for its various teacher education curricula with due consideration given to such guidelines. Due consideration means that the institution is acquainted with these guidelines and has critically examined them in relation to developing the teacher education curricula offered.

[IV.] [General Education]

(f) Except where indicated otherwise below, approved programs will include a minimum of forty-five semester-hour credits of college study in general education areas such as the following, including study in at least four areas: English, mathematics, science, social studies (anthropology, economics, geography, history, political science, sociology), fine and practical arts, foreign languages, music, philosophy, psychology. Programs leading to the elementary endorsement must include study in English, mathematics, science, and social studies.

(g) Recommendations and guidelines of the appropriate national academic and professional groups should be given due consideration in developing college programs in general education.

[V.] [Professional Education]

(h) Except where indicated otherwise below, approved

programs will include a minimum of fifteen semester-hour credits in professional education distributed over four or more of the following areas, and including study in each starred (*) area. This study may be accomplished in either separate or integrated courses. These fifteen credits do not include student teaching.

[a.] *1. Methods of Teaching — Studies designed to develop understanding of the aims and techniques of instruction, including courses such as the following: general methods, methods of teaching elementary, secondary, vocational-technical subjects, or handicapped children, visual aids in education, and individualizing instruction. Programs for the preparation of elementary teachers must include study of the teaching of each of the following curriculum areas: (1) creative arts, such as fine arts, industrial arts, crafts, music; (2) health, safety, and physical education; (3) language arts, including reading; (4) mathematics; (5) science; (6) social studies.

[b.] *2. Educational Psychology — Studies designed to develop understanding of human development and learning, including courses such as the following: psychology of learning, human growth and development, child psychology, adolescent psychology, psychology of the handicapped, psychological foundations of education, educational measurements and mental hygiene.

[c.] *3. Human and Intercultural Relations — Studies designed to develop understanding of social interaction and culture change, including courses such as the following: urban sociology, history of minority groups, intergroup relations, and suburban and inner-city problems. Required after June 30, 1975. Students currently enrolled in approved teacher education programs should be encouraged to take advantage of available course offerings in this area.

[d.] 4. Field Experiences — Pre-student teaching field experiences and studies in working with inner-city, suburban, and rural children, youth and adults in a variety of community and school programs, including activities such as tutoring, small group leadership, community agency participation and individual case studies.

[e.] 5. Curriculum — Studies designed to develop understanding of curriculum design and construction, including courses such as the following: principles of curriculum construction, the elementary, secondary, special education, or vocational-technical curriculum, a study of the curriculum in a specific subject or field of teaching, and extra-curricular activities.

[f.] 6. Foundations of Education — Studies designed to develop understanding of the educational implications of social, political, historical, cultural and philosophical context in which schools are conducted, including courses such as the following: history of education, philosophy of education, social foundations of education, comparative education, and educational sociology.

[g.] 7. Student Personal Services — Studies designed to develop understanding of the student personnel and special services program of the school, including courses such as the following: student personnel problems, principles of guidance, tests and measurements, educational, vocational, psychological, and health counseling, school psychology, school social work, educating the handicapped.

[h.] 8. Electives in professional education.

[VI.] [Student Teaching]

(i) One hundred and fifty clock hours of approved student teaching. At least ninety clock hours must be devoted to responsible classroom teaching; sixty clock hours may be employed in observation and participation. This requirement is in addition to the fifteen credits in professional education in subsection (h) [V] above.

[VII.] [Physiology and Hygiene]

(j) In accordance with the provisions of New Jersey

Statutes (R.S. 18:13-4) students must take an examination in physiology and hygiene. In lieu of this examination the applicant may take college study in areas such as biology, personal health problems, community health, school health, family health, health counseling, nutrition, or health administration. This requirement does not apply in the fields of art, business education, foreign languages, health education, industrial arts, library studies, music, and physical education.

HIGHER EDUCATION

BOARD OF HIGHER EDUCATION

Proposed Regulations and Standards For Proprietary Institutions

The New Jersey Board of Higher Education, pursuant to authority of N.J.S.A. 18A:3-15, proposes to adopt regulations and standards for proprietary institutions of higher education in New Jersey. These rules are scheduled to be included in Subchapter 5 of Chapter 1 in Title 9 of the New Jersey Administrative Code.

Full text of the proposed regulations and standards follows:

SUBCHAPTER 5. REGULATIONS AND STANDARDS FOR PROPRIETARY INSTITUTIONS OF HIGHER EDUCATION IN NEW JERSEY

9:1-5.1 General Provisions

Proprietary institutions of higher education in New Jersey may be licensed to operate and approved to award the degree of Associate in Applied Science, subject to conformance with the regulations and standards for such licensure and approval as contained in the document "Regulations and Standards for New Jersey Institutions of Higher Education".

9:1-5.2 Scope

The following regulations and standards are designed to recognize the distinctive character of proprietary institutions and for these institutions take precedence over any regulations and standards with which they may be in conflict.

9:1-5.3 Authorized degree

The degree authorized for proprietary schools shall be the Associate in Applied Science degree as defined in Standards Governing Community Colleges, specifically sections 411, 421, and 422.

9:1-5.4 Reassessment of licensure and approval

In the event of a change in the ownership of a proprietary school, a reassessment of the licensure and approval shall be made within six months to one year's time after the change.

9:1-5.5 Length of granted authority

(a) Any authority granted by the New Jersey Board of Higher Education to operate and grant a degree shall be for a definite period, not to exceed five years, determined by the Board of Higher Education.

(b) At the expiration of this period, or when a major change of policy occurs, such authority may be reviewed, renewed or revoked at the discretion of the Board of Higher Education.

9:1-5.6 Minimum library requirements

(a) A proprietary institution offering a degree shall have a minimum library collection of sufficient size to adequately support the program offered.

(b) This shall normally consist of at least 5,000 titles of general and specific materials for every single purpose curriculum for each enrollment unit of 500 students.

(c) Proportionate increases shall be made to accommodate additional students or curricula.

9:1-5.7 Composition of governing board

The governing board should have a proportion of its membership drawn from the general public and/or the academic community and be of sufficient size to provide for appropriate committee membership.

9:1-5.8 Term of public membership

The public membership should be appointed for a specified term similar to the procedure followed in nonprofit institutions of higher education.

9:1-5.9 Faculty teaching loads

(a) Faculty should normally have teaching loads not to exceed the equivalent of 15 semester-credit hours.

(b) Work-load credit should normally be granted to faculty involved in heavy administrative, advisory or committee assignments.

9:1-5.10 Academic freedom of faculty members

(a) The institution should promulgate a statement concerning the academic freedom of faculty members which should include statements supporting the following principles:

1. Freedom in research and publication where these activities do not interfere with adequate performance of academic duties.
2. Freedom in the classroom to discuss controversial issues relating to a subject.
3. Retention of all rights as a citizen to free speech and publication. Such rights are not, as such, subject to institutional censorship or discipline. However, the teacher presents an image to the public by which the teaching profession and college may be judged; therefore, he must at all times be accurate, show respect for the opinions of others, and must make clear that he is not an institutional spokesman.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before April 26, 1972, to:

INSURANCE GROUP

Proposed Rules Governing Health Insurance Advertising

Richard C. McDonough, Commissioner of Insurance, pursuant to authority of N.J.S.A. 17:1-8.1 and 17:1C-6(e), proposes to adopt rules governing health insurance advertising. These rules are scheduled to be included in a new Subchapter 11 in Chapter 2 of Title 11 in the New Jersey Administrative Code.

Full text of the proposed rules follows:

RULES GOVERNING HEALTH INSURANCE ADVERTISING STATEMENT OF POLICY

The insurance laws of this State and particularly certain sections of Chapter 144 of the Laws of 1971, as amended, prohibit the transmission of information in the form of advertisements or otherwise in such a manner or of such substance that the insurance-buying public may be deceived or misled thereby.

The purpose of the Rules hereinafter set forth is to formalize standards to be followed in order to avoid misleading and deceptive advertising in the health insurance business.

The proper promotion, sale and expansion of health insurance are in the public interest, and these Rules are to be construed in such a manner as not to unduly restrict, inhibit or retard such promotion, sale and expansion.

To that end, in the application of the Rules, it will be recognized that:

1. Advertising plays an essential part in promoting a broader distribution of health insurance.

2. Health insurance policies are necessarily complex contracts containing considerable qualification and detail and advertising is one of the principal media by which the benefits of these complex instruments are made known to the public.

3. Advertising necessarily serves the purposes described in 1. and 2. above in various ways. For example, some advertisements describe benefits at considerable length and invite an offer to contract. Others merely describe coverage broadly to invite inquiry for further detail. Some

advertisements are solely for the purpose of promoting the reader's interest in the company or organization sponsoring the advertisement.

4. There exist significant differences between group and individual health insurance, and the manner in which each is advertised.

In the light of the foregoing, the policy of this Department, in interpreting the meaning of the Rules when applied to a specific advertisement, will be to take into consideration the detail, character, purpose, use and entire content of the advertisement. In all instances the basic test will be a rule of reason as to whether the advertisement has the capacity and tendency to mislead or deceive.

Specific interpretations of the Rules will be issued from time to time as circumstances warrant.

TITLE 11. DEPARTMENT OF INSURANCE

CHAPTER 2. INSURANCE GROUP

SUBCHAPTER 11. RULES GOVERNING ADVERTISEMENT OF HEALTH INSURANCE

11:2-11.1 General provisions

(a) An advertisement for the purpose of these rules shall include:

1. Printed and published material and descriptive literature of an insurer used in newspapers, magazines, radio, and TV (including CATV), billboards and similar displays; and

2. Descriptive literature and sales aids of all kinds issued by an insurer for presentation to members of the public, including but not limited to circulars, leaflets, booklets, depictions, illustrations, and form letters; and

3. Prepared sales talks, presentations and material for use by agents, brokers, and solicitors and representations made by agents, brokers, and solicitors in accordance therewith.

(b) Policy for the purpose of these Rules shall include any policy of health insurance as defined in N.J.S.A. 17B:17-4, plan, certificate, contract, agreement, statement of coverage, rider or endorsement which provides accident or sickness benefits, or medical, surgical or hospital expense benefits, whether on a cash indemnity, reimbursement, or service basis, except when issued in connection with another kind of insurance other than life, and except disability and double indemnity benefits included in life insurance and annuity contracts.

(c) Insurer for the purpose of these Rules shall include any individual, corporation, association, partnership, reciprocal exchange, inter-insurer, Lloyds, fraternal benefit society, and any other legal entity engaged in the advertisement of a policy as herein defined.

(d) These Rules shall also apply to agents and brokers to the extent that they are responsible for the advertisements of any policy.

11:2-11.2 Advertisements in general

Advertisements shall be truthful and not misleading in fact or in implication. Words or phrases the meaning of which is clear only by implication or by familiarity with insurance terminology shall not be used.

11:2-11.3 Advertisements of benefits payable, losses covered or premiums payable

(a) Words, phrases or illustrations shall not be used in a manner which misleads or has the capacity and tendency to deceive as to the extent of any policy benefit payable, loss covered or premium payable.

(b) An advertisement relating to any policy benefit payable, loss covered or premium payable shall be sufficiently complete and clear as to avoid deception or the capacity and tendency to deceive.

(c) When an advertisement refers to any dollar amount, period of time for which any benefit is payable, cost of policy, or specific policy benefit or the loss for which such benefit is payable, it shall also disclose those exceptions, reductions and limitations affecting the basic provisions of the policy without which the advertisement would have the capacity and tendency to mislead or deceive.

11:2-11.4 Necessity for disclosing policy provisions relating to renewability, cancellability and termination

An advertisement which refers to renewability, cancellability or termination of a policy, or which refers to a policy benefit, or which shows or illustrates time or age in connection with eligibility of applicants or continuation of the policy, shall disclose the provisions relating to renewability, cancellability and termination and any modification of benefits, losses covered or premiums because of age or for other reasons, in a manner which shall not minimize or render obscure the qualifying conditions.

11:2-11.5 Method of disclosure of required information

All information required to be disclosed by these Rules shall be set out conspicuously and in close conjunction with the statements to which such information relates or under appropriate captions of such prominence that it shall not be minimized, rendered obscure or presented in an ambiguous fashion, or intermingled with the context of the advertisements so as to be confusing or misleading.

11:2-11.6 Testimonials

(a) Testimonials used in advertisements must be genuine, represent the current opinion of the author, be applicable to the policy advertised and be accurately reproduced.

(b) The insurer, in using a testimonial, makes as its own all of the statements contained therein, and the advertisement including such statements is subject to all of the provisions of these Rules.

11:2-11.7 Use of statistics

(a) An advertisement relating to the dollar amounts of claims paid, the number of persons insured, or similar statistical information relating to any insurer or policy shall not be used unless it accurately reflects all of the relevant facts.

(b) Such an advertisement shall not imply that such statistics are derived from the policy advertised unless such is the fact.

11:2-11.8 Inspection of policy

An offer in an advertisement of free inspection of policy or offer of a premium refund is not a cure for misleading or deceptive statements contained in such advertisement.

11:2-11.9 Identification of plan or number of policies

(a) When a choice of the amount of benefits is referred to, an advertisement shall disclose that the amount of benefits provided depends upon the plan selected and that the premium will vary with the amount of the benefits.

(b) When an advertisement refers to various benefits which may be contained in two or more policies, other than group master policies, the advertisement shall disclose that such benefits are provided only through a combination of such policies.

11:2-11.10 Disparaging comparisons and statements

An advertisement shall not directly or indirectly make unfair or incomplete comparisons of policies or benefits or otherwise falsely disparage competitors, their policies, services or business methods.

11:2-11.11 Jurisdictional licensing

(a) An advertisement which is intended to be seen or heard beyond the limits of the jurisdiction in which the

insurer is licensed shall not imply licensing beyond those limits.

(b) Such advertisements by direct mail insurers shall indicate that the insurer is licensed in a specified state or states only, or is not licensed in a specified state or states, by use of some language such as "This Company is licensed only in State A" or "This Company is not licensed in State B".

11:2-11.12 Identity of insurer

(a) The identity of the insurer shall be made clear in all of its advertisements.

(b) An advertisement shall not use a trade name, service mark, slogan, symbol or other device which has the capacity and tendency to mislead or deceive as to the true identity of the insurer.

11:2-11.13 Group or quasi-group implications

An advertisement of a particular policy shall not state or imply that prospective policyholders become group or quasi-group members and as such enjoy special rates or underwriting privileges, unless such is the fact.

11:2-11.14 Introductory, initial or special offers

An advertisement shall not state or imply that a particular policy or combination of policies is an introductory, initial or special offer and that the applicant will receive advantages by accepting the offer, unless such is the fact.

11:2-11.15 Approval or endorsement by third parties

(a) An advertisement shall not state or imply that an insurer or a policy has been approved or an insurer's financial condition had been examined and found to be satisfactory by a governmental agency, unless such is the fact.

(b) An advertisement shall not state or imply that an insurer or a policy has been approved or endorsed by an individual, group of individuals, society, association or other organization, unless such is the fact.

11:2-11.16 Service facilities

An advertisement shall not contain untrue statements with respect to the time within which claims are paid or statements which imply that claim settlements will be liberal or generous beyond the terms of the policy.

11:2-11.17 Statements about an insurer

An advertisement shall not contain statements which are untrue in fact or by implication misleading with respect to the insurer's assets, corporate structure, financial standing, age or relative position in the insurance business.

11:2-11.18 Insurers' responsibility and control; advertising file; certificate of compliance

(a) All advertisements, regardless of by whom written, created or designed, shall be the responsibility of the insurer sponsoring the same.

(b) Every insurer shall at all times maintain complete control over the content, form and method of dissemination of all advertisements of its contracts.

(c) Each insurer shall maintain at its home or principal office a complete file containing every printed, published or prepared advertisement of individual policies and typical printed, published or prepared advertisements of blanket, franchise and group policies hereafter disseminated in this or any other state whether or not licensed in such other state, with a notation attached to each such advertisement which shall indicate the manner and extent of distribution and the form number of any policy advertised.

(d) Such file shall be subject to regular and periodical inspection by this department.

(e) All such advertisements shall be maintained in said file for a period of not less than four years.

(f) Each insurer required to file an annual statement which is now or which hereafter becomes subject to the provisions of this regulation must file with this department together with its annual statement, a certificate executed by an authorized officer of the insurer wherein it is stated that to the best of his knowledge, information and belief the advertisements which were disseminated by the insurer during the preceding statement year complied or were made to comply in all respects with the provisions of the insurance laws of this State as implemented and interpreted by this regulation.

11:2-11.19 Penalties

Failure to comply with the provisions of this regulation shall constitute a violation of the Insurance Laws of this State and shall subject any individual or company so failing to comply to all the penalties provided by law.

11:2-11.20 Prior regulation superseded

This regulation supersedes in its entirety the Regulation previously issued by the Insurance Department on February 1, 1956.

11:2-11.21 Effective date

This regulation shall become effective upon the date of publication of its adoption in the New Jersey Register.

11:2-11.22 Severability

If any provision or clause of this regulation or the application thereof to any person or situation is held invalid, such invalidity shall not affect any other provision or application of the regulation which can be given effect without the invalid provision or application, and to this end the provisions of this regulation are declared to be severable.

NEW JERSEY REAL ESTATE COMMISSION

**Proposed Rules of State
Real Estate Commission**

The New Jersey Real Estate Commission in the Department of Insurance, pursuant to authority of N.J.S.A. 45:15-6 and 45:15-17, proposes to adopt rules concerning block-busting solicitations, educational requirements for salesmen and brokers in making application for licensure examination, approval schools requirements, sponsoring of applications or transfers of licenses, and expediting of licensure procedures.

Full text of the proposed rules follows:

11:4-1.26(b) Every real estate broker soliciting the sale, lease or the listing for sale or lease of three or more residential properties fronting on either side of any street

between intersecting or cross streets or between a cul-de-sac or other like termination point and an intersecting or cross street, within the same month, whether directly or through his salesmen, shall maintain a permanent record for at least one year from the date of said solicitation, which shall be available for inspection by the Commission or any representative thereof upon request, setting forth the name and address of each person so solicited, the address of the property involved, the name of the licensee actually making such solicitation, and the date upon which the solicitation took place. At the request of the Commission or any representative thereof, any such broker shall file with the Commission a copy of the permanent record, or a statement containing the same information as set forth in the permanent record. Such filing shall be made with the Commission no later than ten days following the request therefor.

(c) For the purpose of this rule, "soliciting" includes solicitation by telephone, mail, personal visitation, materials distributed by hand, or any other media.

11:4-1.27 Educational Requirements for Salesmen and Brokers in Making Application for Licensure Examination

This rule sets forth the educational requirements prescribed by passage of R.S. 45:15-10.1 on September 1, 1967, for all applicants of a salesmen or brokers' real estate license. It outlines in detail the 30-hour salesmen's course and the 42-hour brokers' course.

11:4-1.28 Approved Schools—Requirements

(a) This rule sets forth the regulations prescribed under R.S. 45:15-10.1(A) and (B) and N.J.A.C. 11:4-1.27.

(b) It outlines in detail the following requirements:

1. Moral character of sponsors.
2. Financial responsibilities in fulfilling commitments. A surety bond shall accompany school applications for approval in the amount of no less than \$5,000.
3. Sets forth requirements for trade names, sole proprietorship, firm, partnership, and the like.
4. Sets forth the administrative structure.
5. Sets forth outlines for teaching load.
6. Gives specific qualifications for teachers and instructors.
7. Outlines specific requirements for school facilities.
8. State's tuition shall be specified separately from supplies, materials, books, and the like.
9. Gives requirements for correspondence courses.
10. Outlines how records of students should be kept.
11. Sets forth requirements for transfer of students.
12. Regulates type of advertising to be used to prohibit any misleading statements.
13. Sets forth that approval of schools must come from the Real Estate Commission and signed by the Commission President and attested to by the secretary-director.
14. Sets forth requirements for renewal applications for approval.
15. Sets forth reasons for denial or withdrawal of approval of schools.

11:4-1.30 Sponsoring of Applications or Transfers or License

The New Jersey Real Estate Commission, Department of Insurance, hereby grants to a corporation or a co-partnership the right to have applications or transfers of licenses for salesmen or broker-salesmen sponsored by one other person, other than the authorized broker of record, provided such person is the holder of a broker's license and is an officer of the corporation or a member of the co-partnership, as the case may be; and further provided that a power of attorney is filed with the New Jersey Real Estate Commission granting this authority to said person.

11:4-1.31 Expediting of License Procedure

For the purpose of expediting the right of licensees to engage in real estate activities, where license certificates cannot be issued without delay after all conditions have been fulfilled, the Commission directs that the following letter be forwarded to these licensees:

Date
Employing Broker
Address
Broker's Reference #
Salesmen's Reference #

This will acknowledge receipt of your fee in the amount of (\$15.00) (\$30.00) in payment of a (salesman's) (broker-salesman's) (broker's) license.

Your license certificate, bearing the above date, will be issued within the next few days. In the interim, this letter will serve as your authority to engage in the real estate activities defined under the provisions of R.S. 45:15-3 of the New Jersey License Act within the limitations of the license to be issued. Further, this letter is to be prominently displayed at your (broker's) maintained place of business, pursuant to the provisions of R.S. 45:15-12, as evidence of licensure, until receipt of the aforementioned license certificate.

The authority granted herein shall be null and void ten (10) days from the receipt thereof.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before April 26, 1972, to:

BOARD OF MEDICAL EXAMINERS

Proposed Rule On Minimum Eye Examination

Anthony J. Balsamo, Secretary of the State Board of Medical Examiners in the Division of Consumer Affairs of the Department of Law and Public Safety, pursuant to authority of N.J.S.A. 45:9-2, proposes to adopt a new rule on minimum eye examination.

Full text of the proposed rule follows:

N.J.A.C. 13:35-6.1 MINIMUM EYE EXAMINATION

(a) Physicians licensed to practice medicine and surgery shall be permitted to perform an eye examination for the

sole purpose of prescribing corrective lenses, provided that the physician shall fully and adequately disclose to the patient the limited purpose of the eye examination and provided further that after such disclosure the physician shall perform, and keep a complete record of, a physical examination of the patient which shall include:

1. A complete history of visual aberrations.
2. A determination of visual acuity in each eye separately.
3. A cover test, distance and near, and a determination of muscle balance or imbalance.
4. An ophthalmoscopic examination and a determination of any abnormalities of lids, cornea, pupil, lens, vitreous and fundus (record "negative" or "clear" if no pathology is found).

(b) Upon observing positive findings of ocular disease or abnormality, the physician shall disclose his findings to the patient and suggest an appropriate course of action.

(c) Failure to comply with this rule may subject the physician to the suspension or revocation of his license to practice medicine and surgery in this State.

Interested persons may present statements or arguments in writing, orally in person or by telephone relevant to the proposed action on or before April 30, 1972, to:

Proposed Rule On Clinical Clerkship

Anthony J. Balsamo, Secretary of the State Board of Medical Examiners in the Division of Consumer Affairs of the Department of Law and Public Safety, pursuant to authority of N.J.S.A. 45:9-2, proposes to adopt a new rule offering foreign medical school graduates the alternative of participating in an academic year of supervised clinical training in lieu of completing social service obligations required by a foreign country and in lieu of obtaining ECFMG certification.

Full text of the proposed rule follows:

N.J.A.C. 13:35-7.1 CLINICAL CLERKSHIP

(a) Students who have completed the academic curriculum in residence in a foreign medical school and who:

1. Have studied medicine at a medical school located outside of the United States, Puerto Rico and Canada, which is recognized by the World Health Organization, and
 2. Have completed all of the formal requirements of the foreign medical school except internship and/or social service,
- may substitute for the internship or social service required by a foreign country, an academic year of supervised

clinical training (clinical clerkship) prior to entrance into the first year of AMA approved graduate education. The supervised clinical training must be under the direction of a medical school approved by the liaison committee on medical education.

(b) Before beginning the supervised clinical training said students must have their academic records reviewed and approved by the medical schools supervising their clinical training and shall pass a screening examination acceptable to the Council on Medical Education, which examination is to be conducted by the supervising medical school with the approval of the State Board of Medical Examiners.

(c) Students who are judged by the sponsoring medical schools to have successfully completed the supervised clinical training shall be eligible to enter the first year of AMA approved graduate training programs without completing social service or internship obligations required by the foreign country and without obtaining ECFMG certification.

Interested persons may present statements or arguments in writing, orally in person or by telephone, relevant to the proposed action on or before April 30, 1972, to:

Proposed Rules On Examinations

Anthony J. Balsamo, Secretary of the State Board of Medical Examiners in the Division of Consumer Affairs of the Department of Law and Public Safety, pursuant to authority of N.J.S.A. 45:9-2, proposes to adopt new rules relating to Federation Licensing Examinations; Endorsement—Federation Licensing Examinations; Endorsement—Sister State Examination and Practice; Endorsement—Diplomate Specialty Boards; and Endorsement—National Boards.

Full text of the proposed rules follows:

N.J.A.C. 13:35-1.1 Federation Licensing Examinations

(a) The standard medical and surgical licensing examination in the State of New Jersey shall be the Federation Licensing Examination (FLEX).

(b) FLEX examinations for medical licensure in New Jersey, when taken for the first time, must be taken as a complete unit, that is, a consecutive three (3) day total examination.

(c) All candidates who attain a FLEX weighted grade average of 75 or over shall be judged to have successfully completed the examination, and the Secretary of the Board shall be authorized to issue a Certificate of Medical

Licensure in New Jersey to each successful candidate who has met all other requirements of N.J.S.A. 45:9-1 et seq. for medical licensure in this State.

(d) All candidates failing to attain a FLEX weighted grade average of 75 or over shall be judged to have failed the examination.

(e) Any candidate may be reexamined only in the part or parts of the examination which he failed, provided that the reexamination shall be taken at one session. If the candidate receives a passing grade in said part or parts that would give him an adjusted weighted grade average of 75 or over, the Secretary of the Board shall be authorized to issue a Certificate of Medical Licensure in New Jersey to each successful candidate who has met all the requirements of N.J.S.A. 45:9-1 et seq. for medical licensure in this State.

N.J.A.C. 13:35-2.1 Endorsement—Federation Licensing Examinations

The Board shall grant a license to practice medicine and surgery to such person who shall furnish proof that he can fulfill the requirements demanded in N.J.S.A. 45:9-1, et seq. relating to applicants for admission by examination, and furthermore provide with the application satisfactory evidence that such person has been licensed to practice medicine and surgery in a sister state by a FLEX licensing examination, with a FLEX weighted grade average of 75 or over. Individual State licensing examinations, other than FLEX, will not be accepted for endorsement in the State of New Jersey if taken after December 31, 1972.

N.J.A.C. 13:35-3.1 Endorsement—Sister State Examination and Practice

The Board shall grant without examination a license to practice medicine and surgery to any person who shall furnish proof that he can fulfill the requirements demanded in N.J.S.A. 45:9-1 et seq. relating to applicants for admission by examination, and furthermore provide with the application satisfactory evidence that he is a physician who has been licensed to practice medicine and surgery by examination in another state of the United States, and has been actively engaged in the reputable practice of medicine and surgery in such state or other states for three (3) or more years.

N.J.A.C. 13:35-4.1 Endorsement—Diplomate Specialty Boards

The Board shall grant without examination a license to practice medicine and surgery to any person who shall furnish proof that he can fulfill the requirements demanded in N.J.S.A. 45:9-1 et seq. relating to applicants for admission by examination, and furthermore provide with the application satisfactory evidence that he is a physician who has been licensed to practice medicine and surgery in a sister state, and is a diplomate of any of the specialty boards approved by the American Medical Association or the American Osteopathic Association.

N.J.A.C. 13:35-5.1 Endorsement—National Boards of Medical Examiners, Podiatric Examiners and Osteopathic Examiners

The Board shall grant a license to practice medicine and surgery to such person who shall furnish proof that he can fulfill the requirements demanded in N.J.S.A. 45:9-1 et seq. relating to applicants for admission by examination, and furthermore provide with the application certification of either the National Board of Medical Examiners or Osteopathic Examiners in accordance with N.J.S.A. 45:9-13 certifying that the applicant has attained a passing score in said examination.

The Board shall grant a license to practice podiatry to such person who shall furnish proof that he can fulfill the

requirements demanded in N.J.S.A. 45:5-1 et seq. relating to applicants for admission by examination, and furthermore provide with the application certification of the National Board of Podiatric Examiners, in accordance with N.J.S.A. 45:5-7, certifying that the applicant has attained a passing score in said examination.

Interested persons may present statements or arguments in writing, orally in person or by telephone, relevant to the proposed action on or before April 30, 1972, to:

STATE

DIVISION OF ADMINISTRATIVE PROCEDURE

Rule Concerning Changes Between Proposed and Adopted Rules

On March 21, 1972, Albert E. Bonacci, Director of the Division of Administrative Procedure in the Department of State, pursuant to authority of N.J.S.A. 52:14B-7(g) and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted a rule requiring an agency to supply this Division with a separate sum-

mary of changes when an agency adopts a rule or rule change that differs from the one originally proposed.

Full text of the adopted rule follows:

15:15-4.22 Summary of changes between proposed and adopted rules or rule changes

(a) Whenever an agency adopts a rule or rule change which is not exactly the same as the rule or rule change that was originally proposed, the agency shall, in addition to providing two copies of the finally adopted rule in regular text form, submit a summary of those changes on a separate sheet of paper when submitting that rule or rule change for adoption to this Division.

(b) Such a statement should specifically outline the area or areas affected by such changes and should reflect the N.J.A.C. citation involved and be in such a format as to make it suitable for publication with the Notice of Adoption in the New Jersey Register.

(c) If only inconsequential structural or language changes are involved, the agency can indicate, on the separate sheet, only the sentence or sentences changed, utilizing brackets to indicate deletions or underlineation to indicate additions to the proposed rule.

For example: "N.J.A.C. 15:15-4.14(b). Any person shall, upon [written or oral inquiry] request, be afforded opportunity to examine any document so maintained" on the separate sheet would indicate that this Division originally proposed that the wording "written or oral inquiry" would be included in this rule but is now adopting the rule with the new wording of "request" inserted therein.

(d) If substantive changes or extensive language changes are involved, a summary of those changes may be substituted for a lengthy listing of each specific word change. However, a listing of all of the N.J.A.C. citations involved in such changes should be reflected.

For example: If this Division had initially proposed that its documents, notices and files would only be accessible to State employees but adopts its rules with a change making all such materials available to all persons, the accompanying statement should indicate the substantive change made which now allows all persons, not just State employees, accessibility to the materials. The statement should also reflect all of the N.J.A.C. citations that are involved in this change, such as 15:15-4.14(b), 15:15-4.15 and so forth.

(e) If the adopted rule is the same as that which was proposed, the agency does not have to submit this additional statement when filing the adopted rule.

An order adopting this rule was filed and effective March 21, 1972, as R.1972 d.61 (Exempt, Procedure Rule).

TREASURY

STATE LOTTERY COMMISSION

Revisions to Rules Concerning Determination of Lottery Prizes

On March 14, 1972, Ralph F. Batch, Executive Director of the New Jersey State Lottery Commission in the Depart-

ment of the Treasury, pursuant to authority of N.J.S.A. 5:9-7 and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted revisions to the rules concerning the determination of lottery prizes. Such rules are to be included in Subtitle F of Title 17 of the New Jersey Administrative Code.

Full text of the revisions follows (additions indicated in boldface thus; deletions indicated in brackets [thus]):

Sub-Chapter 3 DETERMINATION OF PRIZES

17:20-3.1 Determination of winners

(a) For each weekly lottery pool of one million tickets sold, there shall be awarded one thousand cash prizes and [nine] eighteen thousand prizes entitling the winners thereof to participate in the Millionaire Lottery, as fully described herein.

(b) Determination of First Prize Winners. The Racing Program Number of the winning horse, as described herein, shall be used to determine a winner of a first prize in the following manner:

1. Ten six-digit numbers shall be selected and each shall be assigned a number from one to ten in the order selected.

2. The certified results of a horse race shall then be drawn and the program position of the winning horse of said race shall be used to determine which of the ten six-digit numbers shall be the winner and shall be entitled to first prize.

For example: If the program position of the winning horse of the race drawn is number "4", this signifies that the fourth six-digit number already selected constitutes the winning number and is entitled to the first prize.

(c) Determination of Second Prize Winners. The six-digit number entitled to first prize in the manner indicated in sub-paragraph "A" hereof shall be used to determine nine second winners. The digit at the extreme left of the six-digit winning number referred to in sub-paragraph "A" above shall be eliminated and all holders of tickets bearing the remaining 5 digits in the order in which they appear in the winning number, referred to in sub-paragraph "A" above, shall constitute and be the winners of the second prizes.

(d) Determination of Third Prize Winners. The Six-digit number entitled to first prize in the manner indicated in sub-paragraph "A" hereof shall be used to determine 90 third-prize winners. The first and second digits at the extreme left of the six-digit winning number referred to in sub-paragraph "A" above shall be eliminated and all holders of tickets bearing the remaining four digits in the order in which they appear in the winning number, referred to in sub-paragraph "A" above, shall constitute and be the winners of the third prizes.

(e) Determination of Fourth Prize Winners. The six-digit number entitled to first prize in the manner indicated in sub-paragraph "A" hereof shall be used to determine 900 fourth-prize winners. The first, second, and third digits at the extreme left of the six-digit winning number referred to in sub-paragraph "A" above shall be eliminated and all holders of tickets bearing the remaining three digits in the order in which they appear in the winning number, referred to in sub-paragraph "A" above, shall constitute and be the winners of the fourth prizes.

(f) Determination of Fifth Prize Winners. The six-digit number entitled to first prize in the manner indicated in sub-paragraph "A" hereof shall be used to determine [9,000] 18,000 fifth-prize winners. The [first,] [second,] third and fourth digits [at the extreme left] of the six-digit winning number referred to in sub-paragraph "A" above shall be eliminated and all holders of tickets bearing the [remaining two] first and second and/or fifth and sixth digits

in the order in which they appear in the winning number, referred to in sub-paragraph "A" above, shall constitute and be the winners of the fifth prizes. The first two digits shall be treated separately for the determination of fifth-prize winners so that one ticket may qualify for more than one prize.

(g) The winner of a prize shall be entitled only to the award of the largest prize for which he is eligible, as evidenced by his winning number. He shall be eliminated from lesser awards in the same drawing.

17:20-3.2 Number and Amount of Prizes

(a) For each lottery pool of one million tickets sold, the following prizes shall be awarded to the owners of the winning tickets as herein determined:

Prize No.	Amount	No. of Prizes	Total
1st	\$50,000	1	\$50,000
2nd	4,000	9	36,000
3rd	400	90	36,000
4th	40	900	36,000
5th	—	[9,000] 18,000	—

(The [9,000] 18,000 fifth-prize winners will automatically be entered in the Millionaire Lottery.)

(b) The difference between the total amount of money available for awarding as cash prizes and 45 per cent of the total revenues generated from the sale of lottery tickets in each lottery pool may be allocated to a fund for appropriation to the prize pool of past or future weekly lotteries, the next ensuing millionaire lottery, or as otherwise directed by the Lottery Commission.

An order adopting these revisions was filed and effective March 14, 1972 as R.1972 d.56 (Exempt, Practice Rule).

NEW JERSEY TURNPIKE AUTHORITY

Proposed Revisions in Rules on Limitations in Use of the Turnpike

The New Jersey Turnpike Authority, pursuant to authority of N.J.S.A. 27:23-29, proposes to revise a portion of its rules concerning limitations on the use of the Turnpike regarding vehicles. The Authority proposes to delete N.J.A.C. 19:9-1.9(a)12.vi. which concerns tandem trailer combination and double-saddle mounts and replace it with a new subparagraph vi. as indicated below in boldface thus.

Full text of the proposed paragraph 12 follows:

19:9-1.9(a)12. Vehicles or combinations of vehicles including any load thereon exceeding the following extreme overall dimensions:

- i. Height—13 feet, 6 inches
- ii. Width—8 feet
- iii. Length—55 feet
- iv. No private utility, house-type semitrailer or trailer with a maximum length for a single vehicle of more than 35 feet, a maximum length for a semitrailer and its towing vehicle of more than 45 feet, and a maximum length for a trailer and its towing vehicle of more than 50 feet shall be operated on the Turnpike.
- v. No commercial motor vehicle drawing or having attached thereto any other such vehicle shall be operated on the Turnpike in excess of a total overall length, inclusive of load, of 55 feet.
- vi. Notwithstanding the above limitations, a combination of vehicles designed, built and used to transport other motor vehicles may carry a load which exceeds the 55 feet overall length, provided, however, the total load overhang shall be limited to five feet and may not exceed three feet at either the front or rear and that the overhang shall be above the height of the average passenger car.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before April 26, 1972, to:

Mrs. Lillian M. Schwartz
Secretary, New Jersey Turnpike Authority
Post Office Box 1121

NEW JERSEY TURNPIKE AUTHORITY

Proposed Changes In Rules On Transportation of Explosives

The New Jersey Turnpike Authority, pursuant to authority of N.J.S.A. 27:23-29, proposes to change a portion

of its rules concerning the transportation of explosives and other dangerous articles. The essence of these changes are that the reference 49CFR72 is now to become 49CFR 172, and 49CFR71 to 78 is now to become 49CFR171 to 178.

Full text of the revised rule follows (additions indicated in boldface thus):

19:9-1.15 Transportation of explosives and other dangerous articles

(a) The transportation or shipment of explosives and other dangerous articles, except radioactive materials, as defined in part 172 of the regulations of the Department of Transportation (49CFR172) as amended January 1, 1971 shall be subject and made in accordance with the requirements of parts 171 to 178 inclusive of the regulations of the Department of Transportation (49CFR171 to 178) as amended January 1, 1971 governing the preparation of the articles for transportation, construction of containers, packing, weight, marking, labeling, billing and certification of such articles, and part 197 (49CFR197) of the regulations of the Department of Transportation as amended February 1, 1966.

(b) The transportation or shipment of radioactive materials as defined in part 172 of the regulations of the Department of Transportation (49CFR172) as amended January 1, 1971 shall be subject to the prior written approval of the New Jersey Turnpike Authority. All applications for such approval shall be made in writing addressed to the Traffic Engineer of the Authority and shall provide to the satisfaction of the Authority that the shipment will comply in all respects with the provisions of parts 171 to 178 inclusive of the regulations of the Department of Transportation (49CFR171 to 178) as amended to January 1, 1971, governing the preparation of the articles for transportation, construction of containers, packing, weight, marking, labeling, billing and certification of such articles, and part 197 of the regulations of the Department of Transportation (49CFR197) as amended to February 1, 1966.

(c) The Authority reserves the right, however, to refuse to grant such approval or to permit entry of any carrier of explosives or other dangerous articles, despite compliance with the aforementioned regulations of the Department or any other pertinent regulation or law, if in its opinion, the transportation or shipment will be likely unreasonably to endanger life or property.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before April 26, 1972, to:

Mrs. Lillian M. Schwartz
Secretary, New Jersey Turnpike Authority
Post Office Box 1121
New Brunswick, New Jersey 08903

The New Jersey Turnpike Authority, upon its own motion or at the instance of any interested party, may thereafter adopt these revisions substantially as proposed without further notice.

Secretary
New Jersey Turnpike Authority

STATE NEWS OF PUBLIC INTEREST

ALL GOVERNMENT DEPARTMENTS HAVE FILED CODES OF ETHICS

Since Jan. 11, 1972, when the new "Conflicts of Interest Law" became effective, each of the major Departments of the State Government has issued codes of ethics to govern their respective employees.

The 18 codes, including the Executive Department and the Department of Defense, have been filed with the Division of Administrative Procedure, as requested by the Executive Commission On Ethical Standards.

A typical code, as adopted by the Department of State, was printed on Page 18 of the December issue of the New Jersey Register.

HEARING SET ON LEAD POISONING CONTROLS, SALES OF LIVE TURTLES

The Public Health Council of the state Department of Health has scheduled a public hearing on two proposed revisions to the State Sanitary Code.

The hearing will be held in the first-floor auditorium of the Health-Agriculture Building, John Fitch Plaza, Trenton, Monday, April 10 beginning at 10 A.M.

One proposed revision is a new regulation to the present Chapter III of the code. It provides that no live turtles shall be sold or distributed in the State after July 1, 1972 unless the seller or distributor shall warrant to the satisfaction of the Department of Health that each shipment of turtles is free from salmonella contamination.

The Commissioner of Health would be authorized to waive this regulation for turtles sold or distributed solely for research or other zoological purposes.

In 1970, there were six cases of salmonellosis in New Jersey which were shown in the laboratory to have been related to turtles. The six confirmed cases were in children from three weeks to five years of age, and most required hospitalization.

The other change is a proposed new chapter establishing standards for the abatement of lead poisoning hazards by local boards of health. The standards deal with investigation of cases of children whose blood tests reveal high lead levels; the determination of lead in dwelling units; methods of determining lead in surface coverings; physical determination of the lead content of paint; standards for repair of premises found to have lead paint; and reporting of violations and enforcement procedures to the Commissioner of Health.

Copies of the proposed changes have been sent to local boards of health, and announcement of the hearing was in the New Jersey Register and advertised in a newspaper in each county. They may be seen in the offices of local boards of health.

Members of the Public Health Council are non-salaried and are appointed by the Governor with the advice and consent of the Senate.

Chairman of the Council is Dr. Harry J. Robinson, Short Hills; vice chairman is William S. Little; and secretary is Michael S. Kachorsky, Manville. Other members are John J. Cane, D.D.S., Phillipsburg; James A. Corea, Haddonfield; Dr. Harry W. Mickey, South Orange; and Mrs. J. Duncan Pitney, Mendham.

27 ADDITIONAL JUDGES ACROSS STATE PROVIDED BY NEW LAW

Governor William T. Cahill on March 2, 1972 signed five bills authorizing 27 additional judges, including 18 Superior Court and five County Court judges, in an effort to speed a backlog of cases hampering the State's judicial system.

The Governor stated that "It is imperative that litigants in both civil and criminal cases obtain prompt adjudication of their cases. These new positions will assist in the more rapid disposal of litigated matters."

In addition, he signed another bill switching appeals from decisions of judges of compensation from County Court jurisdiction to the Appellate Division of Superior Court.

Most significant was Assembly Bill 734 (1971), sponsored by former Assemblyman Peter W. Thomas (R., Morris), which increases the number of Superior Court judges from 78 to 96. It also provides an additional six judges upon certification by the State Chief Justice of a need relating to Meadowland title disputes.

Senate Bill 689, sponsored by Senator Wayne Dumont (R., Warren), provides for two County Court judges each in Hunterdon, Sussex and Warren Counties. In addition, the bill abolishes the separate district court judgeships in Warren and Sussex Counties and establishes a bi-partisan judiciary in the three counties.

Senate Bill 804, sponsored by Senator Michael A. Giuliano (D., Essex), increases from four to six the number of Juvenile and Domestic Relations Court judges in Essex County to handle increasing caseloads, and Senate Bill 2196, sponsored by Senator Frank McDermott (R., Union), for two additional judges in the Juvenile and Domestic Relations Courts in Union County.

Assembly Bill 664, sponsored by former Assemblyman James Cafiero (R., Cape May), increases County Court judges in Cumberland from two to four.

The Governor also signed Senate Bill 443, sponsored by Senator Wayne Dumont (R., Warren), which implements a recommendation of the Workmen's Compensation Law Study Commission to provide that appeals from decisions of compensation would be made directly to the Appellate Division rather than first going through the County Court system.

This would relieve the County Court of having to try the same case which has already been handled at a workmen's compensation level and should expedite the appeal and final decision on compensation cases.

NEW LAW AIMED AT STIMULATING CONSTRUCTION OF NEW HOMES

Gov. William T. Cahill last month signed into law Assembly Bill 2335 (1971), sponsored by Assemblyman James R. White (R., District 14A), which is designed to stimulate home construction.

The bill provides that participants in Federal or State subsidy programs may borrow in excess of 90 per cent of the fair market value of property.

"This legislation will enable young couples with a reasonable income but with little equity to enter the housing market. At the same time, it is anticipated that this program will stimulate construction of low and moderate income housing," the Governor said.

Presently the Mortgage Guaranty Insurance Act permits mortgage-secured loans only up to 90 per cent of the value of the property. Under the new legislation, it will be necessary for the borrower to pay a premium for mortgage guarantee insurance for the top 20 per cent of the loan. The program is similar to the Veterans Administration

and Federal Housing Administration insurance programs.

In addition, the Governor has signed into law:

Senate Bill 2159, sponsored by Senator Frank X. McDermott (R., Union), which provides for the payment of accumulated pay to permanent members of a municipal paid police or fire department upon retirement or to their estate upon their death occurring on or after the effective date of the Act.

Senate Bill 2241, sponsored by Senator Joseph C. Woodcock, Jr., (R., Bergen), which permits any county having a population of less than 925,000 in 1970 to provide assistance for hospitalization and medical care of the poor.

Assembly Bill 2338, sponsored by Assemblyman William J. Dorgan (R., Bergen), which provides that no section of the "Solid Waste Management Act" (P.L.1970, c. 39) shall affect the powers of local boards of health in relation to health and environmental protection aspects of solid waste collection or solid waste disposal; and establishes a fee of not less than \$10 nor more than \$500 to be charged for any services it renders under P.L.1970, c. 39.

COMMUNITY AFFAIRS SEEKS CHECK ON LOCAL REACTION TO AID PROGRAMS

Community Affairs Commissioner Lawrence F. Kramer has started a major effort to gauge the effectiveness of the Department's local assistance programs, through a series of nine information conferences across the State.

The meetings began March 23 for Monmouth-Ocean County area officials and will run through June 2. They have two major aims: to familiarize local officials with services available from the Department and to determine whether the assistance programs are worthwhile and relevant.

"Upon taking office last October, I indicated my desire to move this Department from the study to the action stage in attempting to solve the critical problems affecting all communities—large as well as small, urban as well as suburban and rural," Kramer explained.

"The key to realizing that pledge lies first in measuring the quality and scope of our current programs and services as judged not by the State, but by those who have used them—the mayors, local governing body members, freeholders, antipoverty program and model city directors and other local officials."

"We place enormous significance on this series because the information gained through vigorous give-and-take discussions and workshop sessions will play a guiding role in our efforts to make the Department of Community Affairs a truly mobile and responsive agency," Kramer said.

"The emphasis will be on informal dialogues — not speechmaking or lecturing from on high," Kramer added.

"We will be going to listen as much as to inform — to determine whether our existing services have been reaching their marks and, if not, how they can be modified or even eliminated, and what new approaches ought to be developed."

Kramer said he plans to attend and open each of the nine sessions in order to "gain a first-hand understanding of the views and needs of local officials."

Following the first meeting for Monmouth-Ocean County officials, others will cover Atlantic-Cape May-Cumberland-Salem, Hunterdon-Sussex-Warren; Burlington-Camden-Gloucester; Mercer-Somerset; Essex; Union-Middlesex; Morris-Passaic; and Bergen-Hudson.

The conferences feature brief presentations from directors of local government services, housing and urban renewal and human resources—emphasizing the state assistance programs now available.

STATE EXPANDS ADVISORY AID FOR LOCAL CAPITAL BOND ISSUES

A "revitalized and expanded" advisory service to help local governments with their long-term debt obligations has been pledged by the state Department of Community Affairs.

The announcement was made by Assistant Commissioner Eugene F. Deutsch, who revealed that the Department has appointed Archibald Matteson, formerly a bond consultant with Bartle Wells of San Francisco, to direct the debt management program of the Division of Local Government Services.

Matteson has more than 20 years of experience in government bond financing and has assisted municipalities, utilities and state governments in selling more than \$150 million of bonds.

Under the debt management program, staff members will advise communities of ways to improve the marketability and credit ratings of their bonds, and also serve as a liaison between the municipality and underwriting agencies in determining the most economical financing arrangements.

Through these services, localities have already saved more than \$4.5 million in bond financing and interest costs since the program began in 1968, Deutsch reported.

The appointment of Matteson "will allow us to begin a new phase of our debt management program by offering counseling to any municipality as soon as it begins to think of a debt program, instead of waiting until the locality is ready to issue bonds," he said.

Local officials interested in the debt management program can contact the Department's Bureau of Local Management Services, P.O. Box 2768, Trenton, N.J. 08625. Telephone number is (609) 292-6110.

STATE SELLS \$75 MILLION BONDS AT 4.8 RATE, McCRANE ANNOUNCES

General obligation bonds totaling \$75 million were sold Feb. 23, 1972 by the State of New Jersey at 4.7956 per cent interest to a group headed by the First National City Bank, Chase Manhattan Bank, Lehman Bros., Halsey Stuart & Co., Merrill, Lynch, Pierce, Fenner & Smith, First Boston Corporation, and the Bank of America, according to State Treasurer Joseph M. McCrane.

The sale included \$45 million State Transportation bonds and \$20 million Public Building Construction bonds from the \$990 million authorized by New Jersey voters in November 1968, plus \$10 million in Water Conservation bonds from the \$271 million authorized in 1969.

The 25-year serial bonds will mature commencing in 1976 with final maturity in 1997.

Two other bids were from Salomon Brothers and Associates at 4.7963 per cent, and from a group managed by Bankers Trust Co. and the First National State Bank of Newark at 4.7998 per cent.

GRANT APPROVED TO HELP KEEP STATE OPERA THEATRE ALIVE

The State aided the effort to keep opera alive in New Jersey when Gov. William T. Cahill last month signed a bill appropriating \$50,000 to the Opera Theatre of New Jersey.

The Opera Theatre, which has been fighting rising costs while attempting to keep prices within reasonable limits, has turned to the Federal, State, county and city governments for help. The Governor noted that during the last three seasons the Theatre has subsidized children's performances to the extent of \$60,000.

STATE NEWS OF PUBLIC INTEREST

SCHAUB NAMED ACTING DIRECTOR OF DEPARTMENT OF BANKING

Governor William T. Cahill on March 1, 1972 announced the appointment of Richard F. Schaub as Acting Commissioner of the Department of Banking. He replaces Commissioner James C. Brady who recently resigned.

Schaub, of Hillsborough, had been Deputy Commissioner of the Department of Banking for the past 18 months. He has been active in banking for 12 years and served as vice president of Franklin State Bank and vice president of First National Bank of Central Jersey.

He is a graduate of Rutgers University and attended Stonier Graduate School of Banking.

VETERAN JERSEY NEWSMAN JOINS CHANNEL 52 STAFF

Appointment of Philip S. Painter of Hightstown to the New Jersey News Report staff was announced by Channel 52 News Director John Kippycash.

Painter comes to Channel 52 from radio station WHWH in Princeton where he had served as news director. He is a veteran New Jersey TV and radio newsman. Painter is a graduate of Nutley High School and Seton Hall University.

CHANNEL 52 HAS FIRST ANNIVERSARY, THREE MORE CHANNELS BY YEAR-END

Channel 52, the State's first public and educational television station, is one year old this week.

Encouraged by favorable response from viewers in the 40-mile area serviced by WNJT-TV 52 in Trenton, New Jersey Public Broadcasting Authority officials are anxiously awaiting the day when the network will be Statewide.

In spite of construction delays, it is hoped to have the State's second station, WNJS-TV Channel 23 in Camden County, on the air by Labor Day to serve all of South Jersey. The other two stations, WNJB Channel 58 in New Brunswick and WNJM Channel 50 in Montclair, are expected to be operating by the end of the year.

When all four stations are in operation, the Jerseyvision network signals will cover 97 per cent of the State, and cable television systems are required by law to carry the local state public station.

The four NJPBA stations will not be attempting to compete with neighboring commercial stations. It is the goal of the Authority to fill the void that now exists in New Jersey programs, consisting of detailed state news reports, sports, state cultural and entertainment activities and state events of public interest.

By scheduling The New Jersey News Report at 7:30 each night, it is hoped that viewers will switch from the Cronkites, Brinkleys and Reasoners to State news after the world news reports have ended.

"For too long, people in New Jersey have not had in depth coverage of the news. Most New Jerseyans know more about the Philadelphia school board and what Mayor Lindsey's doing than they do about what's happening in the N.J. Legislature in Trenton," says Executive Director Dr. Lawrence T. Frymire.

"Statewide activities of interest such as school and college sports, hearings and outstanding cultural events now can be seen by New Jersey people."

The Authority was established and funded by the 1968 New Jersey bond issue. Its annual operational costs are financed by State appropriations and grants from private concerns.

SUGGESTION AWARDS UP LAST YEAR; TOP WINNER OF \$1,600 IS HONORED

Dollar awards under the State Employees' Suggestion Program last year were 12 per cent higher than in 1970, the Civil Service Commission reports.

President James A. Alloway said that \$8,616 was paid last year for 116 separate suggestions. Annual savings to the State are estimated at ten times the amount of the awards.

The 116 ideas adopted were only seven more than in 1970, but interest in the program was indicated by a 25 per cent jump in the number of suggestions submitted, up to 1,055.

The year's highest award of \$1,600 went to Leon E. Hendrickson, assistant supervisor of vaults and microfilm in the State Judiciary, for his improved method involving a conversion kit used in microfilming proceedings in the Superior Court.

As a result, Hendrickson was recently awarded a plaque from the New Jersey Taxpayers Association as "Suggester of the Year" for the suggestion "having the greatest potential for improving the service and decreasing the cost of government."

The annual award was presented at a dinner at Princeton's Nassau Inn, with President Alloway as the principal speaker.

Hendrickson is a 24-year State employee and lives at 1018 Terrace Boulevard, Trenton with his wife Mary and their four children. He is a Navy veteran of World War II, member of the Colonial Sportsman's Club and active in the Boy Scouts and church work.

In the first award list for 1972, 15 winners won a total of \$715.

Raymond A. Arcari, a Treasury accountant 3, received \$180 for an idea eliminating prepaid postage on return-address envelopes. Arcari lives at 320 Glenside Ave., Morrisville, Pa.

Other awards in the Treasury Department at \$50 each went to Shyrl D. Brown, 45 West Ingham Ave., Trenton, a key punch operator, for changing a letter into a form for more efficient and economical service, and to Elison R. Gordon, Jr., Trenton, examiner, who suggested a permanent central file for insurance tax billings.

In Labor and Industry, Anne M. Hills, 8 Mattatuck Lane, Trenton, a secretarial assistant, earned \$105 for her thought that steno pool personnel be assigned to the mail room during peak periods instead of hiring new people.

Three other Labor and Industry employees who won \$50 each were: Mrs. Virginia Dombrowski, senior clerk, 10 Cedar Ave., Bordentown, who suggested revising certain procedures in processing forms; Cheryll Dreveskracht, community service worker, 351 Broad St., Newark, for the design of a new form to systematically gather information; and Victor F. Stoeckler, employment counselor, 711 28th St., Union City, for revision of a form to supply more relevant information.

Eight others in the same Department were awarded from \$35 to \$20 for their ideas.

Of the 15 on the current award list, the Civil Service Commission notes that seven including top-winner Arcari were previous award winners.

OFFICIAL CODE NOTICE

**FIRST ADMINISTRATIVE CODE TITLES
ARE TO BE PUBLISHED THIS MONTH**

The initial five volumes of the New Jersey Administrative Code—the first comprehensive and official compilation of rules of all State Government agencies—will go in the mail to subscribers this month.

Within another month an additional three volumes will cover rules of 11 of the 17 State Departments, and within five months the entire Code should be in print, according to Albert E. Bonacci, Director of the Division of Administrative Procedure in the Department of State.

More than 9,000 volumes have already been ordered, with over 80 per cent of subscribers taking the full set of 23 volumes.

This month's publication covers taxation rules of the Treasury Department, with Treasury's other rules in another volume, plus the Departments of Agriculture, Banking, Civil Service, Transportation, and a reserved section for the Governor's office.

Next month will see distribution of rules of Community Affairs, Education, Public Utilities, and the Department of State.

“Along with the New Jersey Register, published monthly since 1969 to provide advance public notice of proposed new rules, the Administrative Code is the second major step in this Division's function to encourage public knowl-

edge of, and participation in, the State's rule-making process,” Bonacci said.

The full set of 23 volumes is available at \$50 initially along with a mandatory three-year updating contract at \$100 a year. For individual Departments, rules are priced at \$5 per volume and three-year updating at \$10 per volume per year.

Billings for the updating service will be made later as each Department's newly adopted rules are published, Bonacci said.

Each Department has been assigned an official title number for the Code, with Treasury split into two Titles for its general and taxation rules, Bonacci said.

Five of the 17 Departments have such a volume of rules that they require more than one volume.

Title numbers and multiple volumes follow: 1. Chief Executive, 2. Agriculture, 3. Banking, 4. Civil Service, 5. Community Affairs, 6. Education, 7. Environmental Protection (two volumes), 8. Health, 9. Higher Education, 10. Institutions and Agencies (three volumes), 11. Insurance, 12. Labor and Industry (five volumes), 13. Law and Public Safety (two volumes), 14. Public Utilities, 15. State, 16. Transportation, 17. Treasury-General, 18. Treasury-Taxation (two volumes) and 19. Other Agencies, including inter-state.

Once all Titles are printed, an Index volume for the entire Code will be provided, supplementing the more detailed indexes for each Title.
