Selected Subscription Databases

**Academic Search Complete (EBSCOhost)**
Supports scholarly research in key areas of academic study, providing nearly 9,100 full text periodicals, over 7,900 peer-reviewed journals, as well as reports and books. Subjects include anthropology, engineering, law, science and technology, social sciences, humanities, medical sciences, ethnic studies and much more.

**Alt-HealthWatch (EBSCOhost)**
Full text articles from over 170 peer-reviewed and professional journals and consumer newsletters, focusing on complementary, holistic and integrated approaches to health care and wellness.

**CINAHL Complete (EBSCOhost)**
One of the world’s most comprehensive sources of full text for nursing & allied health journals, providing indexing for more than 5,400 journals and full text for over 1,300 journals. It also includes evidence-based care sheets, continuing education modules, research instrument records and quick lessons with overviews of diseases and conditions. CINAHL Complete is a definitive research tool for all areas of nursing and allied health literature.

**eBooks on EBSCOhost**
The State Library’s collection contains over 15,000 full text, searchable electronic books. Most titles may be downloaded to your computer or ereaders compatible with Adobe Digital Editions. Apple and Android devices are supported.

**Gale Virtual Reference Library (Gale)**
A collection of over 95 reference books covering business, education, the environment, history, medicine, religion, science and social science. The titles can be searched individually or all at once.

**Health Source: Nursing/Academic Edition (EBSCOhost)**
Full text for over 520 scholarly journals focusing on medical disciplines, and abstracts for over 560 journals.
Online Health Resources of the New Jersey State Library

**Health Source: Consumer (EBSCOhost)**
Provides searchable full text for over 80 consumer health magazines, as well as for current, health-related pamphlets and more than 130 health reference books. It also contains more than 5,100 Clinical Reference Systems reports (in English and Spanish) and Lexi-PAL Drug Guide, which covers 1,300 generic drug patient education sheets with more than 4,700 brand names.

**MEDLINE Complete (EBSCOhost)**
Provides authoritative medical information for the health professional on medicine, nursing, dentistry, veterinary medicine, behavioral sciences, bioengineering, the health care system, pre-clinical sciences, and much more. It includes citations from over 5,400 current biomedical journals and is the most comprehensive source of full text for medical journals, providing full text for over 2,100 journals indexed in MEDLINE. With coverage dating back to 1857 and full text back to 1865, MEDLINE Complete is a definitive research tool for medical literature.

**PubMed** – Provides free access to MEDLINE from the National Library of Medicine. Currently contains over 23 million citations. Automatically maps search terms to Medical Subject Headings (MeSH).

**OVID Nursing Full Text Plus (OVID)**
Includes 45 premier full text journals from Lippincott Williams & Wilkins (LWW) as well as citations and abstracts from the Nursing subset of MEDLINE which covers approximately 276 nursing journals.

**PsycArticles (EBSCOhost)**
A definitive source of full text, peer-reviewed articles from more than 100 scholarly and professional journals in psychology. It covers all subject areas relevant to psychological science including basic/experimental psychology, clinical psychology, developmental psychology, education and school psychology, health psychology, industrial/organizational psychology, social psychology and social processes. Coverage spans 1894 to the present.

**PsycINFO (EBSCOhost)**
Produced by the American Psychological Association, the database is the preeminent source for the literature of psychology. Indexing and abstracting is provided for literature published in over 45 countries and in more than 30 languages. Publications include journal articles, dissertations, books, book chapters, reports and other document types. Coverage: 1887 to present.
