

Securing today
and tomorrow

Create Your *my* Social Security Account Today

If you do not receive benefits, you can:

- Request a replacement Social Security card (in some states and the District of Columbia)
- Check on the status of your application or appeal
- Get your *Social Security Statement* to verify your earnings record and get estimates of future retirement, disability, and survivors benefits
- Print or download a benefit verification letter stating that you have never received Social Security benefits, Supplemental Security Income (SSI), or Medicare

**Have an activation code?
Finish setting up your account online**

If you receive benefits or have Medicare, you can:

- Request a replacement Social Security card (in some states and the District of Columbia)
- Report wages if you work and receive Disability Insurance benefits
- Print or download a benefit verification letter
- Check your benefit and payment information and your earnings record
- Change your address and phone number
- Start or change direct deposit of your benefit payment
- Request a replacement Medicare card
- Get a replacement SSA-1099/1042S for tax season
