New Jersey College and University Profiles

Explore Your Career Options in the Degree Directory
Dear Student:

I am excited that you have chosen to further your education. New Jersey has a long history as a place where jobs of the future are created, and there is a place for you here. As Governor, I encourage you to explore all degree options available in New Jersey. One of my top priorities is to ensure that all those who aspire to earn a college degree have equal access to a quality education right here in our state.

As you consider how to pay for your education, you should know that New Jersey is one of the top states in the country in making financial aid dollars available to assist students. Many residents are eligible for free tuition during two years of enrollment at one of New Jersey’s 18 community colleges, thanks to our Community College Opportunity Grant that is helping tens of thousands of students earn an Associate’s degree without paying tuition or fees. Building on those first two years of support, starting in Fall 2022 the Garden State Guarantee will provide students a third and fourth year of free tuition at one of our state’s public four-year colleges and universities. Together, these two programs make up New Jersey’s College Promise, offering students an affordable pathway to a Bachelor’s degree.

I am proud that New Jersey’s colleges and universities continue to lead the nation in educational excellence. The New Jersey Higher Education Student Assistance Authority is here to help make postsecondary education more affordable for you and your family. Please remember that making an investment in education now will have a lasting, positive impact for you, your family, and New Jersey.

My very best,

Philip D. Murphy
Governor
The college profile information for the 2021-22 academic year was reported by each institution and is subject to change. HESAA cannot assure the accuracy of information reported by the institutions. For current information, readers are encouraged to contact the institutions directly. Information regarding programs of study at New Jersey institutions was supplied by the Office of the Secretary of Higher Education of the State of New Jersey.

Going to College in New Jersey is a publication of the New Jersey Higher Education Student Assistance Authority (HESAA), the administrator of New Jersey’s student financial aid programs for postsecondary education. HESAA’s mission is to provide students and families with the financial and informational resources for students to pursue their education beyond high school.

TO ORDER ADDITIONAL COPIES OF GOING TO COLLEGE IN NEW JERSEY CONTACT HESAA AT 609-584-4480 OR WWW.HESAA.ORG
Dear Student:

New Jersey is ranked #1 for Pre-K-to-12 education excellence and recently ranked #1 as the best state in which to live. As you prepare for life after high school, you will be part of another proud New Jersey distinction, as the Garden State is a national leader in graduating high school students, with more than 70% of these graduates going on to pursue postsecondary education.

To support our state’s college-bound students, New Jersey offers the most dollars in need-based grant aid per student of any state in the country. This financial assistance provides significant support for students to reach their dreams of a college education, and is a crucial investment in our state’s future citizenry and workforce.

Governor Phil Murphy has expanded financial support for our state’s college students by improving access and affordability of postsecondary education through major initiatives to build a stronger and fairer economy for all New Jersey residents. The Community College Opportunity Grant provides two years of tuition-free community college, and the Garden State Guarantee will offer free tuition in the third and fourth years of study at a public four-year college or university beginning in Fall 2022.

As you explore your postsecondary options, consider the benefits of attending college at any one of the institutions highlighted in this resource guide. New Jersey has more than 50 degree-granting institutions with unique qualities and course offerings to suit your needs. By attending an in-state college or university, you can save money while earning a high-quality education.

New Jersey’s Higher Education Student Assistance Authority (HESAA) is here to help you in your college search with financial aid products and services such as need-based grants and merit scholarship programs, the NJBEST College Savings Plan, the NJCLASS supplemental family loan program, and financial literacy counseling. Since 1959, HESAA has assisted approximately five million students with more than $18 billion in funds to make college more affordable.

I hope this publication furthers your interest in one of New Jersey’s outstanding postsecondary institutions. Your college experience will greatly enhance your personal and professional growth and open doors to amazing opportunities. The promise of a better future awaits you.

Best wishes,

David J. Socolow
Executive Director
New Jersey Higher Education Student Assistance Authority

In New Jersey, students have access to a variety of postsecondary institutions, including two-year community colleges, four-year colleges and universities, and career schools. These institutions provide highly diversified programs of study to meet the individual needs of students as they prepare for future careers.

TWO-YEAR COLLEGES

Two-year colleges offer students the opportunity to earn an associate degree, including the Associate in Arts, the Associate in Science and the Associate in Applied Science. Your education at a two-year school can provide you with specialized training that can be immediately applied to a job following graduation. It can also prepare you for transfer to a four-year institution where you can complete your bachelor’s degree.

New Jersey’s county and community colleges primarily serve the residents of their respective county. In most instances, students enroll in the institution that serves their county. However, if you live in a county without a community college, or if your college doesn’t offer the program you want, you can attend one of the other community colleges.

FOUR-YEAR COLLEGES & UNIVERSITIES

New Jersey’s four-year colleges and universities grant a bachelor’s degree, which is also called a baccalaureate. A few offer an associate, and most have graduate degree programs. Four-year colleges and universities generally offer a broad curriculum, unless the school specializes in a certain area of study, such as music.

Graduates typically receive a Bachelor of Arts or Bachelor of Science degree. Some New Jersey colleges offer degrees with specialized titles such as a Bachelor of Science in Engineering or a Bachelor of Fine Arts.

TRANSFERRING FROM A TWO-YEAR SCHOOL

The New Jersey Presidents’ Council approved the Comprehensive State-Wide Transfer Agreement. Under the provisions of this agreement, an Associate of Arts (AA) or Associate of Science (AS) degree from a New Jersey community college will be fully transferable as the first two years of a baccalaureate degree program and will be considered to have completed all lower division general education requirements. For additional information visit njtransfer.org, a joint initiative between the New Jersey Office of the Secretary of Higher Education and the New Jersey Presidents’ Council.

CAREER SCHOOLS

Career schools train students for a specific vocation. Programs of study are usually, but not always, shorter in duration than traditional colleges — ranging from six months to one year. Programs range from automotive repair to culinary arts, from electronics to paralegal, from gaming and design to health care. Career schools can also serve as a stepping stone to entry into a two-year or four-year degree program.
TUITION-FREE COMMUNITY COLLEGE

Governor Murphy Signs Landmark Legislation to Permanently Establish the Community College Opportunity Grant

“For far too long, higher education has been out of reach for countless New Jerseyans due to its high cost,” said Governor Murphy. “This bill signing underscores our continued commitment to college affordability, ensuring that our young people and working adults have the opportunity to earn post-secondary degrees and advance their promising careers.”

Governor Phil Murphy on February 26, 2021

How and When to Apply for the Community College Opportunity Grant

New Jersey’s Community College Opportunity Grant (CCOG), which is administered by the Higher Education Student Assistance Authority (HESAA), provides last-dollar grants to eligible county college students for those tuition costs and fees not already covered by any other State, federal, and institutional need-based grants and merit scholarships. Students with adjusted gross incomes of $65,000 or less are eligible to receive this financial grant for a total of five (5) semesters.

ELIGIBILITY

Community College Opportunity Grants are available to students who meet the following eligibility requirements:

- Enrolled in at least six (6) credits per semester at any community college during Academic Year 2021-2022
- Does not have a prior college degree
- Completed a Free Application for Federal Student Aid (FAFSA) or the New Jersey Alternative Financial Aid Application according to agency deadlines at www.njgrants.org
- Make satisfactory academic progress
- Have a total household adjusted gross income between $0 - $65,000

DEADLINE

New college students have until September 15 of their first semester to apply for State aid.

APPLICATIONS

Those eligible to complete the Free Application for Federal Student Aid (FAFSA), visit www.fafsa.gov

NJ Dreamers should complete the NJ Alternative Financial Aid Application at https://www.hesaa.org/Pages/NJAlternativeApplication.aspx

FOR MORE INFORMATION

Learn more here:
https://www.hesaa.org/Pages/ccog.aspx
GARDEN STATE GUARANTEE

Earn a Tuition-Free Bachelor’s Degree

Starting in Fall 2022, the Garden State Guarantee will provide two years of free tuition for students’ third and fourth years at one of New Jersey’s 11 public four-year colleges or universities, if the students have household incomes of $65,000 or less. In addition, these public four-year institutions will provide a sliding scale of guaranteed tuition discounts for students in their third and fourth years of enrollment whose household incomes are greater than $65,000. All students will be guaranteed a predictable pricing structure throughout the length of their academic programs.

The Garden State Guarantee will complement New Jersey’s Community College Opportunity Grant. Working together, these two programs offer eligible students a tuition-free four-year pathway to a Bachelor’s degree. An eligible student from a family with adjusted gross income of $65,000 or less could attend a community college for two years without paying a penny in tuition and required fees, and then transfer to a four-year public institution for an additional two years and graduate with a bachelor’s degree completely free of tuition or required fees.

Community College Opportunity Grant Schools

Atlantic Cape Community College
Bergen Community College
Brookdale Community College
Camden County College
County College of Morris
Essex County College
Hudson County Community College
Mercer County Community College
Middlesex College
Ocean County College
Passaic County Community College
Raritan Valley Community College
Rowan College at Burlington County
Rowan College of South Jersey
Salem Community College
Sussex County Community College
Union County College
Warren County Community College

To help boost transparency in the net cost of college, New Jersey now requires each institution to provide a “SHOPPING SHEET” to students. As shown here, students and their families can now compare college costs in an “APPLES-TO-APPLES” format.

This template illustrates both the total cost of college and the “NET COST” which families have to pay (or borrow in student loans) after all other financial aid has been applied.

Depending on your school selection, you will want to be familiar with both the 2-year and 4-year NJ Financial Aid Shopping Sheet formats.

VISIT HESAA online to preview both versions:
hesaa.org/Pages/HESAAPublications.aspx
WHAT DOES EOF PROVIDE? EOF focuses on student success as measured by academic achievement, retention, persistence, graduation, and career preparation. In addition to providing eligible students who are admitted into the program with financial aid support, EOF also provides:

1. College Summer Bridge Program
2. Various forms of student support services (i.e., academic advisement, counseling, tutoring, etc.)
3. The ability to participate in leadership development activities
4. Other educational initiatives that assist students to succeed in their majors, career fields, and prepares them for the changing world.

WHO OFFERS EOF? Most NJ Colleges and Universities offer an EOF campus program. For a comprehensive list of participating institutions, please visit: www.nj.gov/highereducation/EOF/EOF_programs.shtml

HOW DO I APPLY?
1. Students must apply and be accepted to a New Jersey college or university that participates in the Fund.
2. Students must file a FAFSA or NJ Alternative Financial Aid Application (for NJ Dreamers). This information is available through high schools, colleges, or by calling the HESAA Customer Care number at 800-792-8670.
3. Contact the EOF Director - There is an EOF campus director at every institution participating in the Fund. Each college/university has its own specific criteria for EOF admission and program participation. Due to the limited number of available spaces, students should contact the EOF director at the institution they wish to attend for more information. Please visit the following link for a list of participating institutions: www.nj.gov/highereducation/EOF/EOF_programs.shtml

EOF UNDERGRADUATE ELIGIBILITY:
1. Must demonstrate an educationally and economically disadvantaged background
2. Must be a New Jersey resident for 12 consecutive months prior to receiving the award
3. Must apply and be accepted to a participating New Jersey college or university
4. Must meet the academic criteria as set by the institution of choice
5. Must file a Free Application for Federal Student Aid (FAFSA) or the NJ Alternative Financial Aid Application
6. Gross Income and Assets must fall within the EOF Financial Eligibility Scale. For more information regarding financial eligibility, please visit: www.nj.gov/highereducation/EOF/EOF_Eligibility.shtml

The FAFSA is also available online at www.fafsa.ed.gov.

WHAT IS THE EDUCATIONAL OPPORTUNITY FUND (EOF)? The New Jersey Educational Opportunity Fund (EOF) was created by law in 1968 to ensure meaningful supportive access to higher education for New Jersey residents to attend one of the Fund’s participating colleges or universities. It is not a financial aid or an entitlement program. EOF is a campus-based program. Admission into EOF is conducted at the campus level.

EDUCATIONAL OPPORTUNITY FUND

Choosing a College

The process can be exciting, and the choice will greatly impact your future.

Choosing a College is an Exciting Decision.

Since your final choice will greatly impact your future, you should take time to figure out what you expect to learn and gain from your college experience. First, consider yourself.

What Are Your Goals and Interests?

What are your academic strengths and weaknesses? Then consider the school, including its academic characteristics, admissions policy, costs, student aid programs, programs of study, and student body. Determining what you want most and what a college can offer you will help you reach a decision about where to apply.

You can also Narrow Down Your Choices by attending college fairs, visiting college websites, reviewing college planning guides (found in the library and on the web), and taking campus tours. Your high school guidance counselor can advise you on college preparation, planning, and selection. You can also seek personal advice from friends and family.

Reading this edition of Going to College in New Jersey — and the college profiles beginning on page 15 — is a great way to jumpstart your college selection process.
In New Jersey, state financial assistance is provided through grants for needy students, merit-based scholarships for high-achieving students, and state and federal student loan programs. In addition to aid from HESAA, you may receive assistance from federal and institutional aid programs. Grants and scholarships are aid that does not have to be repaid. Student loans must be paid back with interest.

When determining your financial aid options, it is important to work closely with a financial aid counselor at any institution you are interested in attending. Your financial aid counselor will review your eligibility for state, federal, and institutional assistance programs and prepare a financial aid package to help you meet the costs at that school.

TAG

New Jersey’s Tuition Aid Grant (TAG) program is one of the nation’s most generous financial aid programs. Depending on your need and the type of institution you attend, a TAG award can cover up to the full cost of tuition or a portion of that cost. One in every three full-time New Jersey students receives TAG, and awards may be used at nearly all New Jersey postsecondary institutions, including county colleges, state colleges, and eligible private colleges and universities.

To get the best idea of a family’s ability to pay higher education expenses, eligibility for TAG is determined by a review of a number of factors, such as family income and assets, family size, and the number of household members in college.

In New Jersey, aid for exceptionally needy students is also available through Educational Opportunity Fund (EOF) grants.

How to apply. To apply for State aid, you must complete the Free Application for Federal Student Aid (FAFSA) or the NJ Alternative Financial Aid Application if you qualify as an NJ Dreamer (application for those whose immigration status makes them ineligible to complete the FAFSA).

THE COMMUNITY COLLEGE OPPORTUNITY GRANT

For information on the Community College Opportunity Grant see “Free-Tuition Community College” on page 6.

STATE SCHOLARSHIP PROGRAMS

New Jersey’s merit-based scholarships recognize academic excellence while encouraging students to continue their education at in-state colleges and universities. HESAA also administers several special scholarship programs which benefit children of emergency service personnel and law enforcement officers who have been killed in the line of duty.

NJ STARS

The New Jersey Student Tuition Assistance Reward Scholarship (NJ STARS) Program provides New Jersey’s highest achieving students with free tuition at their home county college. New Jersey residents who rank in the top 15.0% of their class at the end of either junior or senior year of high school may be eligible to receive an NJ STARS award for attendance at their home county college. The NJ STARS award covers the cost of tuition, less any state and/or federal grants and scholarships, for up to 18 credit hours per semester. Students identified as potential NJ STARS scholars must achieve the required score on a college placement test to demonstrate readiness for college-level coursework prior to receiving a scholarship. If remediation is required, the student has one year from September 1 following high school graduation to demonstrate college readiness.

NJ STARS II

Successful NJ STARS scholars may be eligible for NJ STARS II, a program that provides funding to pursue a bachelor’s degree to students who earn an associate degree from a county college and attain a cumulative GPA of 3.25 or higher.

STUDENT LOANS

Millions of students nationwide, including those who receive grants and scholarships, borrow student loans to help pay for their education.

There are two primary types of student loans: federal and supplemental. Federal student loans offer fixed interest rates and favorable terms, including the option to defer repayment until you have completed your degree. Federal loans include the Direct Loan for students, the Federal PLUS loan for parents, and the Federal PLUS loan for graduate and professional students. Students may borrow Direct Loans regardless of financial need; however, those with need may receive a subsidized loan. With a subsidized loan, the federal government will pay the interest that accumulates on the loan while you are enrolled in college, for a short period after you graduate (grace period), and during periods of authorized deferment. For unsubsidized Direct Loans and Federal PLUS loans, interest is the responsibility of the borrower. See www.studentloans.gov.

HESAA makes supplemental loans available through the NJCLASS program, after the student has exhausted eligibility for all other forms of financial aid and federal Direct Loans. NJCLASS supplemental family loans offer low interest rates to borrowers meeting both income and credit worthiness requirements.

NJCLASS can be used to pay a portion of the tuition or the entire cost of college. New Jersey residents can use NJCLASS to attend any approved college in the nation. Non-New Jersey residents attending a New Jersey college can also use NJCLASS.

How to apply. The NJCLASS loan application can be found on the HESAA website, www.hesaa.org or www.njclass.org.

For more information, call HESAA at 609-584-4480.

BORROW WISELY

College costs are rising, and more students are turning to loans to pay for educational expenses. Borrowing may be a necessity, but students are advised to borrow as little as possible. Borrowing should be a last resort after all student aid is exhausted. Student loans can help you achieve your educational goals, but don’t over borrow. A good guideline is to limit your student loan borrowing to what your future earnings will allow you to repay. For tools and resources for understanding student loans, visit https://www.consumerfinance.gov/consumer-tools/student-loans/. Student loans are debts that must be repaid.

Plan in advance for repayment. Determining your potential debt and your expected income allows you to make responsible financial choices about your future.

Effective January 1, 2020, all FFELP loans once guaranteed by HESAA, transferred to the Kentucky Higher Education Assistance Authority (KHEAA). KHEAA can be reached at (800) 928-4241.
STEP 1
GET FREE HELP
Get free information and help from: your school counselor, college, career school, or HESAA –
NJFAFSADays.org or 609-584-4480
US Department of Education –
www.FederalStudentAid.ed.gov or 1-800-4-Fed-Aid (1-800-433-3243)
Free help is available any time during the application process! Do not be taken in by scammers charging money to help you apply for student aid.

STEP 2
KNOW YOUR 2022-2023 DEADLINES
New Jersey State Deadlines
First-time NJ State Grant Applicants
Fall/Spring Applicants – September 15, 2022
Spring Only – February 15, 2023
Renewal Tuition Aid Grant Recipients
April 15, 2022
Federal Deadlines
Complete the FAFSA between October 1st and June 30th of the following year (no exceptions to either date) BUT apply as soon as possible. To meet deadlines apply online at www.studentaid.gov.
Your college may have deadlines too.

STEP 3
CREATE A FEDERAL STUDENT AID (FSA) LOGIN
Create your user ID and Password by going to https://fsaid.ed.gov and create an FSA ID. The student and parent will need to create their own FSA ID at this website. The student will use their login to access the FAFSA at www.studentaid.gov; the parent will use their ID to sign the FAFSA.

STEP 4
COMPLETE YOUR FAFSA
To start your FAFSA go to www.fafsa.gov. The student will login with their FSA ID. Use IRS Data Retrieval Tool (DRT) to complete your FAFSA! If you are unable to use DRT, you will need to collect your 2020 tax returns and other records of income. NJ Dreamers must complete the NJ Alternative Application only. To complete your application go to hesaa.org/Pages/NJAlternativeApplication.aspx

STEP 5
YOUR FAIRSA RESULTS
The U.S. Department of Education will send you your Student Aid Report (SAR) – the result of processing your FAFSA. Review your SAR, and if necessary, make changes or corrections and submit your SAR for reprocessing. You can submit corrections online at www.studentaid.gov. Your complete, corrected SAR will contain your Expected Family Contribution (EFC), which determines your federal student aid eligibility.

STEP 6
YOUR NJ STATE AID RESULTS
HESAA will send an email to the email address listed on the FAFSA, which will contain your NJ State/HESAA ID. You will be instructed to create a NJFAMS User ID and password to log into your NJFAMS Student Portal. You can find your “To Do List” and “Award and Eligibility” information as well as other functions to assist you with your State aid process.

STEP 7
VERIFY YOUR ANSWERS
If you are selected for federal verification, your school’s financial aid office will ask you to submit tax returns and other documents, as appropriate. Be sure to meet the school’s deadlines. (To request an IRS tax return transcript go to www.irs.gov - it’s free) The State of New Jersey may also request documents to verify information reported on the FAFSA. HESAA will ask you to submit a tax return transcript and other documents as appropriate.

STEP 8
GET AWARD QUESTIONS ANSWERED
All Students: Contact the financial aid office if you have any questions about the aid being offered.
First-Time Applicants: Review financial aid shopping sheets from schools to compare amounts and types of aid being offered. Decide which school to attend based on a combination of (a) how well the school fits your needs and (b) its affordability after all aid is taken into account.
NEW JERSEY DREAMERS

The New Jersey Alternative Financial Aid Application allows NJ Dreamers enrolled in eligible New Jersey colleges and universities to apply for state financial aid.

WHO SHOULD COMPLETE THIS APPLICATION?

Complete this application if you are NOT a United States citizen or eligible noncitizen and you meet all of the following criteria:

- Attended a New Jersey high school for at least three (3) years
- Graduated from a New Jersey high school or received the equivalent of a high school diploma in New Jersey
- Registered for Selective Service (male students only)
- Are able to file an affidavit stating that you have filed an application to legalize your immigration status or will file an application as soon you are eligible to do so.

For more information and important deadlines or to apply, visit www.hesaa.org/Pages/NJAlternativeApplication.aspx

Once HESAA receives your completed application, you will receive information and next steps through the email address you supplied on the application.

HESAA will determine your eligibility for New Jersey state grants or request additional documentation. All of the colleges or universities you listed on your application will have access to view your award eligibility.

You can also visit the financial aid office at the school you plan on attending or you can contact HESAA Customer Care at 609-584-4480.

New Jersey Alternative Financial Aid Application is a confidential application that is used solely by the New Jersey Higher Education Student Assistance Authority (HESAA) to qualify students for state financial aid. It is not used for federal financial aid purposes. Information that is shared with HESAA via this application is used only by HESAA and partner colleges, universities, and other state agencies in order to administer grants and scholarships. HESAA will do everything within its authority and jurisdiction to protect the ongoing confidentiality of this information.
When asked to identify the key ingredients of a successful future, many students believe it’s getting into a good school or landing a great job. However, your future success and security will also depend greatly on your money management skills.

HESAA’s Real Money 101 program is designed to introduce you to the world of budgeting, using credit wisely, and personal finance. Our program provides information and tools for students to use to achieve financial independence after graduation.

For many, your first credit obligation is repayment of federal student loans. Real Money 101 teaches you the principles of smart borrowing and the steps to take if you ever run into trouble repaying debts.

If you should default on a loan, the loan may be subject to collection costs and legal fees. There are many options to avoid default, including forbearance, deferment, loan consolidation, and income-based or extended repayment. You may also consult one of New Jersey’s Licensed Budget and Credit Counseling Agencies found on the New Jersey Department of Banking and Insurance website. If you are experiencing problems, call your lender or HESAA right away to find out what options are available to you.

For more information about money and debt management, call HESAA at 609-584-4480, or view HESAA’s Real Money 101 program at hesaa.org.
Atlantic Cape is a comprehensive two-year community college serving the residents of Atlantic and Cape May counties. The college offers over 40 career, transfer and workforce development programs to more than 6,000 students annually at three campuses in New Jersey: Atlantic City, Cape May Court House and Mays Landing. The college boasts several courses of study including nursing, aviation and drone technology, criminal justice, liberal arts and the Academy of Culinary Arts, rated the no. 1 culinary school in New Jersey. The Student Center, opened in 2018, has a lounge, game room, student club offices and career resources. Graduates can continue their education with any number of four-year institutions, including Rutgers University, which is located on the Mays Landing Campus.

**PER CREDIT TUITION:** $146.10 in-county $146.10 out-of-county without chargeback

**FINANCIAL AID**

**APPLICATION DEADLINE:** Rolling • Phone (609) 343-5082 • Hours: Mon – Fri 9 am - 4:30 pm

**STUDENT BODY SIZE:** 6,948 • **STUDENT TEACHER RATIO:** 16:1 • **MIDDLE STATES ACCREDITED:** A 2-year public co-educational college

Number of degreed undergraduate programs: 43
Number of certificate and professional series programs: 33
3 campus locations
Based in Paramus, Bergen Community College, a public two-year coeducational college, enrolls more than 13,000 students at locations in Paramus, the Philip Ciarco Jr. Learning Center in Hackensack and Bergen Community College at the Meadowlands in Lyndhurst. The College offers 120 associate degree and certificate programs that prepare students for transfer to four-year institutions or for direct entry into a variety of professions. Classes are offered days, evenings, weekends, and online. More than 60 student clubs and organizations, as well as 12 intercollegiate athletic teams, provide for a wealth of student activities and events. Non-credit, professional courses are offered through The Division of Continuing Education & Workforce Development and the Institute for Learning in Retirement.

STEM Student Research Center

Bergen Community College recently opened a $1 million STEM Student Research Center at the College’s main campus. Students will have the opportunity to conduct their own research and invent the future with access to supercomputers, 3D printers, drones, robotics, a Tormach machine, and more. More than 2,000 enrolled STEM students take advantage of programs such as engineering science, computer science and biology while completing research projects in- and outside the classroom. Projects have included converting a softball field house into a workshop, high-altitude balloon launches, retrofitting a gas combustion truck and motorcycle into electric vehicles and conducting experimental testing with wind turbines and solar panels. STEM has remained a focus area for Bergen, as it secured numerous grants to enhance its offerings.

Per Credit Tuition: $204.50 in-county • $359 out-of-county
Berkeley College, accredited by the Middle States Commission on Higher Education, celebrates its 90th anniversary in 2021. Providing excellence in teaching and learning through a student-focused approach to career education offered on site and online, with campuses in Woodland Park, Paramus, Woodbridge, and Newark, NJ; New York, NY; and online, Berkeley College provides advantages to students seeking Bachelor’s or Associate’s degree or Certificate programs in many fields. A Master of Business Administration (MBA) degree in Management, with the opportunity to select a specific concentration in Financial, Healthcare, Human Resources or Supply Chain Management, is offered on site and online. The College has a diverse student population and offers degrees in the following professions: Accounting, Business Data Science, Fashion Merchandising and Management, Financial Services, General Business, Graphic Design, Health Sciences, Health Services Administration, Health Services Administration – Medical Insurance, Billing and Coding, Health Services Management, Information Technology Management, Interior Design, International Business, Justice Studies – Criminal Justice, Legal Studies, Management, Marketing Communications, Medical Assistant, National Security, and Nursing. Berkeley College offers the following Certificate programs: Medical Assistant, Medical Insurance, Billing and Coding, Patient Care Technician, Practical Nurse and Surgical Processing Technician. A Tuition Freeze policy is available to students who meet the criteria. Continuing Education Certificates offer an introduction to a career or help expand career possibilities. Continuing education courses are offered in Game Design, Graphic Design, Interior Design, Online Paralegal, Police Studies, Compliance, Emergency Preparedness and Response, Clinical and Surgical Office Procedures, EKG Technician Training, Endoscopic Reprocessing, Medical Administrative Assistance, Medical Emergencies and Electrocardiography, Medical Scribe, Phlebotomy Technician Training, Specimen Collection and Procedure, Homeland Security, Legal Nurse Consulting, Public-Private Partnerships, New Jersey Security Officer, and Social Justice and Welfare. Flexible course scheduling includes day, evening, weekend and online classes, depending on program. The College is dedicated to helping students gain experience through an internship, job-related assignment or practicum. For the eighth consecutive year, U.S. News & World Report ranked Berkeley College among Best Colleges in the nation for Online Bachelor’s Degree Programs and Best Online Bachelor’s Degree Programs for Veterans. Berkeley College also ranked in the new category of Best Online Bachelor’s Degree Programs – Business. The Berkeley College Diversity, Equity and Inclusion Task Force (DEITF) was appointed to support an inclusive, equitable and impactful approach to providing insights in shaping the future of the College. Diversity, equity and inclusion are crucial factors in Berkeley College’s ability to provide students with pathways to opportunities where their personal and professional identities and skills are strengthened and valued. One of the achievements of DEITF was gaining the approval of Juneteenth as an official College holiday beginning in the 2020-2021 academic calendar year. The mission of Berkeley College is to empower students to achieve lifelong success in dynamic careers.
At Bloomfield College, we believe a college should be measured by its ability to improve the lives of its students.

Bloomfield College holds the highest success rate among all New Jersey liberal arts colleges and universities at moving students forward in economic standing. The College is also among the nation’s top colleges for helping students from low-income families enter the middle and upper class.

Located in Bloomfield, New Jersey, Bloomfield College offers the lowest tuition of any private institution in the state.

Bloomfield College has been ranked as one of the 14 most diverse liberal arts colleges in the United States. As the only New Jersey institution to be recognized as both a Predominantly Black Institution (PBI) and Hispanic-Serving Institution (HSI), we take pride in our diversity.

Bloomfield College students take affordability seriously, with 95% of our students receiving financial aid, with many students able to attend our small, private college for at or below the direct cost of a public institution. We are also committed to cost transparency, having eliminated comprehensive and course fees. This means families know cost of attendance up front, with no hidden expenses or fees.

Bloomfield College also has a test-optional admission policy. This means those applying for admission have the option of not submitting standardized test scores (SAT, ACT), except in select circumstances.

Bloomfield College’s programs are also some of the finest you’ll find. Our Game Design program was named No. 1 in the state, and our Nursing program is consistently in the top 10.

We also featured Division II men’s and women’s athletics, with highly-regarded programs like our men’s basketball team, which has earned eight trips to the NCAA Tournament during Head Coach Gerald Holmes’ tenure.

Explore what it means to start the next chapter in your story with our family.

Brookdale can take you wherever you want to be. We offer over 65 academic degree programs, convenient locations throughout Monmouth County, online courses, a robust schedule of activities and clubs for students, and the services you need to be successful in your journey. We pride ourselves on the partnerships we have created with top 4-year colleges and universities to make your transfer process seamless and simple.

In the last few years alone, Brookdale students have transferred to Columbia, Cornell, and Georgetown universities. They have worked for NASA, started their own businesses, published books, and defeated celebrity chefs on national television. Each year we create thousands of success stories, and it all starts in the classroom. Our award-winning faculty strive to provide a university-level education in a collaborative, engaging environment. From our acclaimed honors program to our new academic tutoring center, we are here to serve students of all backgrounds and experience levels.

Each year Brookdale awards more than $30 million in grants, scholarships, and other financial aid, including the Community College Opportunity Grant (CCOG), which offers free tuition for most programs for Independent students or dependent students whose parents income is $65,000.00 or less. The average amount saved per year by attending Brookdale compared to a public four-year college is $6,000. The average savings compared to a public four-year college out of state is $20,000 and the savings over a private college is $29,000. Those are annual savings. If it takes two years to get an associate’s degree, we are talking a savings of up to $58,000.

We have comprehensive career, internship, and transfer services; more than 50 student clubs and campus organizations; a dedicated Veteran’s Center; free online and in-person tutoring; study abroad opportunities; art galleries and performing arts centers; national champion athletics programs; and a wide range of other benefits that are available to you from the moment you step on campus.

For degree seekers, we offer convenient partnerships with many four-year universities that allow students to transfer seamlessly, earn discounted tuition, and even earn a bachelor’s degree without leaving Monmouth County. We also offer a wide range of career training programs – from nursing to paralegal to automotive technology – that are designed to lead straight into a new career.

No matter what your dream, Brookdale has the faculty, facilities, and support you need to see it through. Brookdale Community College, here will get you there!
Caldwell University is a private, Catholic, coed, four-year college with a strong liberal arts curriculum and nationally accredited professional programs.

The university was founded by the Sisters of Saint Dominic of Caldwell, and its core values of respect, integrity, community and excellence underpin and inform academic and campus life.

Caldwell was named a Best Value School for Regional Universities in the North by US News & World Report. Caldwell offers one of the lowest tuition costs for private colleges in New Jersey. Ninety-eight percent of the university’s recent graduates are employed, enrolled in graduate school or have joined a service program.

Caldwell offers 31 undergraduate programs and 31 graduate and certificate programs including three doctoral programs, a Ph.D. in applied behavior analysis (ABA) and a Ph.D. and an Ed.D. in educational leadership.

Many of the graduates of the Bachelor of Science in nursing and public health programs have served on the front lines in hospitals and health care facilities during the Covid-19 pandemic. Caldwell offers a fully online Master of Science degree in nursing in population health which addresses improving the health of vulnerable populations. Given the Covid-19 pandemic, the programs are timely for the marketplace since they prepare health care workers, health educators and nurses to care for and evaluate populations at risk for complications of disease.

A number of the university’s bachelor and master’s programs have received national accreditations. The university’s ABA programs earned international recognition for excellence when the Association for Behavior Analysis International’s accreditation board awarded reaccreditation to the Master of Arts in ABA and first-time accreditation to its Ph.D. in ABA program.

The School of Business and Computer Science offers a Bachelor of Science degree in esports management which prepares students for careers in the popular electronic sports gaming industry with opportunities for employment in finance, marketing, event planning, operations and entertainment.

Caldwell offers 15 intercollegiate athletic programs that compete at the NCAA Division II level, and sprint football participates in the Collegiate Sprint Football League. A new rugby club starts in the spring. The university provides a marching band, study-abroad opportunities, campus ministry, student government, clubs and organizations, Greek life and recreational sports.
Camden County College (CCC) is a nationally-ranked, comprehensive community college offering more than 100 associate degree and certificate programs. Located in Blackwood, Camden City, and Cherry Hill, CCC is easily accessible by car or public transportation.

Academic programs enable students to transfer to four-year colleges or universities or to directly enter a variety of professions. CCC offers an Honors Program in a number of disciplines. Areas of study include business and marketing and communications; technical fields include computer-assisted manufacturing, computer science, automotive technology, and laser and fiber optics; health majors include nursing, dental, allied health, veterinary technology, vision care, massage therapy, human services, and food and nutrition; liberal arts and sciences feature education, music, and performing and visual arts.

CCC provides an enriched college experience with clubs, intercollegiate athletics, academic and career planning services, honor societies, and more. Visit www.camdencc.edu for more information and links to CCC communities on social networking sites.
Established in 1867, Centenary University’s mission is to deliver accredited degree programs and comprehensive learning experiences to prepare students for regional and global professions of critical thought and purposeful action within a supportive environment immersed in a culture of service.

With a low faculty/student ratio and supportive campus community, Centenary provides traditional, accelerated, and online programs to fit every student's needs. We offer associate and bachelor degree options in 59 programs, Master's and Doctorate degrees, and various certification opportunities.

Centenary's approach balances liberal arts studies with your own career goals. The University offers internship programs and Centenary students and alumni are employed by Verizon, Atlantic Health System, Mars Wrigley, USA, NY Jets, Liberty Science Center, Novartis, Nisivoccia LLP, Unity Bank, Ahold-Delhaize, Selective Insurance Company of America, Allstate, Nick- eodeon, Essex County's Turtle Back Zoo, Ernst & Young.

More than 100 principals, superintendents, directors, or supervisors—including most of the principals in Warren County—have, or are pursuing a degree at Centenary. Centenary’s criminal justice program has educated many of the state’s law enforcement professionals. The University is nationally recognized for our Equine Science Program. Centenary students have been accepted to the veterinary programs at Cornell University, University of Pennsylvania, North Carolina State University and University of Florida.

Centenary University is accredited by the Middle States Association and the National Association of State Directors for Teacher Education and Certification. We are fully accredited by the Teacher Education Accreditation Council (TEAC), the Council on Social Work Education (CSWE), and Specialized Accreditation by the International Assembly for Collegiate Business Education (IACBE).

Drew University is more than a place to earn your degree—it is the beginning of a successful, purpose-driven life. Launch your future at Drew!

Whatever your course of study or future plans, our Launch undergraduate experience syncs life and career readiness across the entire Drew experience. Every student graduates with a purpose, sought-after transferable skills, a network of mentors and an experience-based résumé.

Choose from 60+ majors and minors, 12 combined-degree programs and 17 pre-professional programs. Our Launch undergraduate experience puts you on a trajectory of success, while your program of study guides your focus. Every student graduates ready to launch. That’s why 94% of recent graduates were employed or in graduate school within six months of graduation.

Our faculty do more than teach undergraduates: they mentor, advise, debate, challenge and inspire them. Drew’s professors care—about you and your learning. And, through Launch, they help you build a network of academic, career, and personal mentors, with a Launch advisor facilitating each student’s network.

Drew is a vibrant, diverse, friendly, personal and generous place. Our wooded campus is called The Forest, and here, students are empowered to find their best selves. We offer 90+ student-run clubs and organizations, 22 NCAA Division III athletic teams, a wealth of campus activity and a world of wider opportunity.

Drew puts you in the center of everything. Our hometown of Madison, New Jersey, offers the best of both worlds—the comforts of small-town living with the benefits of big city adventure. Drew’s prime location in the powerhouse northeast corridor means easier access to opportunities. Our region has one of the most extensive concentrations of corporate headquarters in the nation, including 14 of the world’s 20 largest pharmaceutical companies. And we’re an hour-long train ride away from the capital of the world, New York City.

According to a recent study by Georgetown University, Eastwick College is among the nation’s top 100 two-year colleges for return on investment (also known as ROI). In fact, out of 1550 colleges nationwide, Eastwick College ranked within the top seven percent for this metric.

A graduate’s return on investment is how much a student earns after graduating versus how much they spent on tuition. Using data collected by the U.S. Department of Education’s College Scorecard, this study determined the colleges with the best ROI by looking at how much alumni earned at six, eight, and ten years after graduating when compared to the money they spent in college loans.

“The focus at Eastwick has always been about providing our students with a uniquely valuable education that extends beyond the traditional college model and I think these numbers are a testament to that approach,” explains Thomas M. Eastwick, president of Eastwick College and the HoHoKus School. “Our students are provided the tools to build a brighter future, with a campus culture that encourages their confidence, creativity, and connection to the community.”

In fact, return on investment is just one of many metrics by which Eastwick College stands out when looking at the data collected by College Scorecard. It boasts one of lowest default rates when compared to other two-year colleges in the state, which determines the number of students that don’t end up paying back their student loans. And Eastwick ranks in the top 10 percent for graduate salaries among all New Jersey colleges and schools.

“At the end of the day the stories of success we receive from our graduates are the best proof of the value that we provide,” adds President Eastwick. “When a graduate reaches out to tell us how we helped them change their life for the better – that will always be the most valuable form of recognition we can receive.”

For a full list of programs and their campus availability, and to learn more about starting an Eastwick Education, visit eastwick.edu or call one of the campus numbers below.

Essex County College, a fully accredited public community college, has been serving residents for more than 50 years. Nearly 6,000 students pursue 50 Associate degree and dozens of Academic Certificate programs, along with numerous continuing education offerings on campuses in Newark and West Caldwell (West Essex). Students can choose from a convenient schedule of day, evening and weekend classes during two 15-week semesters, a winter intersession and two summer terms. Online classes are also offered. More Essex graduates transfer to Rutgers University-Newark, New Jersey Institute of Technology and Montclair State University than from any other community college, as well as many of the top universities in the nation. Essex has had more Jack Kent Cooke Foundation Transfer Scholars (17 since 2006) than any other two-year college in New Jersey. Each of these scholarships is $120,000.

Essex County College is one of six community colleges nationally and the only one in New Jersey participating in the NASA Community College Aerospace Scholarship Program. The College’s Educational Opportunity Fund is the state’s largest among county colleges. Essex is the only two-year college in New Jersey designated both a Minority Serving and Hispanic Serving Institution as well as a member of the Hispanic Association of Colleges and Universities.

The Welcome Center provides a centralized location for both prospective and current students, with staff available to answer a wide range of registration, advisement and financial aid questions. Training, Inc.’s Workforce Development programs offer short-term training in emerging high demand fields, including Supply Chain Management and Cyber Security.

More than 100 career-oriented majors … hands-on professional internships … opportunities to do research and study abroad … Division I and Division III sports … generous academic scholarships and grants … and a global perspective in all your studies. These are just some of the many reasons students make Fairleigh Dickinson University their college choice.

The Florham Campus in Madison features 178 acres of woods, gardens, and historic buildings. Just minutes from New York City, FDU’s contemporary Metropolitan Campus in Teaneck attracts students from all over the world.

As New Jersey’s largest private university, Fairleigh Dickinson offers all the resources students expect of a major university. But FDU’s multi-campus structure creates very personal living and learning environments that emphasize small classes and close student-faculty interaction. The average class size is under 20 students — and all classes, including first-year studies, are taught by faculty, not graduate assistants.

FDU is reducing the base, full-time undergraduate tuition rate for all new students on the NJ campuses for Fall 2021 to $32,000.

**ACADEMIC YEAR**

RABBI JACOB JOSEPH SCHOOL

Rabbi Jacob Joseph School is a Jewish institution located in Edison, NJ that offers educational pathways and rabbinical training for students. The school enrolls over 100 students annually, providing students an excellent learning atmosphere.

Students applying for admission are most often asked to submit an application, transcripts, and records, as well as any requested personal statements, which will then be reviewed by admissions staff. Rabbi Jacob Joseph School also provides academic guidance for students that may require additional help.

The cost of tuition at this school is nearly $12,000, but may change yearly. Students may visit the school’s tuition calculator to better understand their cost of attending this school. Rabbi Jacob Joseph School may provide financial assistance for potential students who are eligible as scholarships, grants, and loans.

This school is accredited by the Association of Advanced Rabbinical and Talmudic Schools, Accreditation Commission, having held that accreditation for the last twenty-three consecutive years.

 Ranked as a top performer for social mobility by *U.S. News & World Report*, Kean University encourages the intellectual, cultural and personal growth of students from all backgrounds. Kean promotes equity in education and believes Kean Cougars climb higher together.

Kean is the most affordable comprehensive university in New Jersey, nationally recognized in 2021 as a First-Gen Forward Institution, with over 46% of Kean students being the first in their families to attend college. Kean University is a national Hispanic-serving institution, a top military-friendly school and named to the Phi Theta Kappa transfer honor roll for several years. Through top academics, generous financial aid and support services, Kean aims to make a world-class education accessible to everyone.

Kean offers 50 undergraduate degrees and over 70 graduate options, many aligned with today’s hottest careers, including global business, computer science and technology, communications, health care, education, architecture and design and more. Kean students learn in small classes from faculty who act as mentors and are nationally recognized scholars in their fields. Faculty conduct research with STEM students; build national branding campaigns with design students; and work with business students on projects for multinational corporations.

Kean is renowned for its excellence in educating teachers and professionals in the health sciences fields. Kean students get hands-on experience through internships, field placements and access to top-notch research and laboratory facilities. Kean's annual Research Days feature student and faculty research conducted in the University’s state-of-the-art labs and across academic disciplines. This multi-day, multi-site conference gives students and faculty the opportunity to present research findings, attend lectures and network with industry leaders.

Kean serves over 16,000 students worldwide, from its main campus in Union to additional locations and instructional sites in Toms River, Manahawkin, Jefferson Township and Scotch Plains, New Jersey, Wenzhou, China and through Kean Online.

Only 16 miles from New York City, Kean’s 180-acre Union campus houses top-rated dorms, campus eateries, six art galleries, five state-of-the-art performance spaces and other cultural, recreational and health facilities. Kean University has more than 170 student organizations, Greek Life and 14 NCAA Division III sports teams to give students the full college experience.

Whatever your interests, life position, or aspirations, whether you are fresh out of high school, a returning adult student, or a mid-life career changer, Mercer County Community College offers practical, abundant opportunities for higher education and continuing studies.

The convenience of two campuses plus distance/online learning, college affordability including financial aid and scholarship opportunities for those who qualify, and an open-door admission policy only begin the benefits and value of a Mercer education.

Our 70 associate degree and 30 credit certificate programs are among the most diversified and comprehensive in the nation. Included are transfer programs that prepare students for pursuit of a bachelor’s degree and career programs that prepare for more immediate employment. Unique studies include aviation, culinary, entertainment technology, exercise science, fashion design, funeral services, game design, and horticulture. The Mercer Honors Program offers an enriched academic experience while advanced degrees can be achieved through The University Center at Mercer.

Beyond the classroom, Mercer offers abundant opportunities for leadership development, community service, academic and career enrichment, and social interaction. Our 10 teams account for one of the most successful two-year intercollegiate athletic programs in the nation.

Located one mile from the coast in beautiful West Long Branch, Monmouth University is a top tier private institution that is home to innovative academic programs, expert faculty, and nationally ranked Division I athletics. Monmouth offers more than 50 undergraduate and graduate degree programs, as well as three doctoral programs in educational leadership, nursing practice, and occupational therapy. Students here receive individual attention from faculty who are as accessible as they are award-winning. At Monmouth, professors know their students by name. They care about their students’ passions, and empower student growth by involving them in their research and scholarship.

The university’s campus—named one of the most beautiful in the world—blends classic beauty with the latest technology. Situated between New York City and Philadelphia, Monmouth provides students with easy access to internship and fieldwork placements in a range of disciplines, from politics to science to health care to finance to law to entertainment.

At Montclair State University, you get the best of both worlds: the resources of a national research university combined with the personal attention of a small college, all in a welcoming and richly diverse community. Choose from more than 300 paths of study, build lifelong relationships with world-class professors, and conduct exciting research in brand-new facilities designed for creative collaboration.

Recognized as a doctoral university with high research activity by the Carnegie Classification of Institutions of Higher Education and as one of four state public research universities by New Jersey, Montclair State encourages academic excellence from day one. High-achieving first-year New Jersey students are eligible for the Presidential Scholars Program, which provides special academic and career prep opportunities along with an annual $5,000 scholarship.

We also lay the groundwork for professional success. Our School of Communication and Media prepares students for careers in communications, television, and digital media, while our School of Nursing trains budding nurses to keep pace with a rapidly evolving field. Plus, you can connect your classroom studies with on-the-job experience through internships in the New York City area, or broaden your global horizons by studying abroad in over 60 countries.

Located just 12 miles from New York City, our beautiful 252-acre campus meets every student’s needs—from The Heights, one of NJ’s largest residential and dining complex, to a dozen dining locations (now featuring vegetarian, vegan, and allergen-free options). In their downtime, Montclair State students participate in more than 120 clubs and organizations, enjoy an eclectic lineup of on-campus cultural events, and cheer on our 18 NCAA Division III varsity teams.

Montclair State University is accredited by the Middle States Commission on Higher Education (MSCHE) among many others.
New Jersey City University is an institution of higher learning with an audacious goal: the development of our students, our city, our communities, our state, and the world beyond. We are a game-changing force for our students and their families. Whether our students are enrolled in one of our 50 undergraduate and 30 graduate programs, NJCU provides an affordable, diverse environment, and an exceptionally supportive faculty—all of which prepares them to be critical thinkers in a global landscape.

We’re also changing the game for our city, our communities, and our state. As the educational anchor institution in Jersey City, we’ve established partnerships to ensure the area’s growth directly benefits our students and community members. We seek to improve the lives of everyone in the Garden State, whether creating a home for the arts, bringing educational programs to K-12 students, offering bachelor’s degrees in partnership with community colleges, or providing professional development opportunities for adults.

At NJCU, we’re not just educating minds, we’re nourishing souls and lifting communities. We’re changing the game.
New Jersey Institute of Technology (NJIT) is one of the nation’s leading public polytechnic universities and a top-tier research university that prepares students to become leaders in the technology-dependent economy of the 21st century. NJIT’s multidisciplinary curriculum and STEM-intensive approach to education provide technological proficiency, business acumen, and leadership skills. With an enrollment of 11,400 undergraduate and graduate students, NJIT offers small-campus intimacy with the resources of a major public research university.

NJIT is a global leader in fields such as solar research, nanotechnology, resilient design, tissue engineering, and cybersecurity, to name a few. NJIT is rated an “R1” research university by the Carnegie Classification® and has research expenditures topping $160 million. Additionally, NJIT has a $2.8 billion economic impact on the state of New Jersey.

NJIT is among the top 2% of public colleges and universities in return on educational investment, according to PayScale.com. NJIT also is ranked No. 1 nationally by Forbes for the upward economic mobility of its lowest-income students, and is a Top 50 public national university, according to U.S. News and World Report.

Moreover, NJIT is home to 19 sports teams and competes at the NCAA Division-I level as a member of the America East Conference. It also offers a variety of club and intramural programs.

Since its founding in 1964 as New Jersey’s first county college, Ocean County College (OCC) has been dedicated to educating and serving residents of the county and beyond, as an innovative academic leader. OCC’s hallmark has always been affordable, student-centered, high-quality education that prepares and empowers diverse learners to contribute to and succeed in varied, global societies. Its vibrancy and dedication to student success is evident in its growing campus, expanded programming, increased partnerships and collaborations, international focus and online learning expertise.

As a public, two-year community college, OCC is sponsored by Ocean County, the state of New Jersey and the College’s students who are all ages and at all stages of life. Its main campus is set on 425 acres, surrounded by an additional 575 acres of non-developable land in Toms River, New Jersey (the county seat). OCC is a comprehensive, open admissions institution providing postsecondary associate degree and certificate programs on its main campus and at 14 additional locations, including the Southern Education Center in Manahawkin, at several other instructional sites, and through distance learning.

OCC offers three degrees in a variety of subjects from Broadcast to Business to Biology: Associate in Arts (A.A.), Associate in Science (A.S.) and Associate in Applied Science (A.A.S.). Currently, there are 26 degree programs, including the award-winning Nursing Program. OCC offers many other options, transfer tracks (joint admission programs with New Jersey colleges and universities), and areas of emphasis. Certificate programs are offered in more than 40 areas of study; one of the most popular is Accounting.

OCC continues its expansion to local high schools and partnerships with universities in the United States and abroad. Its commitment to online learning and innovation has helped with this growth and was instrumental in providing for its continued success even during the pandemic. As of fall 2020, OCC has helped students save even more money by bundling the cost of fees, books and electronic materials with tuition.

For over 50 years, PCCC has provided affordable excellence in higher education to residents of Passaic County. PCCC maintains a main campus in historic downtown Paterson, as well as locations in Passaic, Wanaque, and Wayne, plus a robust online learning program. PCCC offers over 70 degree and certificate programs in liberal arts, culinary arts, fine and performing arts, healthcare, and more. The STEM program provides students with hands-on experience in cutting-edge facilities that include flight simulators for the avionics programs. PCCC’s students have consistently been selected for internships with the NASA Community College Aerospace Scholars (NCAS) program. PCCC offers a rigorous Honors Program curriculum for high-achieving students who seek more challenge and enrichment in their college education. Additionally, PCCC is home to one of the most recognized chapters (Alpha Eta Chi) of Phi Theta Kappa, the largest international honor society for two-year colleges. Committed to keeping higher education affordable, PCCC introduced an innovative partnership, Ramapo@PCCC, that enables individuals who have an associate’s degree in selected fields to earn a bachelor’s degree from Ramapo College of New Jersey at a significant cost savings by attending classes at PCCC and paying reduced tuition rates. Also, dual-enrollment opportunities enable qualifying high school students to earn affordable college credits while still in high school. Named an Achieving the Dream Leader College, PCCC provides strong tutoring and advisement support for college completion. Articulation agreements with over 20 colleges and universities enable a smooth transfer process to a four-year institution. A vibrant student life offers leadership and community service opportunities through the Student Government Association, the Visions student newspaper, and over 20 student-run clubs. Higher education has become even more accessible with the New Jersey Community College Opportunity Grant, enabling qualifying students to attend college classes tuition free. Pillar College educates, inspires and equips students for excellent scholarship, service and leadership. Rooted in and committed to Christian faith, Pillar College fosters intellectual, spiritual and social development among its diverse student population at various instructional sites. Founded in 1908, Pillar College is New Jersey’s only accredited evangelical Christian college and holds the highest accreditation available to any college or university. The college has campus locations in Newark, Somerset, Paterson and Plainfield, and other instructional sites in New Jersey.

Pillar College offers a unique blend of spiritual enrichment, academic excellence, and social fulfillment. The college offers small classroom size and is cohort-based. Pillar College offers an A.A. degree in General Studies, B.A. degrees in Biblical Studies, Elementary Education, Business Administration & Management, Psychology & Counseling, Organizational Leadership and recently announced their new B.S. in Applied Chemistry with a concentration in Consumer Product Development. The B.S. in Applied Chemistry with concentration in Consumer Product Development is the only degree/concentration of its kind in NJ! Pillar College offers an M.A. in Counseling and an M.A in Ministry Leadership. Pillar College also offers special programs including LEAD (Life Enhancing Accelerated Degree) - students can complete their degree without interrupting their career; DEED (Dual Enrollment Education Degree) — high school students can attain a NJ State High School Diploma and earn up to 30 college credits at the same time; and BLEND (Bilingual Entry Degree) - Completar el Asociado en Estudios Generales en tu propio idioma (Español). Aprender a manejar el inglés como segundo idioma (ESL). Continuar tus estudios en inglés para obtener una Licenciatura.

Pillar College offers a unique blend of spiritual enrichment, academic excellence and social fulfillment. The student body includes a broad spectrum of ages, races, interests and personalities, reflecting the wide diversity of the metropolitan corridor of the Northeast. Through Godly instructors, rich curricula in career-shaping majors, spiritually enthusiastic students, valuable enriching internships, and global learning experiences, Pillar College offers students what they need to be equipped for their future.

Princeton is a world-class teaching and research university with a profound and distinctive commitment to undergraduate education. Through its groundbreaking financial aid program, Princeton ensures that all qualified students who are accepted can afford to attend the University and graduate with little or no debt. More than ever, Princeton seeks to enroll the most talented students from a broad spectrum of cultural, ethnic and economic backgrounds. Students’ experiences inside and outside the classroom prepare them for service, leadership and lifelong learning. Princeton emphasizes creativity, innovation and collaboration with a program of liberal arts in the humanities, arts, social sciences, natural sciences and engineering. Princeton’s low student-to-faculty ratio means students are able to develop close working relationships with professors, who are leaders in their fields. We expect every faculty member to teach, and we expect every student to do original, creative research. Our approximately 5,300 undergraduate students are part of a vibrant campus community, and students stay connected to a Princeton community that spans the globe long after they have graduated. Students are encouraged to explore many academic and extracurricular opportunities while taking advantage of the University’s extraordinary facilities and resources. We are a community of learning that is enriched by the varied experiences and perspectives of our students, faculty and staff. Classrooms are filled with students and faculty from a wide range of backgrounds from across the country and around the world, and students benefit from the interdisciplinary connections at the core of Princeton’s curriculum. We invite you to explore more about what makes Princeton special and contributes to the transformative experience that is a Princeton education.

Ramapo College of New Jersey has been awarded among CondeNast Traveler’s 50 most beautiful campuses in the country, Best Dorms in NJ by Niche.com, and ranked by U.S. News & World Report as one of the top in the Best Regional Public Universities North category. Nestled in the foothills of the Ramapo Mountains on the New Jersey/New York border, Ramapo College’s beautiful 300-acre suburban campus is also just a short commute to New York City. Its location gives students access to an abundance of internship opportunities and the world-class experiences found in the city.

Ramapo College boasts an average student/faculty ratio of 16:1 and an average class size of 21, allowing the 6,200 students the opportunity to develop close ties to the College’s exceptional faculty. Undergraduate students may choose to concentrate their studies in one of five schools with more than 540 course offerings and 40 academic majors. Bachelor’s degrees are awarded in the arts, business, humanities, social sciences and the sciences, as well as in professional studies, which include business, elementary education, nursing and social work. The College offers articulated programs, including dental, optometry, pharmacy, chiropractic and health professions, as well as visual arts therapy and law, in conjunction with colleges and institutions in New Jersey and New York. Additionally, Ramapo has established innovative partnerships with several community colleges in New Jersey, including an innovative 3+1 program with Passaic County Community College to allow students a more affordable path to a bachelor’s degree.

Convenient part-time graduate programs lead to master’s degrees in Accounting, Business Administration, Data Science, Educational Technology, Educational Leadership, Nursing, Social Work, and Special Education. Ramapo recently launched a Doctorate in Nursing Practice and graduate programs in Creative Music Technology, Computer Science, and Applied Mathematics.

Additional accolades include: Ranked Number One among the public institutions in New Jersey by College Choice; Listed among the top 10 college campuses in the country for students with physical disabilities by CollegeMagazine.com; a Top College for the value by Money Magazine; among the Princeton Review’s “Best in the Northeast”; a “Military Friendly School” in Victory Media’s Guide to Military Friendly Schools, one of the nation’s Best Bachelor’s in Social Work by College Choice, on CollegesofDistinction.com for excellence in student-focused higher education; and a Top 10 New Jersey College by College Consensus.

When you are a Rider Bronc, you are free to engage, free to change and free to explore. That might mean studying subjects you’ve loved for years. Or following one interest to the next until you arrive exactly where you are meant to be. There are so many possibilities ahead, and all you have to do is take the first step with us.

What distinguishes Rider from other universities is the sum of the many experiences we offer you – in and out of the classroom – from your first day on campus to graduation and beyond. Every Rider student completes at least two high-impact Engaged Learning experiences, such as internships, guided research and field work, or community service opportunities prior to graduation (in fact, we require it!). Plus, you’ll have the opportunity to incorporate an Enriched Career Experience into your academic journey by working closely with a Rider career coach to secure professional development training that sets you up for career success after graduation.

A life-changing Rider education is more accessible and more valuable for undergraduate students than ever thanks to a 22% tuition reduction for incoming students, investments in resources and staff to support your career development and success, and upgrades to infrastructure and facilities. Learn more at rider.edu/lifting-barriers.

Rowan College of South Jersey (RCSJ) is the first regional, dual-campus college in New Jersey. The merger between Rowan College at Gloucester County and Cumberland County College in 2019 marked an important milestone in the history of community colleges, providing students with affordable access to one-of-a-kind educational opportunities, at one of the lowest tuition rates in the state.

Serving more than 10,000 full- and part-time students in Cumberland and Gloucester counties, the two campuses and online options provide students with over 100 combined degree and certificate choices.

A unique “3+1” partnership with Rowan University makes earning a bachelor’s degree more affordable by allowing students in select majors to attend RCSJ for three years at the community college rate, and then complete the final year of their baccalaureate program at Rowan University at the university rate.

Learning is a lifelong activity to be pursued at any age, which is why RCSJ offers industry-recognized certifications, career-focused degree and certificate options, college credits for prior learning, and apprenticeship programs through the College’s Career & Technical Education Division.

450+ Rowan Choice students living on the University campus
Rowan University, a national top 100 public research university, continues its bold and visionary transformation. The University — with campuses in Glassboro, Camden, and Stratford — prides itself on providing its 19,500 students with outstanding education, affordability and access. While committed to conducting practical research at the intersection of engineering, medicine, science and technology, its core mission is undergraduate education.

The University offers 91 bachelor’s, 49 master’s and 10 professional/honors degree programs within seven colleges and five schools. Students can pursue their degrees on Rowan’s campuses, online and at several partnering community colleges. Rowan is one of only three institutions in the nation to offer both M.D. and D.O. degree-granting medical programs.

As the fourth fastest-growing research university in the nation, Rowan is a dynamic leader.

Since 2012, the University has:

- earned ranking as 95th among the nation’s top public colleges and universities, according to U.S. News & World Report.
- worked with county colleges to deliver 3+1 bachelor’s degree programs for as low as $25,000 and collaborated with the business community to create programs that meet regional workforce needs.
- kept undergraduate tuition at or below the expected rate of inflation (since 2014).
- completed the $426 million Rowan Boulevard project with public-private partners, expanding capacity for the institution and investing in the community.
- partnered with regional leaders to open a health sciences center in Camden.
- broadened collaborations, including those with Lockheed Martin, NASA, NIH and FAA.

As The State University of New Jersey, a leading national public research university, and New Jersey’s top academic health care provider, Rutgers fulfills its mission to provide learning, discovery, innovation, service, and health care at the highest levels. The university has locations in New Brunswick, Newark, and Camden and has a major academic and clinical health sciences presence that spans across the state. Each regional location offers its own distinct personality: Rutgers University–New Brunswick is the flagship location offering a classic, big-time university experience; Rutgers University–Newark is among the most ethnically diverse campuses in the nation and offers a dynamic urban atmosphere; and Rutgers–Camden is known for its close-knit, community atmosphere, just across the river from downtown Philadelphia.

With over 150 undergraduate majors, 400+ graduate programs, and 300+ research centers, Rutgers is an academic, health, and research powerhouse and a university of opportunity. Rutgers is constantly breaking new ground and generating new knowledge, supporting pioneering work in stem cells, climate change, DNA and analysis, and more. Our locations, close to New York City and Philadelphia, provide students with access to hundreds of employers, thousands of internships, and the best art and entertainment. While costs remain low, approximately 74% of entering undergraduates receive some form of financial aid, averaging $18,661 per year. Each year a number of academically talented students receive academic scholarships. Rutgers comprises a bustling and vibrant community of diverse individuals.

We are a value-based community made up of thinkers, doers, realists, and risk takers. Rooted in the Catholic liberal arts tradition, we help turn passions into real-world professions and attract learners with strong convictions. Our close-knit environment grounded in a history of leadership in service to others gives students the focused education and mentorship they need to transform their communities.

Since our inception in 1899, Saint Elizabeth University remains committed to the vision of its sponsors, the Sisters of Charity of Saint Elizabeth, to provide higher education to those who have not traditionally had access to it. Serving the needs of women, students of color, those who lack adequate financial resources, and those who would benefit from a nurturing, supportive environment remain essential to carrying out the fundamental mission of SEU.

Learn more about Saint Elizabeth University at www.steu.edu/visit.
Founded in 1872, Saint Peter’s University is a four-year private university in Jersey City, New Jersey. One of 27 Jesuit institutions, Saint Peter’s is committed to individual attention and grounding in the liberal arts, educating a diverse community of learners in undergraduate, graduate and professional programs to excel intellectually, lead ethically, serve compassionately and promote justice in our ever-changing urban and global environment.

Just 12 minutes away from New York City and steps from downtown Jersey City, opportunity is at students’ footsteps. Internships at top companies like Goldman Sachs, Morgan Stanley, and Fidelity Investments are only moments from campus. 65 percent of our seniors hold internships giving the University a 95 percent placement rate upon graduation.

**Tuition:** $18,830 per semester FT flat rate / $37,660 per year flat rate / $595 per credit per credit for PT or for credits above the flat rate. **Fees:** Comprehensive full-time undergraduate fee of $550 per semester/ $1,100 per year.

100 percent of our full-time undergraduate students receive some sort of financial assistance such as academic, need-based, or athletic grants. Connect with the Office of Financial Aid Monday-Friday from 9am - 5pm for more information or to make an appointment to speak with a Financial Aid Counselor. Financialaid@saintpeters.edu / 201-761-6060

Enrolling over 3,600 students, the University offers over 50 undergraduate majors to make your dream into a reality. Also, small class sizes with a student to professor ratio of 13:1 give students the chance to connect on a personal level with their professors.

Saint Peter’s University is accredited by Middle States Commission on Higher Education.
Salem Community College offers over 40 associate degree and certificate programs in a variety of areas. Additionally, SCC meets the need for unique and high-demand careers, regionally and nationally. Of particular note, SCC offers degrees in Scientific Glass Technology and Nuclear Energy Technology, which are supporting industry need for employees with specialized skills. SCC’s flagship program in Scientific Glass Technology is the only one of its kind in the United States, and therefore attracts students from across the country. The program — which teaches students how to create glass apparatus for scientific research in laboratories, universities, and industry — boasts a nearly 100 percent job placement rate for graduates. SCC offers its cutting-edge, high-tech Nuclear Energy Technology program in collaboration with PSEG Nuclear. Employment of nuclear technicians is projected to grow by 15 percent through 2022, because of greater demand for nuclear energy, according to the Bureau of Labor Statistics (BLS). The BLS also reports $69,060 as the median annual salary for nuclear energy technicians.
One of the country’s leading Catholic universities, Seton Hall has been showing the world what great minds can do since 1856. Home to nearly 10,000 undergraduate and graduate students and offering more than 90 rigorous undergraduate and 120 graduate programs, Seton Hall’s academic excellence has been singled out for distinction by The Princeton Review, U.S. News & World Report, and Bloomberg Businessweek.

Seton Hall embraces students of all religions and prepares them to be exemplary servant leaders and global citizens. In recent years, the University has achieved extraordinary success. Since 2009, it has seen record-breaking undergraduate enrollment growth and an impressive 110-point increase in the average SAT scores of incoming freshmen. In the past decade, Seton Hall students and alumni have received more than 30 Fulbright Scholarships as well as other prestigious academic honors, including Boren Awards, Pickering Fellowships, Udall Scholarships, and a Rhodes Scholarship. The University is also proud to be the third most diverse national Catholic university in the nation.

During the past five years, the University has invested more than $165 million in new campus buildings and renovations. The University’s beautiful main campus in suburban South Orange, NJ, is only 14 miles from New York City — offering students a wealth of employment, internship, cultural, and entertainment opportunities. Seton Hall’s nationally recognized School of Law is located prominently in downtown Newark. The University’s Interprofessional Health Sciences (IHS) campus in Clifton and Nutley, NJ, opened in 2018. The IHS campus houses the University’s College of Nursing, School of Health and Medical Sciences, and the Hackensack Meridian School of Medicine.

Stevens Institute of Technology is a premier research university focused on advancing technology and science to solve the world’s most pressing challenges. Located in Hoboken, New Jersey — one of the nation’s top-rated college towns — Stevens offers a mix of cosmopolitan life; riverside green spaces; skyline views; and easy access to New York City only 10 minutes away. In addition to stellar engineering, science and computer science programs, the university has also developed exciting, high-impact programs in business, arts and the humanities, focusing on areas where these fields are empowered by technology. This technology-first approach yields stellar results for students, who are highly sought-after by employers and top graduate and professional schools. Robust internship and cooperative education programs, and a Career Center recognized as among the best in the nation, give Stevens graduates additional advantages in today’s competitive job market. Graduates advance rapidly in the workplace, earning some of the highest starting and mid-career salaries in the nation and realizing very high ROI. Stevens students are intelligent, motivated and involved. This spirit extends to life on and off campus, from the performing arts to community service, from club and varsity sports to entrepreneurial ventures that take root as viable businesses. Stevens has revitalized its physical and technology infrastructure, creating interactive learning and research spaces that cultivate interdisciplinary collaboration, state-of-the-art laboratories that inspire and facilitate pioneering research and development, and modern residential and social spaces for students to live and grow -- including a new University Center Complex that will house approximately 1,000 students in residential towers with skyline views of New York City, set to open in 2022. The University has also heavily invested in a sustainable campus for the future, earning national recognition and awards for its green initiatives. Stevens is committed to a welcoming environment and has invested in a number of initiatives to expand campus diversity and inclusion. It is an ideal destination for motivated students ready to take advantage of all Stevens has to offer.

Choose how you live and learn at Stockton University. The main Galloway campus, located on 1,600 wooded acres in the Pinelands Natural Reserve, is just minutes away from our beachfront Atlantic City campus and one hour from Philadelphia. Stockton’s 12-month housing option allows students to live in the Atlantic City Residential Complex while working or interning in one of the Jersey Shore’s premier tourist destinations.

With the new Stockton Promise grant program, eligible new students can receive free tuition & fees for up to four years. Merit scholarships and financial aid are available, with 65% of incoming freshmen receiving a merit scholarship and 83% of Stockton students receiving financial aid.

Experiential education and service learning are integral parts of the Stockton experience. There are numerous hands-on opportunities within our sustainability lab, Marine Field Station, exercise science lab, nursing simulation center, Noyes Art Museum, and WLFR radio station, just to name a few. Additionally, there are research grants and fellowships available for student-initiated projects. Students are encouraged to get involved outside of the classroom as well. There are more than 200 clubs and organizations, including honors societies, recreational clubs, and academic interest groups. Stockton athletic teams have won NCAA Division III Championships, as well as ECAC and NJAC titles.

Stockton is ranked among the top 10 public universities in the Northeast by *U.S. News and World Report*. The university’s commitment to cultural diversity and its welcoming and vibrant community makes it a great place to continue your education. Learn more about the many reasons to choose Stockton at stockton.edu.

Sussex County Community College is a comprehensive college located on a beautiful 167-acre campus in Newton, NJ. Enrollment at the College continues to display vitality, with nearly 2300 students registered in credit courses.

The College's student-centered and learning outcome mission strives to fulfill residents' educational and cultural needs in its service area. Committed to academic excellence, Sussex offers an abundance of degree and certificate programs, professional certificates in career, technical and customized training for individuals and local businesses. Working with regional companies in workforce development, employee skills upgrading, and resource sharing initiatives, the College also promotes lifelong learning that serves many students. The Commission on Higher Education of the Middle States Association of Colleges accredits Sussex.

Sussex County Community College - Start here, go anywhere!

To find out if you qualify for financial aid contact the Financial Aid Office at 973-300-2225. Office hours are Monday: 8 am-6:30 pm, Tuesday-Friday: 8 am-5 pm.

See if you qualify for “Free College” by visiting sussex.edu/freecollege.

The Sussex student body size is 2300, the student teacher ratio is 18:1, 67 degree programs, 17 certificate programs, and honors programs are offered on two campus locations. Students can choose to participate in numerous clubs and activities. Sussex also boasts the first community college football team in NJ as well as 10 additional sports teams to engage student participation.
The College of New Jersey is a highly selective institution regularly recognized as one of the nation’s top comprehensive colleges. Founded in 1855 as the New Jersey State Normal School, TCNJ is consistently ranked by U.S. News & World Report as the No. 1 public institution among regional universities in the north. It maintains the fifth highest four-year graduation rate among all public colleges and universities.

The college is situated on 289 tree-lined acres in Central New Jersey’s suburban Ewing Township. A strong liberal arts core forms the foundation for a wealth of degree programs within seven schools: Arts and Communication; Business; Education; Engineering; Humanities and Social Sciences; Nursing, Health and Exercise Science; and Science. The TCNJ experience focuses on a personalized, collaborative and rigorous education; undergraduate research, mentored internships and field experiences; community-engaged learning; global engagement; and leadership development.

TCNJ believes in the transformative power of education to develop critical thinkers, responsible citizens, and lifelong learners and leaders. Students thrive in an incredibly welcoming, supportive environment where they’re part of both a community and a family, faculty serve as mentors and partners, and the campus feels like home.

Thomas Edison State University provides distinctive undergraduate and graduate education for self-directed adults through flexible, high-quality, collegiate learning and assessment opportunities. One of New Jersey’s senior public institutions of higher education, the University offers associate, bachelor’s, master’s, and doctoral degrees in more than 100 areas of study as well as undergraduate and graduate certificates.

Students earn degrees through a wide variety of rigorous and high-quality academic methods that can be customized to meet their individual needs. Identified by The New York Times as “the college that paved the way for flexibility”, Thomas Edison State University is a national leader in the assessment of adult learning and a pioneer in the use of educational technologies. The University provides community college graduates with a seamless transition to a bachelor’s degree program through a generous credit transfer policy and flexible programs that enable students to earn their degrees wherever they live or work.

Community is important at Warren because we believe your success depends upon an environment that’s as nurturing and safe as it is enriching. Students come to find an inclusive and supportive atmosphere. You’ll find friendly faces that welcome you as the person you are and encourage you to grow into the person you want to become tomorrow.

You’ll feel safe on our well-cleaned, well-maintained campus conveniently located near routes 22, 31, and 78. What makes Warren so special is the strong sense of engagement you’ll have with your fellow students, faculty members, and the administration. You’ll find encouragement and support everywhere, and it begins the minute you decide to join us.

Our mission is our students. We provide quality higher education and support services at the most affordable tuition and fees in our region. Whether you choose a career track degree or continue at a four-year institution, Warren is relevant to your future career success and is regionally accredited to successfully transfer your associate degree.

We are always improving, and our newest programs are in unmanned aerial systems/drone technology and addictions counseling. We offer diverse instruction delivery: face-to-face, remote, hybrid, and distance education. We keep expenses low with a digital textbook subscription for all textbooks and free access to library databases and tutoring available on campus and online.

Join us and see what makes Warren Community College a special place for you to learn and grow.

- Number of degreed undergraduate programs: 30, plus 9 certificate programs
Founded in 1855, William Paterson University is a public university committed to academic excellence and student success. Located on a 407-acre wooded campus in suburban Wayne, New Jersey, it offers nearly 150 bachelor’s, master’s undergraduate and graduate certificate programs and three doctoral programs, serving students from a diversity of backgrounds. Throughout our outstanding academic programs, students connect with professors who are not only experts in their fields but also bring industry knowledge to the classroom. Students benefit from experiential learning, including undergraduate research, internships, and civic engagement opportunities.

At William Paterson, students come to us with inspiration, perseverance, and grit, and we match their determination with a full range of tools and support to help them succeed. The innovative Will. Power. 101 first-year experience program is unique among New Jersey colleges and universities—offering workshops on practical skills along with friendship and peer encouragement. The University is dedicated to making college affordable through scholarships, grants, work-study, out-of-state waivers, our own Pledge 4 Success program for students with exceptional financial need, and a host of other options.

The University provides a range of campus support systems for all aspects of student life: a wide array of mentoring and support, social resources for all of our students, and an environment where individuals of all cultures and identities are understood, included and valued. Students benefit from a wide variety of student activities, modern on-campus housing, and the most up-to-date educational facilities.

At William Paterson, more than 45 percent of our students are the first in their families to attend college. In 2020, the University was named among the top 5 percent of colleges in the nation for helping students from lower-income families to graduate and attain good paying jobs. The University is designated as a Hispanic-serving institution with nearly 30 percent of its students claiming Hispanic heritage.

68 ◆ Going to College in New Jersey ◆ www.hesaa.org ◆ 1-609-584-4480
## FOUR-YEAR PROGRAMS

### BIOMEDICAL/MEDICAL ENGINEERING
- Biomedical Engineering: NJIT, ROWAN, RUNB
- Environmental Engineering: BLC, CU, DU, FDU, GCU, KU, MSU, MU, NJCU, NJIT, PC, PU, RCNJ, ROWAN, RUCAM, RU, RUNW, RUNB, SEU, SHU, SIT, SPU, SU, TCNJ, WPU

### CHEMICAL ENGINEERING
- Chemical Engineering: NJIT, PU, ROWAN, RUNB

### CHEMISTRY
- Chemistry: BLC, CU, DU, FDU, GCU, KU, MSU, MU, NJCU, NJIT, PC, PU, RCNJ, ROWAN, RUCAM, RU, RUNW, RUNB, SEU, SHU, SIT, SPU, SU, TCNJ, WPU

### CIVIL ENGINEERING
- Civil Engineering: FDU, NJIT, PU, ROWAN, RUNB

### CLASSICAL LANGUAGES & LITERATURE
- Classical Civilization: SPU
- Classical Languages & Literature: DU, MSU, PU, SPU, SHU, RUNB

### COMMUNICATION AND MEDIA STUDIES
- Communications: CENT, CU, DU, FDU, FU, KU, MSU, MU, NJCU, RCNJ, ROWAN, RU, RUNB, SEU, SHU, SPU, SU, TCNJ, WPU
- Intercultural Communications: PC
- Visual Communications: KU

### COMPUTER SCIENCE
- Computer Science/Data Analytics: ROWAN
- Computer Science: CU, DU, FDU, GCU, PU, RU, SEU, SIT, SU
- Computing and Business: NJIT

### COMPUTER SOFTWARE AND MEDIA APPLICATIONS
- Computing and Informatics: ROWAN
- Game and Interactive Media Design: RU
- Multimedia Design and Development: DUV
- Web Design: RU

### COMPUTER SYSTEMS NETWORKING AND TELECOMMUNICATIONS
- Computer Information Systems & Technology: CU, DUV, GCU, SEU, SU, WPU
- Network Technologies and Applications: MU
- Network & Communications Management: DUV
- Network Engineering: BLC
- Telecommunications & Information Technology: KU

### COMPUTER/INFORMATION TECHNOLOGY ADMINISTRATION & MANAGEMENT
- Cybersecurity: FUD, NJCU, RU, SIT
- Information Technology Management: BC

### COMPUTER ENGINEERING
- Computer Science: NJIT, SEU, SIT, TCNJ
- Computer Engineering: NJIT, SEU, SIT, TCNJ
- Software Engineering: MU

### CONSTRUCTION ENGINEERING TECHNOLOGIES
- Construction Engineering Technology: FDU

### CITY/URBAN, COMMUNITY AND REGIONAL PLANNING
- Community & Environmental Planning: ROWAN
- Environmental Planning & Design: RUNB
- Urban Planning and Design: RUT

### CIVIL ENGINEERING TECHNOLOGIES/TECHNICIANS
- Civil Engineering Technology: FDU

### CRIMINAL JUSTICE
- Criminal Justice: BC, CENT, CU, FDU, FUD, GCU, KU, MU, NJCU, ROWAN, RU, RUCAM, RUNB, SEU, SHU, SPU, TESU, TCNJ, WPU
- Criminology: TCNJ, WPU
- Forensic Science: CENT, NJIT
- Law Justice: ROWAN
- National Security: BC

### ECONOMICS
- Economics: FDU, FU, GCU, KU, NJCU, PU, RNW, RUCAM, RUNW, SEU, SHU, SPU, SU, TCNJ, WPU
- Financial Economics: CU
- Mathematical Economics: SPU

### EDUCATION, GENERAL
- Education: BLC, MU
- Health Administration: SEU
- Urban Education: TCNJ

### ELECTRICAL, ELECTRONICS AND COMMUNICATIONS ENGINEERING
- Electrical & Computer Engineering: FDU, NJIT, PU, SIT, TCNJ
- Electrical Engineering: FDU, NJIT, PU, SIT, TCNJ

### ELECTRICAL ENGINEERING TECHNOLOGIES/TECHNICIANS
- Electronics Engineering Technology: DUV, FDU, NJIT, PU, SIT, TCNJ
- Engineering Physics: SIT

### ELECTROMECHANICAL INSTRUMENTATION MAINTENANCE TECHNOLOGIES/TECHNICIANS
- Biomedical Engineering Technology: DUV
- Engineering Technology: NJIT, ROWAN

### ENGINEERING, GENERAL
- Applied Sciences In Engineering: RUNB
- Concrete Industry Management: NJIT
- General Engineering: NJIT, ROWAN
- Interdisciplinary Engineering: SIT
- Engineering Management: SIT
- Engineering Science: TCNJ
- Engineering Technology: NJIT, ROWAN

### ENGLISH LANGUAGE AND LITERATURE, GENERAL
- English: BLC, CENT, CU, DU, FDU, GCU, KU, MSU, MU, NJCU, ROWAN, RU, RUNB, PU, SHU, RCNJ, RUCAM, RUNW, SEU, SPU, SU, TCNJ, WPU

### ENVIRONMENTAL/ENVIRONMENTAL HEALTH ENGINEERING
- Environmental Engineering: NJIT, SIT, RUNB

### ENVIRONMENTAL DESIGN
- Environmental Planning: ROWAN, RUNB, RUT

### ETHNIC, CULTURAL MINORITY, GENDER, AND GROUP STUDIES
- Africana Studies: MU, ROWAN, RUNW, RCNJ, RU, RUNB, SU, WPU
- African-American Studies: DUV, RUCAM, RUNW, RU, RUNB, SEU, SHU, SPU, SU, TCNJ, WPU
- American Studies: RCNJ, RU, RUCAM, RUNW, RU, RUNB, SEU, SPU, SU, TCNJ, WPU
- Latino & Caribbean Studies: RUNB, SHU, SPU, WPU
- Puerto Rican Studies: RUNW
- Women’s & Gender Studies: DUSM, NJCU, ROWAN, RUN, RUNW, SEU, TCNJ, WPU

### EXERCISE SCIENCE
- E-Sports Management: SU
**FOUR-YEAR PROGRAMS**

Exercise Science, FUD, GCU, MSU, MU, NJCU, RU, RUNB, SEU, SPU, SU, WPU

Occupational Therapy Assistant, FUD, RU

Psychiatric Rehabilitation & Psychology, FUD, GCU, KU, RUT

Sport Management, RU, SHU, WPU, SPU

**FOODS, NUTRITION, AND RELATED SERVICES**

Nutrition Science, MSU, RUNB, RU

**GEOLOGICAL/GEOPHYSICAL ENGINEERING**

Geoscience Engineering, NJIT

**GENETICS**

Genetics & Microbiology, RUNB

**GRAPHIC COMMUNICATIONS**

nj.gov/highereducation/documents/pdf/Program_Inventory/CIPSORT_CIP.pdf
Three reasons New Jersey families choose NJBEST

For over 15 years, NJBEST has been the 529 plan for New Jersey families. Now, saving for your child’s education with NJBEST has gotten even better:

• Up to $10,000 state tax deduction
• Matching grant program of up to $750 in new accounts
• Tax-free scholarship up to $3,000

To find out more, visit njbest.com.

1. The New Jersey College Affordability Act allows for a state tax deduction of up to $10,000 per taxpayer with gross income of $200,000 or less, beginning with contributions made in tax year 2022.

2. The New Jersey College Affordability Act allows taxpayers with gross income of $75,000 or less to be eligible for a one-time grant of up to $750 matched dollar-for-dollar of the initial deposit into an NJBEST account for accounts open on or after June 29, 2021. Application and details to follow shortly on hesaa.org. This program is subject to available funding.

3. Effective June 7, 2021, the NJBEST scholarship amount was increased to a total of $3,000. The scholarship is only available for college and is awarded any fall or spring semester of college. The NJBEST Scholarship is provided by the New Jersey Higher Education Student Assistance Authority.

Investors should carefully consider plan investment goals, risks, charges and expenses before investing. To obtain the Investor Handbook, which contains this and other information, call Franklin Distributors, LLC, the manager and underwriter for the plan, at (877) 4NJ-BEST. You should read the Investor Handbook carefully before investing and consider whether your or the beneficiary’s home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in its qualified tuition program.

NJBEST New Jersey’s 529 College Savings Plan is offered and administered by the New Jersey Higher Education Student Assistance Authority (HESAA); managed and distributed by Franklin Distributors, LLC, an affiliate of Franklin Resources, Inc., which operates as Franklin Templeton.

Investments in the NJBEST Plan are not insured by the FDIC or any other government agency and are not deposits or other obligations of any depository institution. Investments are not guaranteed by the State of New Jersey, Franklin Distributors, LLC, Franklin Resources, Inc., or its affiliates and are subject to risks, including loss of principal amount invested. Investing in the plan does not guarantee admission to any particular primary, secondary school or college, or sufficient funds for primary, secondary school or college.

Franklin Templeton, its affiliates, and its employees are not in the business of providing tax or legal advice to taxpayers. These materials and any tax-related statements are not intended or written to be used, and cannot be used or relied upon, by any such taxpayer for the purpose of avoiding tax penalties or complying with any applicable tax laws or regulations. Tax-related statements, if any, may have been written in connection with the “promotion or marketing” of the transaction(s) or matter(s) addressed by these materials, to the extent allowed by applicable law. Any such taxpayer should seek advice based on the taxpayer’s particular circumstances from an independent tax professional.
