Join us for afternoon tea (or coffee!) and a casual conversation about diversity. Mimi’s TeaTalk on Diversity is a diversity awareness program that walks participants through three stages: understanding diversity, working with diverse populations, and diversity action plan.

Each stage is designed to help attendees reflect on their knowledge and experiences, help them build on their understanding of interactions with people from different backgrounds. Mimi’s TeaTalk is a safe place for attendees to share, support, and connect and is open to any New Jersey library workers.
