YOUR PLANNING OBJECTIVES

Please identify the reasons you are considering planning or areas you would like to learn more about (select as many as you wish):

Preserve and Maximize Assets

	By minimizing taxes during your life (income taxes, capital gains taxes, estate taxes on inheritances you expect to receive)
	By minimizing or eliminating estate taxes upon your death (up to 45% of your assets and life insurance benefits)
	By reducing estate administration costs through probate avoidance
	Avoid or limit medical claims on your assets should you require long-term care
	Ensure that a special needs beneficiary has assets that are protected from government seizure while retaining eligibility for needed services
	Ensure that your family has enough life insurance to provide a comfortable lifestyle no matter what
	By ensuring that your assets are passed to your descendants and not given away to outsiders, such as spouses, creditors or the government
Protec	t Yourself and Your Spouse
	From malpractice or other creditor claims
	From conservatorship proceedings (aka "living probate") if you or your partner become incapacitated
	From probate delays and stress upon your death or the death of your partner
	From hospital policies requiring life sustaining procedures when you would rather not endure them
	From healthcare decisions made by people other than those you trust most
Protec	t Your Children or other Beneficiaries
	From predators who can discover inheritance amounts and target young or vulnerable beneficiaries From claims of divorced spouses to take half of your child or beneficiary's inheritance From malpractice claims, for beneficiaries in the professions From other creditors' claims (such as car accident plaintiffs)
	From the stress and delays of the average 16-month process of probate
	From the financial immaturity resulting in a quick loss of an inheritance
	From sharing assets with heirs you would rather disinherit From litigation claims by disinherited heirs
	For parents only: from relatives who would be poor, abusive or even dangerous guardians or from
	foster care
	For parents only: from acquaintances and relatives who should not be allowed to be alone with your children
	For special needs beneficiary only: from neglect in the government care system

Achieve your Dreams

Have clarity about your life purpose, goals and dreams
Benefit a charitable organization or activity
Support a common family goal through coordinated planning
For parents only: By providing guidelines for how your children should be supported while their assets are in trust.
For special needs beneficiaries only: By providing instructions, people, and assets to support your special needs beneficiaries above a poverty lifestyle
For business owners only: By providing for the orderly continuation and transfer of family business interests rather than a distress sale
