NJ STATE LIBRARY

TALKING BOOK & BRAILLE CENTER

TBBC has children's and young adult fiction and non-fiction books available in braille, large print and audiobook formats – which can be sent to school or to your student's home.

MOBILE APP

If your student prefers using a tablet or smartphone, the Braille and Audio Reading Download mobile app allows instant downloads of audio and braille books directly to their device.

RESOURCES

Our resources are helpful with school research projects and summer reading, and we partner with educational services that provide accessible textbooks.

SUPPORT

We also offer disability awareness programs, staff trainings, school visits, and activities, alongside our expansive children and young adult catalog.

APPLY

To access all of our services, you must first submit an application, which can be found online at njstatelib.org/tbbc
