8. In those cases where there are less than 12 employees available or interested in attending sessions, the coordinator will notify the chief, employee services, Department of Civil Service, who will arrange for the interested employees to attend sessions in another Department, institution or agency.

9. In all Departments, the coordinator will review the situation at least annually to determine the need for retirement planning sessions.

10. The employee services unit of the Department of Civil Service will provide film strips on retirement planning and a DuKane projector for showing the film strips.

Full text of the proposed new rules follows:

SUBCHAPTER 2. GENERAL RATE SCHEDULE FOR DELAWARE AND RARITAN CANAL WATER

7:11-2.1 General provisions

(a) The general rate schedule established by the Commissioner of Environmental Protection with the endorsement of the Water Policy and Supply Council of the Division of Water Resources effective as of January 1, 1975, specifies the following rates to be paid for raw water withdrawn from the Delaware and Raritan Canal; these rates, together with the rate adjustment and demand charge provisions set forth herein, will be incorporated in water use agreements;

Gallons per month	Rate per Million Gallons
1. All water withdrawn	\$50.00

7:11-2.2 Rate adjustment

All agreements for the sale of water from the Delaware and Raritan Canal shall reserve to the Division the right to review and revise these rates from time to time by the establishment of a new general rate schedule.

7:11-2.3 Demand charge

(a) Effective on the date of commencement of charges as

prescribed under "Period of Agreement" in the rules and regulations for the use of water from the Delaware and Raritan Canal, except for standby service described below, the user shall pay to the Division a monthly charge amounting to 100 per cent of the value of the quantity of water specified in the agreement for maximum 24-hour withdrawal at the rates prevailing in the agreement in effect at that time.

(b) Calculation of said demand charges as provided above shall be on the basis of the anticipated number of withdrawal days, but not less than 22 withdrawal days per month.

7:11-2.4 Standby services

(a) A user applying for water supply for occasional use only, such as fire protection, may be classified by the Division as "Standby Service". Such user shall pay a monthly standby charge instead of a demand charge but shall in all other respects comply with the rules and regulations for the use of water from the Delaware and Raritan Canal.

(b) The Division reserves the right to revoke such standby service classification at any time on 30 days written notice to the user.

(c) Upon revocation, such user may submit an application for normal water use, or on failure to do so, the original agreement will be terminated.

7:11-2.5 Standby charge

(a) A user classified under standby service, as provided above, shall pay for water withdrawn at the rates set forth in the general rate schedule, but not less than the standby charge as specified below, based on the capacity of his withdrawal system.

Note: Mgd. = million gallons daily; Gpm. = gallons per minute

Maximum Withdrawal Capacity	Charge
1. Each 1 Mgd. (700 Gpm.) or fraction thereof	\$50.00 per month

to delete in its entirety the text of N.J.A.C. 7:11-3.1 et seq., concerning the use of water from the Delaware and Raritan Canal and adopt new rules in place thereof. Within the Department of Environmental Protection, this proposal is referred to as Docket #DEP10-74-10.

Full text of the proposed revised rules follows:

SUBCHAPTER 3. USE OF WATER FROM THE DELAWARE AND RARITAN CANAL

7:11-3.1 Application for supply

Application for withdrawal of water from the Delaware and Raritan Canal shall be submitted to the Division of Water Resources on an "Application for Water Supply" form, copies of which will be furnished by the Division upon request.

7:11-3.2 Public hearing

(a) In accordance with Chapter 168, P.L. 1949, a public hearing will be held on each application, except that the Division may waive this requirement in the case of an application for quantity less than 500,000 gallons per day.

(b) All costs and expense in connection with such hearing, including the cost of legal advertising and stenographic transcript, shall be paid by the applicant.

7:11-3.3 Water use agreement

(a) Water shall be withdrawn from the Canal only in accordance with the terms of a formal agreement, to which these rules and regulations shall be attached and made a part thereof, between the Division of Water Resources, acting for the State of New Jersey, and the user.

(b) The said agreement shall be executed by the user within 60 days after transmittal by the Division, otherwise the application and approval shall be null and void.

7:11-3.4 Payments

(a) The user shall pay the Division for all raw water withdrawn from the Canal in accordance with the rates and provisions set forth in the general rate schedule in effect on date of execution of the water use agreement.

(b) Payments shall be made monthly as billed, at the office of the Division of Water Resources, of the Department of Environmental Protection, Trenton, New Jersey.

7:11-3.5 Withdrawal system

(a) Raw water shall be withdrawn from the Canal by the user at his own cost and expense.

(b) The Division grants to the user the right to install and construct in the Canal and on adjoining Canal property at or near the point of withdrawal, and to replace, repair, operate and maintain, such apparatus, equipment, structures and facilities, all at his sole cost and expense, as may be necessary for the withdrawal from the Canal of the raw water sold by the Division, for the measurement thereof, and for the transportation thereof to the plant or plants of the user.

(c) Prior to the installation or construction of any such apparatus, equipment, structures or facilities, the user shall furnish to the Division for its approval, a plan showing in such detail as may be required by the Division, the proposed system for withdrawal, measurement, transportation and ultimate disposition of the water and shall not install or construct the same until said system shall have been approved by the Division.

(d) The Division also grants to the user the right of ingress over, upon and under any and all other Canal lands as may be necessary for the construction, operation, repair and

maintenance of such system.

(e) The Division or its designated representative shall have the right at any time to examine the user's withdrawal system, distribution system, disposal system and all other related facilities.

(f) The user shall, within ten days after receipt of written demand from the Division, make such repairs to his structures and facilities as, in the opinion of the Division, may be required to eliminate leakage of water from, or potential damage to the Canal. On his failure to do so the Division may make such repairs at the cost and expense of the user, which cost and expense the user expressly agrees to pay on demand.

(g) The user shall make such changes in his withdrawal system as may from time to time be ordered in writing by the Division. The user shall make no alterations in the approved withdrawal system without securing the prior written approval of the Division.

7:11-3.6 Meter

(a) The user shall purchase or construct, install, maintain and operate, at his sole cost and expense, in a manner satisfactory to the Division, a flow meter or measuring device of a type and in a location approved by the Division.

(b) The user shall have said flow meter tested for accuracy at his own sole cost and expense before installation, by a laboratory approved by the Division, and shall furnish a certified report of such test to the Division.

(c) The user further shall have such laboratory test repeated and furnish a report of said test to the Division at intervals of not less than once each year, following meter repairs, and/or at such other times as specifically directed by the Division.

7:11-3.7 Meter failure

(a) The user shall use reasonable care that the installed flow meter or measuring device is properly operating at all times.

(b) If same is broken or improperly operating at any time or times, proper adjustments or estimates shall be made by the Division to determine the amounts of water withdrawn and to be charged for during time or times of meter failure. Such estimates shall be based on the daily quantity contracted for, with due consideration of the scale of plant operation before and during the break-down period, or on such other equitable method as the Division shall determine.

7:11-3.8 Meter readings

(a) The monthly meter readings to determine total withdrawal shall be taken by the user on the last day of each month, unless otherwise approved by the Division, or if that day falls on Sunday or legal holiday, on the first working day thereafter.

(b) The user shall keep a daily record of flow rates and cumulative daily water withdrawal totals and shall submit to the Division each month, not later than the third day of such month, copies of such records for the preceding month.

(c) The Division or its designated representative shall have the right at any time to examine the flow meter or other measuring device and the above-mentioned records, as well as to order tests, repairs or replacements thereof.

7:11-3.9 Withdrawal schedule

(a) When required by the Division, the user shall submit in writing to the Division a schedule of normal withdrawal of water from the Canal.

(b) The user shall notify the Division in writing 48 hours in advance of pending departure from said schedule due to plant shutdown or other causes, and in the event of emergency departure from said schedule the user shall immediately notify the Division or its designated representative at such place and in such manner as the Division may from time to time designate and with notice confirmed in writing.

(c) The user shall similarly notify the Division or its representative indicating resumption of said normal schedule and with notice confirmed in writing.

(d) In the event the user fails to notify the Division or its designated representative of the departure from or a return to normal schedule, and the Canal and related appurtenances are damaged, the cost for the repair of such damage, in whole or in part, shall be borne by the user as determined and billed by the Division.

7:11-3.10 Water quality

It is expressly stipulated that the Division and the State of New Jersey does not guarantee the quality of the water supplied hereunder and no claims regarding quality variations shall be made against the Division or any other agency of the State.

7:11-3.11 Revocation by Division

In event that for a period of six consecutive months the daily average withdrawal shall not equal at least 50 per cent of the quantity specified in the agreement for 24-hour withdrawal, the Division shall have the right to revoke the agreement and require that the user submit a new application for revised quantity of withdrawal.

7:11-3.12 Discharge into canal

(a) Water shall not be discharged into the Canal except upon prior application and only in accordance with the terms and conditions of a formal approval granted by the Division.

(b) The application shall include all information required by the Division for determination of conditions governing discharge.

7:11-3.13 Discharge structures

(a) Structures for the discharge of water into the Canal shall be installed and maintained by the user thereof at his own sole cost and expense.

(b) Prior to the installation of such structures or facilities, the user shall furnish to the Division a plan showing in such detail as may be required by the Division the proposed discharge system, and shall not install or construct the same until said system shall have been approved by the Division.

(c) The user shall, within ten days after receipt of written demand from the Division, make such repair to his discharge system as may be required to eliminate leakage of water from, or potential damage to the Canal, or on his failure to do so, the Division may make such repairs at the cost and expense of the user, which cost and expense the user expressly agrees to pay on demand.

(d) The user shall make such changes in his discharge system as may from time to time be required by the Division but shall not alter the approved installation of the system without the prior written approval of the Division.

7:11-3.14 Assistance to be furnished by user

The user, at his own expense, shall furnish the designated representative of the Division such assistance as the Division may require for the purpose of examining the user's withdrawal, distribution and disposal system, making meter

tests, taking samples or performing other duties in connection with the agreement.

7:11-3.15 Damage claims

The user shall at all times save and keep harmless the Division from and against claims for damages of whatsoever nature arising in any manner or under any circumstances by reason of the acts or negligence of the user, his officers, agents, representatives or employees in installing, constructing, replacing, repairing, maintaining or operating the withdrawal, distribution and disposal systems, whether such damage be sustained by the user or by other persons or corporations which seek to hold the Division liable.

7:11-3.16 Insurance

(a) The user shall maintain public liability and property damage insurance on the property and facilities which constitute the withdrawal system operated and maintained on Canal property with an insurance company authorized to do business in the State of New Jersey, in the following minimum amounts or as otherwise required:

1. \$100,000/\$300,000 bodily injury; and
2. \$50,000 property damage, and naming the State of New Jersey, Division of Water Resources as an "Additional Insured".

(b) Certificates of such coverage shall be delivered to the Division with evidence of payment of premiums thereof upon delivery to the Division of the agreement executed by the user as set forth under Section 3 of this Subchapter.

7:11-3.17 Commencement of charges

(a) The agreement shall take effect on the date of its approval by the State, and the date of commencement of charges shall be the first day following completion of construction of the withdrawal system but in no case later than nine months after the date of said approval.

(b) The agreement shall continue for the period specified therein.

(c) At the end of said period the agreement shall terminate, except as to those matters set forth under Sections 15, 18 and 19 of this Subchapter.

7:11-3.18 Renewal

(a) If the user desires to withdraw water from the Canal beyond the period specified in the original agreement, he shall submit a renewal application not less than 90 days in advance of the expiration date of the agreement then in force.

(b) If the user continues withdrawal after the expiration date of the contract without submitting an application for renewal, the charge for such withdrawal will be twice the rate per million gallons as specified in the general rate schedule in effect at that time.

7:11-3.19 Termination

(a) In case of an emergency, natural or otherwise, or where after public hearing the Commissioner determines that such circumstances exist that the State's best interests are served, the State reserves the right to curtail, suspend or terminate the user's withdrawal of water from the Canal.

(b) Violation of the rules and regulations as herein set forth shall be just cause to terminate the user's right to withdraw water from the Canal, as determined by the Division.

(c) Upon termination of the agreement for any reason, the privileges granted to the user shall terminate absolutely and be extinguished.

7:11-3.20 Disposition of facilities

(a) Within 90 days after termination the user shall remove from the property of the Division all facilities installed by him and restore said property to its former condition in a manner satisfactory to the Division. On his failure to do so, the Division may make such removal and restoration at the cost and expense of the user, which cost and expense the user expressly agrees to pay on demand and/or the Division reserves the option to sell such facilities to help defray the cost of removal and restoration.

(b) An exception to the provisions of subsection (a) is within 30 days after termination, the user may tender any or all withdrawal and related facilities on the property of the Division, as is, in writing to the Division which the Division may accept at its discretion in writing within 60 days. Tender of said facilities shall stay the 90-day period for removal of said facilities pending the Division's acceptance or rejection of said tender.

7:11-3.21 Strikes; natural disasters; acts of God

The Division shall not be considered in default in the performance of any of its obligations to the extent the performance of any such obligations is prevented or delayed because or by reason of war, hostilities, revolution, civil commotion, strike, epidemic, accident, fire, wind, flood, explosion or embargo; or because of by reason of any law, order, proclamation or regulation of the Government of the United States of America, or of any state of the United States of America, other than the State of New Jersey, or of any authority or representative of any such Governments; or because or by reason of any act of God, whether of the same or a different nature.

ENVIRONMENTAL PROTECTION THE COMMISSIONER

Notice of Consideration of a Proposal

Take notice that the Department of Environmental Protection has issued the following notice, which is referred to as

Docket #DEPO11-74-10 in the Department:

Notice is hereby given that the Department of Environmental Protection, under the authority of N.J.S.A. 13:1C-1, et seq., and N.J.S.A. 26:2C-1, et seq., is considering to propose a supplement to the provisions of N.J.A.C. 7:27.

The supplement would provide for a requirement that stationary storage tanks, reservoirs or vessels designed to contain any volatile organic substance (meaning any organic substance, mixture of organic substances or mixture of organic or inorganic substances including but not limited to petroleum crudes, petroleum fractions, petrochemicals, solvents, diluents and thinners) be painted or coated in such a way and in such colors (such as, white or aluminum) that the rate of evaporation of the vessels' contents will be lowered and, therefore, that the escape of organic vapors into the outdoor atmosphere will be reduced by restricting the absorption of solar energy at the external surfaces of the storage facilities. This information is being sought so that the Department may determine if such a supplement would reduce noticeable odors in New Jersey's air, reduce the extent of formation of photochemical oxidants and conserve fuel and other resources.

Among the kinds of information being sought are:

1. The potential reductions in releases that might result from various colors, reflectivities and textures of the outer surfaces of tanks containing the various categories of products.
2. The economic value of the materials not released due to such procedures.
3. The cost of coating, maintaining and renewing such surfaces relative to those of less reflective surfaces.
4. Any other potential beneficial or adverse effect on, for example, employment, aesthetic considerations, navigation safety and the like that might result from such regulations.

Interested persons may receive more information from, and may present statements or arguments in writing relevant to the proposed action on or before November 30, 1974, to:

Lee Ivey
Supervisor, Permits and Certificates
Bureau of Air Pollution Control
Department of Environmental Protection
Post Office Box 2807
Trenton, New Jersey

The Department of Environmental Protection may thereafter propose such a rule for adoption in accordance with the applicable provisions of the Administrative Procedure Act of 1968.

This Notice is published as a matter of public information.

Director of Administrative Procedure

Proposed Rules Concerning Plans Of Correction for Deficiencies

Ann Klein, Commissioner of Institutions and Agencies, pursuant to authority of N.J.S.A. 30:4D-1 et seq., proposes to adopt new rules concerning plans of correction for deficiencies. Take notice that the text of the proposed rules is intended to appear in **both** Chapters 63 and 65 of Title 10 of the New Jersey Administrative Code since the proposed rule concerns skilled nursing, and intermediate care facilities.

Full text of the proposed rules follows:

10:63-1.13 Plans of correction for deficiencies

10:65-1.2 Plans of correction for deficiencies

(a) All skilled nursing and/or intermediate care facilities approved for participation and reimbursement under the New Jersey Health Services (Title 19 Medicaid) Program are required to submit plans of correction for deficiencies relating to patient care which definitively state that the deficiencies have been corrected by the facilities within 30 days from the date of notification that the reported deficiencies exist. Insufficient nurse staffing at a facility is considered a patient care deficiency.

(b) Failure of an approved skilled nursing and/or intermediate care facility to submit a plan of correction which states that deficiencies relating to patient care have been corrected within 30 days from the date of notification shall be sufficient cause for the New Jersey Health Services (Title 19

Medicaid) Program to initiate action to terminate the Medicaid provider agreement and Medicaid reimbursement with the facility.

(c) Where the deficiency indicates insufficient nurse staffing only, the New Jersey Health Services Program shall require the facility to curtail all further admission of Medicaid patients to the facility until such time as nurse staffing at the facility is adequate for the facility's census in keeping with nurse staffing patterns promulgated by the State Department of Health, the State licensing agency.

(d) In all instances, the New Jersey Health Services Program shall follow due process provisions and shall provide any facility so cited with an opportunity for a hearing in keeping with the Division's established hearing policies.

Interested persons may present statements or arguments in writing relevant to the proposed rule on or before November 27, 1974, to the Division of Medical Assistance and Health Services, Administrative Analyst, 324 East State Street, Trenton, New Jersey 08625.

Revised Standards of the Division

On September 30, 1974, Ann Klein, Commissioner of Institutions and Agencies, pursuant to authority of N.J.S.A. 30:1-1 et seq. and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted revisions to the Standards of the Division of Correction and Parole.

Full text of the revisions and new rules follows:

10:35-7.4(b)

The administrative case review committee reviews all reports involving overall resident programming and disciplinary sanctions and has the authority to take action superseding that of the cottage treatment team.

10:35-8.1(b)

Specific procedures are established for reporting in writing all incidents requiring either information or disciplinary action. All incident reports are brought to the attention of the assistant supervisor of cottage life (shift executive) by the person initiating the incident report before going off duty. The shift executive reviews the incident report and submits it to the cottage treatment team for further review or appropriate action.

10:35-10.2 Redirecting unacceptable behavior

Approved techniques are available for use in working with children to alleviate unacceptable behavior. Corporal punishment is not used. Action or language which tends to be degrading or destructive of human dignity is not used. A child is not deprived of meals, regular evening snacks, mail, or eligible visits as a disciplinary measure.

10:35-51.8 Breakdown of inmate wage scale

(a) Given the funding made available for inmate wages for fiscal year 1975, the projected average wage for an inmate in an operational unit will be \$.9141 per day. The minimum wage earned will be \$.80 per day and the maximum (including any variances for instances outlined in Section 5 of this Subchapter) will be \$1.10. These rates are effective July 1, 1974.

(b) Below is a table of the pay scales for inmates within the three job-skill levels and the performance levels, as well as the ideal percentages of the total population which should fall within each range if the percentages described in this Subchapter are adhered to.

	35 per cent Below Average	50 per cent Average	15 per cent Above Average
Skilled	1.00	1.05	1.10
15%	(5.25%)	(7.5%)	(2.25%)

SUBCHAPTER 63. INMATE RESPONSIBILITY FOR PERSONAL PROPERTY OF SUBSTANTIAL VALUE (DIVISION OF CORRECTION AND PAROLE)

10:35-63.1 Objectives

The objectives are to establish policies and procedures whereby all inmates' personal property of substantial value is marked or identified in an identifiable manner.

10:35-63.2 Marking and identifying property

The chief executive officer determines whether personal property items of inmates are marked or identified. A marking system provides for some kind of engraving or stamping on the article itself. An identifying system provides for a written record to be maintained by the institution. This written record includes name and identification number of the inmate, the date of the receipt of the personal property in the institution, a brief description of the item along with a serial number or other identifying number or symbol. Such written records are maintained in a secure central location such as center control.

10:35-63.3 Inmates hold property at own risk

Inmates arriving at the institution and all inmates resident in the institution are notified in writing that personal property is held at their own risk. Subsequent revisions of the inmate handbook contain this advice.

10:35-63.4 Marking of inmates' personal property of substantial value

(a) It is the responsibility of the institution to establish a means of marking or identifying for identification purposes property of inmates of substantial value such as personally owned radios.

(b) New items of inmates' personal property are marked or identified at the time they are received at the institution.

(c) Procedures are developed to insure that items of personal property already in the hands of inmates are also marked or identified for identification purposes.

10:35-63.5 Infraction of institutional regulations

(a) Inmates are advised that they are considered to have committed an infraction of the rules under one of the following circumstances:

1. They are in possession of personal property of substantial value which has not been marked for identification purposes: or

2. They are in possession of personal property of substantial value which has not been identified and recorded by the institution.

10:35-63.6 Authority

The authority for the above rules is the opinion of a Deputy Attorney General as expressed in a communication dated September 6, 1972, and a letter to superintendents and bureau chiefs on the subject sent by the Division Director on May 18, 1973.

SUBCHAPTER 64. INMATE MARRIAGES (PRISON COMPLEX)

10:35-64.1 Objectives

The objectives are to foster stronger ties to the community that will help create stability in the inmate's personal life; to offer appropriate assistance to the inmate who intends to marry; to establish policies and procedures whereby an inmate may be married while serving sentence.

10:35-64.2 Group served

All inmates may marry provided they are either eligible for a furlough or under the jurisdiction of a court writ.

10:35-64.3 Outline of the eligibility to marry

(a) An inmate may be married if eligible for a furlough, or, if ineligible for a furlough, under the jurisdiction of a court writ permitting marriage.

(b) An inmate who wishes to marry while on furlough must meet the criteria for granting furlough, as guided by the Division standards on the eligibility for furlough (Subchapter 55 of this Chapter).

(c) Application for marriage in no way implies that the inmate will be given any special consideration for early release, furlough, parole or change in sentence.

(d) It is the responsibility of the inmate to insure that he is eligible for marriage under the laws of the State of New Jersey.

(e) The inmate who intends to marry completes all required obligations under the law either on furlough or, if ineligible for furlough, under the jurisdiction of a court writ.

(f) When an inmate is approved to be married while on furlough, he is given the opportunity for sufficient visits to the community and for visits to him by his intended spouse and others involved in the solemnization of the marriage so that he can meet the necessary legal requirements for marriage. Such requirements would include securing the marriage license, undergoing the blood test and making arrangements for a location for the marriage ceremony.

10:35-64.4 Physical facilities

It is the intent of these standards that the inmate will be married away from the institution either on a furlough or by order of a writ issued by a judge. Under these circumstances, the correctional institution is not used for the marriage ceremony.

10:35-64.5 Staff members assigned

Whenever institution resources permit, the superintendent assigns a supervising staff member to act as staff advisor and assist the inmate and his intended spouse.

10:35-64.6 Notification of intended spouse

(a) The staff advisor, by certified mail, return receipt requested, informs the intended spouse of relevant data concerning the inmate, including reason for present incarceration, length of sentence and probable parole date, if known.

(b) The letter makes clear that the institution assumes no responsibility for the inmates' eligibility to marry and that permission to marry is in no way to be construed as grounds for special consideration, such as early parole, subsequent furlough, or change in custody status. Cost of the letter is borne by the inmate and a copy is placed in his file.

(c) In providing information to the intended spouse, the staff advisor is guided by Subchapter 12 of this Chapter, Confidential Nature of Inmate Records: Information of a Public Nature. The contents of psychological and psychiatric reports are not revealed to the intended spouse.

10:35-64.7 Fees and costs

(a) The institution is not responsible for any costs incurred by inmates who marry. Financial obligations for such items as marriage licenses, serological (blood) tests and clergy fees are assumed by the marriage partners.

(b) If an inmate, who is not eligible for a furlough, is married under a court writ necessitating correctional officer escort, it is then incumbent upon the marriage partners to assume all allowed expenses. The inmate and /or his intended spouse are responsible for reimbursing the institution for all travel and other necessary and allowed expenses; plus, a

per diem fee not to exceed \$40.00 per officer escort.

10:35-64.8 Procedure for filing application

(a) The inmate is required to advise the superintendent in writing of his intent to be married while either on a furlough or under the jurisdiction of a writ issued by a judge.

(b) In making application to the superintendent, the inmate includes:

1. Inmate's name and number;
2. Name, address and age of intended spouse;
3. Inmate's present marital status;
4. Address of the marriage ceremony in the community;
5. A statement, signed by the inmate that he or his intended spouse will pay for all expenses incurred, and that he is not aware of any encumbrances that would prohibit his marriage under the law.

10:35-64.9 Advising inmates and staff

The superintendent notifies institution staff of both procedure and policy regarding inmate marriages. All resident inmates and incoming inmates are advised of their right to file an application for marriage and what the procedure is in making application. Inmates are informed of marriage procedures during orientation and in the next revision of the inmate handbook. (See Subchapters 49 and 50 of this Chapter.)

10:35-64.10 Monthly reporting requirements

The superintendent maintains a record of inmates who have been married while serving sentence. The record states names and addresses of marriage partners, date and place of ceremony and name of officiating clergyman or civil officer.

10:35-64.11 Development of procedures

(a) The institution develops procedures by which inmates have the opportunity to marry. These procedures include a written application by the inmate to the superintendent; opportunities, whenever feasible, for consultation between the marriage partners and the staff advisor; opportunities, while either on furlough or by court writ, to make the necessary arrangements for the marriage.

(b) Each institution of the prison complex develops procedures which are consistent with the procedures of the other institutions of the complex. Any further changes in procedures must be accomplished in conjunction with each other.

10:35-64.12 Constraints in regard to developing procedures for inmate marriages

(a) The following issues should be kept in mind in developing procedures for inmate marriages:

1. The use of correctional officer escort is limited by the Division's participation in the national energy conservation program affecting all institutional facilities and personnel. (See Administrative Memorandum 901, Energy Conservation Program).
2. No inmate is permitted to marry outside the territorial jurisdiction of the State of New Jersey.
3. In assisting the various parties concerned with the marriage ceremony it is incumbent upon the institution staff not to divulge any confidential information about the marriage party in general or the inmate in particular, other than what is permitted by law or in standards.

10:35-64.13 Statutes regarding marriage in the State of New Jersey

Institutions are guided by the laws governing marriage

which may be found in New Jersey State Statutes; Vol. 26, Health and Vital Statistics; Vol. 30, Institutions and Agencies; and Vol. 37, Marriages-Married Persons.

10:35-64.14 Authority

These standards are promulgated as the result of a ruling September 20, 1973, by the board of trustees for the prison complex, which states in part that "... the Board permits inmate marriages. The guidelines for the administration, however, shall be developed by the Division of Correction and Parole."

An order adopting these revisions was filed and effective September 30, 1974, as R.1974 d.273 (Exempt, Exempt Agency).

Revisions for Overpayments And Underpayments

On October 16, 1974, Ann Klein, Commissioner of Institutions and Agencies, pursuant to authority of N.J.S.A. 44:7-6, 44:10-3 and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted revisions to the rules concerning overpayments and underpayments, substantially as proposed in the Notice published September 5, 1974, at 6 N.J.R. 348(b) but with subsequent substantive changes not detrimental to the public in the opinion of the Department of Institutions and Agencies.

Full text of the adopted revisions follows (additions indicated in bodface **thus**; deletions indicated in brackets [thus]):

10:81-28.3 Recoupment of overpayments

(a) **Overpayments may occur through administrative error, failure of a client to inform the county welfare board of a change in income, resources or circumstances, or when the client has received continued assistance at an unreduced level pending a fair hearing**

but has been found ineligible to receive such assistance by the fair hearing decision.

1. When overpayment(s) results from willful withholding of information by the client, the county welfare board shall recoup such overpayment(s) from current assistance payments and from available income or resources as set forth in Financial Assistance Manual Section 251.

2. Overpayment(s) due to any other reason may be recouped only when the recipient has available income and resources which exceed the current assistance payment, such as disregarded or reserved income.

(b) **Willful withholding of information means:**

1. Either oral or written deliberate or intentional misstatements made by a recipient in response to oral or written questions from the CWB, including understatement of the amount of income or resources or omission of an entire category of income or resources; or

2. When the CWB has clearly notified the recipient of the obligation to report such changes, a deliberate failure by the recipient to so report; or

3. Deliberate or intentional failure by the recipient to report receipt of a check in an amount which he/she knew represented an erroneous overpayment or to which the recipient had previously been informed that he/she would not be entitled.

(c) Any recoupment of overpayments other than for reason of willful withholding of information is limited to overpayments made during the 12 months preceding the month in which the overpayment was discovered.

10:81-28.4 Periodic notice to client

(a) The client shall be informed periodically (at least once every six months) through written notice and oral explanation of his/her continuing obligation to furnish accurate and timely information to the CWB concerning changes in income, resources or other circumstances which may affect the amount of the grant. The client must furnish such information to the CWB as soon as possible but in no event later than two weeks after the change takes place. Failure of the client to so inform the CWB shall constitute willful withholding of information.

(b) The client will also be informed that, if an assistance check exceeds the amount of payment received the previous month and no notice of change has been received, such check should not be cashed and the CWB must be contacted immediately so that corrective action can be taken. The CWB shall take the corrective action within 24 hours of the contact.

(c) The notice, Form PA-911 Important Reminder of Your Obligation to Report Changes, shall be given to the client at the time of application and at each redetermination thereafter, when the worker will fully explain the client's obligations. The client is required to formally acknowledge this notice by a signed statement that it is understood: he/she will sign two copies, retaining one for his/her future reference; the second copy will be attached to the application form and placed in the case record.

10:82-10.1 Overpayment; underpayments

(a) In situations where an administrative error or failure of a member of an eligible unit to inform the county welfare board of any change in income, [or] resources, or circumstances results in an overpayment or underpayment

in the monthly grant, the county welfare board shall proceed as follows:

1. Immediately upon discovery of the overpayment or underpayment, inform the [eligible unit] client in writing that such error in payment has occurred, its amount, [and that it will be taken into consideration in issuing the next payment(s) of assistance, if any [subject to subsection b-1 below;] and that corrective measures will be taken in accordance with the following regulations.

2. [The county welfare board shall] Correct the monthly grant for the period of assistance next following the discovery of the overpayment or underpayment, unless in the case of an underpayment an immediate additional payment is issued pursuant to Section 252.-b; and [as follows]

3. When there has been overpayment, recoup the amount of overpayment in accordance with subsection (b) of this Section. Reductions in the monthly grant may only be made subject to timely and adequate notice as stated in Manual of Administration Section 2910.

(b) Overpayments shall be recouped only in the following situations:

1. When overpayment has resulted from the willful withholding of information by the client; or

2. In all other situations, including administrative error or where the client has received continued assistance at an unreduced level pending a fair hearing but has been found ineligible to receive such assistance by the fair hearing decision, only when the client has available resources such as disregarded or reserved income.

(c) Recoupment shall be limited to the following methods:

1. In the event of overpayment due to willful withholding of information, deduct from the grant an amount not to exceed ten per cent of the adjusted allowance or, where such deduction would in the judgment of the CWB create undue hardship, a lesser amount; and, in addition, proceed as in paragraph 2. below;

2. In all other situations involving overpayments:

i. when there is earned income currently available and subject to disregards, deduct from the adjusted allowance the amount of the overpayment(s), not to exceed 20 per cent of the eligible unit's total gross earnings or, where such deduction would in the judgment of the CWB create undue hardship, a lesser amount; and

ii. when the client has reserved income or other available resources, develop a mutually agreeable arrangement with the client for recoupment of the overpayment.

(d) Recoupment of overpayments, even when encompassing the total monthly payment, shall not affect Medicaid eligibility so long as all other factors of eligibility continue to exist.

(e) When the overpayment has been satisfied, the amount of the assistance payment must be immediately adjusted so that no further reductions for recoupment are made.

(f) When underpayment was due to failure of a member of the eligible unit to provide appropriate information, the next regular payment shall reflect the corrected grant for that payment period and the amount necessary to correct the payment for the period immediately preceding.

(g) When underpayment was due exclusively to administrative error by the agency, corrective payment shall be made retroactively to that month, within the 12 [six] months immediately preceding the discovery of the underpayment,

in which the administrative error first occurred. **Corrective payment resulting from a fair hearing decision shall be retroactive to the date the incorrect action was taken.**

1. Such retroactive adjustment shall be made as an additional payment as promptly as possible but in no event later than the time of the next regular payment.

2. For purposes of determining continuing eligibility or the amount of assistance, retroactive corrective payments shall not be considered as income or resource to the eligible unit either in the month paid or in the following month(s).

[(b) When administrative error occurred earlier than within the preceding six months, a report of all relevant facts and recommendation for corrective action shall be submitted to the State office. Corrective payment for any period greater than six months shall not be issued without approval and authorization by the State office.]

(h) No further or subsequent adjustments in the grant other than those recognized in this Section are authorized to account for the overpayment or underpayment.

(i) In all situations of overpayments, the facts and circumstances in each case shall be evaluated and, where indicated, action taken as appropriate in accordance with regulations pertaining to fraudulent receipt of assistance.

An order adopting these revisions was filed October 17, 1974, as R.1974 d.287 to become effective December 1, 1974.

LAW AND PUBLIC SAFETY

DIVISION OF ALCOHOLIC BEVERAGE CONTROL

Proposed Revisions to Rules of the Division

Leonard D. Ronco, Director of the Division of Alcoholic Beverage Control in the Department of Law and Public Safety, pursuant to authority of N.J.S.A. 33:1-39 and 33:1-93, proposes to adopt new rules concerning wholesale prices of malt alcoholic beverages and adopt revisions to the rules concerning minimum consumer resale prices of alcoholic beverages.

Full text of the proposed revisions follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]):

13:2-31.1 Schedule of retail prices filed with Director

[(b) A schedule of minimum consumer resale prices required to be filed for malt alcoholic beverages shall be filed separately for each recognized trading area established by Section 31.8 of this Chapter (Rule 8 hereof) where it is to be sold or offered for sale.]

[(c)] (b) Manufacturers and wholesalers intending to sell private label brands or exclusive brands of alcoholic beverages to retailers shall accompany their filings with the name and address of the retailer to whom the alcoholic beverages are to be sold. Except for special cause shown, in writing, to the Director, no brand of alcoholic beverage which has been sold exclusively to one New Jersey retailer may be sold to any other New Jersey retailer or be listed for sale or sold to more than one New Jersey retailer unless the brand has not been delivered by the manufacturer or any wholesaler to the exclusive New Jersey retailer during a period of at least one year previously; and no brand of alcoholic beverage which has been listed for sale or sold to more than one New Jersey retailer may be listed for sale or sold to one New Jersey retailer exclusively unless the brand has not been delivered by the manufacturer or any wholesaler to another New Jersey retailer during a period of one year previously.

13:2-31.8 [Trading areas for malt alcoholic beverages] **Inspection of price schedules**

[(a) The recognized trading areas for malt alcoholic beverages shall be known as Area A and Area B, respectively, and shall be as follows:

1. Area A consists of the Counties of Bergen, Burlington (except the Township of Maple Shade), Essex, Hudson, Hunterdon, Mercer, Middlesex, Monmouth, Morris, Ocean, Passaic, Somerset, Sussex, Union and Warren.

2. Area B consists of the Counties of Atlantic, Camden, Cape May, Cumberland, Gloucester, Salem and the Township of Maple Shade in the County of Burlington.]

13:2-31.9 [Inspection of price schedule] **Reserved**

[13:2-31.9] 13:2-31.8 (a) Price schedules filed with the Director setting forth minimum consumer resale prices for malt

alcoholic beverages shall be available for inspection during regular business hours at the offices of the Division of Alcoholic Beverage Control by anyone filing such schedules until 4:00 P.M. of the first business day for filing such schedules.

[13:2-31.9] 13:2-31.8 (b) Price schedules for malt alcoholic beverages already filed for any quarter-annual period may be amended to meet a higher or lower and competing filed price; provided, however, that any amended price schedule must be filed before 4:00 P.M. of the first business day after the last day for filing the schedules being amended.

13:2-34.18 Wholesale prices of malt alcoholic beverages

(a) No manufacturer or wholesaler shall sell to any retailer, and no retailer shall purchase from any manufacturer or wholesaler any malt alcoholic beverage except at the price thereof filed in accordance with this regulation.

1. Manufacturers and wholesalers of malt alcoholic beverages, including those who supply private label or exclusive brands, intending to sell such alcoholic beverages to retailers, shall file with the Director, in prescribed form, not later than the twenty-second day of February, May, August and November of each year, price listings as provided for and as limited in this rule, containing as to each alcoholic beverage listed: Its correct brand or trade name, its nature and type, the number of unit containers per case, the capacity of each unit container, the wholesale standard case prices, which prices shall be individual for each case of malt alcoholic beverages and not in combination with any other alcoholic beverage, and a required deposit, reasonably set, on kegs and all returnable containers. Said listing may contain a statement of any discount to be allowed; provided, however, that a discount allowed to a retailer shall not exceed one per centum, to be allowed uniformly for payment in cash (including money order, certified check or a cashier's or treasurer's or similar bank officer's check, but excluding ordinary check) at or before delivery or within seven days thereafter, to be applicable to the total purchase price of a single complete delivery of an entire purchase order exclusive of State sales tax, but not applicable to any retailer whose name appears on the Division's default list in effect on the date of delivery. Said listing may also contain a statement of any late payment fee or interest to be charged when payment for deliveries is not made within the applicable credit period. Price and discount listings so filed with the Director shall be deemed to be a new filing for each succeeding quarter-annual period for which no new listing is thereafter timely filed with the Director.

2. Whenever a manufacturer or wholesaler files a quarterly price that is lower than the previous quarterly price of any size of a brand of any malt alcoholic beverage, subsequent to the original price filing, he may not increase such reduced price until at least six months have elapsed thereafter.

3. If, after the time for filing price listings as hereinabove provided, a wholesaler desires to sell a brand or size of a malt alcoholic beverage not then currently listed by him because not previously available to him, such wholesaler may file with the Director a supplemental price listing for such brand or size in the manner and form hereinabove prescribed. A wholesaler

obtaining his license by original issuance or transfer from another wholesaler after the time for filing price listings as hereinabove provided, may, within 90 days after the effective date of his license, file with the Director an initial price listing in the manner and form hereinabove prescribed. A wholesaler filing such supplemental or initial price listing may not sell such brand or size of alcoholic beverage to any retailer unless the brand and size is listed in the then currently effective minimum consumer resale price pamphlet, written approval for such sale has first been obtained from the Director, and such wholesaler has given written notice of such supplemental or initial listing to his retailers. If such brand and size has been listed by another manufacturer or wholesaler for the then current quarter-annual period, approval will not be granted unless the price listed in such supplemental or initial listing is not less than the lowest price listed by such other manufacturer or wholesaler.

(b) Wholesale malt alcoholic beverage price lists shall be published quarter-annually by the Director, to become successively effective on and after the first day of January, April, July and October of each year, and shall list by manufacturer or wholesaler the complete schedule of wholesale prices (stated separately and not in combination with any other beverage, alcoholic or otherwise, or any other merchandise or service) of all malt alcoholic beverages to be offered for sale and to be sold by each manufacturer and wholesaler to retailers as set forth in price listings previously filed with the Director in accordance with subsection (a) of this Section hereof, except that private label and exclusive brand price filings and filings submitted by wholesalers who sold less than ten per cent of their total gallonage in the last preceding quarter to retail licensees shall not be so published.

(c) No wholesaler shall include in his price listing any brand of malt alcoholic beverages not acquired from the owner of the brand or its supplier authorized by the owner of the brand to supply New Jersey wholesalers, except pursuant to waiver of the provisions of this rule granted by the Director upon petition setting forth the brand name, the quantity acquired, the source of supply, and such other information with respect thereto as the Director may deem necessary.

(d) Price listings filed with the Director and setting forth wholesale prices to retailers shall be available for inspection during regular business hours at the office of the Division of Alcoholic Beverage Control by manufacturers and wholesalers until 4:00 P.M. of the second business day after the last day for filing prices. A manufacturer or wholesaler may amend his price listing already filed for any quarter-annual period to meet a lower or higher competing price listing filed and affecting prices to retailers by another manufacturer or wholesaler with respect to malt alcoholic beverages of the same brand or trade name or comparable price competitive brand and unit container size; provided, however, that any such amended price listing must be filed before 4:00 P.M. of the third business day after the last day for filing prices; and provided, further, that such amended listing does not set forth prices lower than those of the brand being met. Any wholesaler filing an amended listing shall, simultaneously therewith and in writing, identify the specific listing being met.

(e) Wholesale malt alcoholic beverage price lists shall be printed in pamphlet form and delivered to all retailers not later than three business days before the effective date of such price lists. All manufacturers and wholesalers who file price and discount listings to retailers shall be chargeable with a proportionate cost of the printing and mailing of the pamphlet so published and mailed which shall be paid by such manufacturer or wholesaler within 60 days after the effective date of the prices listed in the pamphlet. Failure by any manufacturer or wholesaler to pay such proportionate cost shall be deemed cause for the Director's refusal to accept any further price listings from such manufacturer or wholesaler while such proportionate cost remains unpaid.

(f) Any wholesaler who has filed with the Director prices for malt alcoholic beverages to be sold to retailers may for the calendar month of February or March, reduce the price listing of a malt alcoholic beverage item of a brand theretofore filed by him for the quarter-annual period beginning the first day of January; for the calendar month of May or June, reduce the price listing of a malt alcoholic beverage item of a brand theretofore filed by him for the quarter-annual period beginning the first day of April; for the calendar month of August or September, reduce the price listing of a malt alcoholic beverage item of a brand theretofore filed by him for the quarter-annual period beginning the first day of July; for the calendar month of November or December, reduce the price listing of a malt beverage item of a brand theretofore filed by him for the quarter-annual period beginning the first day of October, by filing with the Director on or before the eighteenth day of the month preceding the month in which the reduction is to be effective, in the form prescribed in subsection (b) of this Section, an amended price listing for such malt alcoholic beverage with a statement that the amended price therein is to become effective only for the calendar month immediately following the date of filing thereof, and shall file with the Director, before the first day of said month, an affidavit that a copy of said amended price listing and statement has been delivered to each retailer to whom such wholesaler sold alcoholic beverages during the preceding three months.

(g) The Director may, upon adequate cause appearing therefor, suspend the foregoing provisions as to the time of filing price listings, time of publication of wholesale malt alcoholic beverage price lists and time of mailing to retailers, to permit changes in prices to take effect upon such shorter notice as he may prescribe. Any such price list then currently effective may be continued in effect for a period not to exceed 30 days after the scheduled publication date of the next succeeding wholesale price list, by announcement of the Director upon his finding that an emergency exists.

(h) No manufacturer or wholesaler of malt alcoholic beverages, shall furnish or offer to furnish, directly or indirectly, to any retailer, and no retailer shall solicit, accept or offer to accept directly or indirectly from any manufacturer or wholesaler, any gift, rebate or allowance of money or any thing of value (whether by sale, loan, gift or otherwise) or other discount or inducement, including free goods, deals, combination sales and similar merchandising devices, except advertising items permitted under State Regulation No. 21, nor shall any such manufacturer or wholesaler sell or offer to sell

to a retailer any particular brand or brands of malt alcoholic beverages tied in with or contingent upon the retailer's purchase of some other beverage, alcoholic or otherwise, or any other merchandise or service.

(i) Manufacturers and wholesalers of malt alcoholic beverages shall not give samples of such malt alcoholic beverages to retailers except pursuant to and within the terms and conditions of a special permit first obtained from the Director, to be issued upon the basis of a petition submitted by such manufacturer and wholesaler.

(j) Manufacturers and wholesalers of malt alcoholic beverages shall not conduct or participate in any contest promoting the sale or distribution of malt alcoholic beverages, except that nothing herein shall apply to such a contest involving only their employees and in which no retail licensee or member of the public participates in any manner whatsoever.

(k) No manufacturer or wholesaler of malt alcoholic beverages or any association or other organization of manufacturers or wholesalers of malt alcoholic beverages shall, directly or indirectly, participate in any way by officers, directors, salesmen or other employees or agents or otherwise, in any celebration, anniversary, outing, picnic, dinner, dance or other affair conducted, sponsored or solicited by any licensee licensed to sell malt alcoholic beverages at retail in the State of New Jersey, or by any officer, director, employee or agent of such licensee. Nothing herein contained shall prohibit manufacturers or wholesalers of malt alcoholic beverages or associations or other organizations of manufacturers or wholesalers of malt alcoholic beverages, from purchasing tickets, subscriptions or admissions to conventions, dances, outings, picnics or dinners held by, or purchasing advertisements in publications or periodicals published by, bona fide retailers' trade associations and organizations or bona fide State-wide civic, charitable, religious, fraternal or veterans' organizations.

Interested persons may present or mail statements or comments in writing relative to the proposed action on or before November 27, 1974, to Leonard D. Ronco, Director of the Division of Alcoholic Beverage Control, 25 Commerce Drive, Cranford, New Jersey 07016.

The Division of Alcoholic Beverage Control, upon its own motion, or at the instance of any interested party, may thereafter adopt these revisions substantially as proposed without any further notice.

Full text of the proposed new rule follows:

14:11-5.4 All other utilities

(a) Each utility shall keep a record of and report to the Board all accidents which come within the meaning of reportable accidents as hereinafter defined occurring in connection with the operation of the utility's plant, property or facilities within the State.

(b) For the guidance of each utility, a reportable accident is defined as an accident other than a motor vehicle accident, which does not create a service interruption that results in one or more of the following circumstances:

TREASURY

STATE LOTTERY COMMISSION

Proposed Revisions to Various Lottery Rules

Charles C. Carella, executive director of the State Lottery Commission in the Department of the Treasury, pursuant to authority of N.J.S.A. 5:9-1 et seq., proposes to revise various rules of the State Lottery Commission.

Full text of the proposed revisions follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]):

17:20-5.10(b) All licensed agents, whether they be vending machine agents or manual agents, shall be entitled to a bonus as follows:

[1. Weekly lottery:

- i. Five hundred dollars to an agent who sells a \$50,000 winning ticket (first place prize);
- ii. Seventy-five dollars to an agent who sells a \$5,000 winning ticket (second place prize);
- iii. Fifty dollars to an agent who sells a \$2,500 winning ticket (third place prize).]

1. Weekly lottery—weekly and super drawing:

- i. **Two thousand five hundred dollars to an agent who sells a \$250,000 winning ticket (first place prize - super drawing).**
- ii. **Five hundred dollars to an agent who sells a \$50,000 winning ticket (second place prize - super drawing).**
- iii. **Two hundred fifty dollars to an agent who sells a \$25,000 winning ticket (third place prize - super drawing).**
- iv. **Two hundred dollars to an agent who sells a \$10,000 winning ticket (first place prize in weekly drawing), and who does not qualify for any of the other bonuses provided in this subsection.**

N.J.A.C. 17:21-2.3, Manner of conducting weekly drawings; 17:21-3.1, Determination of prize winners; and 17:21-3.2, Number and amount of prizes are proposed to be repealed and the following new text is proposed in place thereof.

17:21-2.3 Weekly drawing pool

The weekly lottery number selected at the drawing will consist of two sets of three digit numbers. In order to effectuate the prize structure for the weekly drawing, it is necessary to eliminate all duplicate three digit numbers, for example 123-123, from the pool. (This deletion includes 1,000 such combinations.) In printing the weekly lottery tickets and in the conducting of the weekly lottery drawing all such duplications have been eliminated. As a result, each ticket pool for the weekly lottery shall contain 999,000 tickets and the prize structure shall be based on such a pool.

17:21-3.1 Manner of conducting weekly drawing

(a) Each weekly drawing shall be conducted and the winners determined as hereinafter provided:

- 1. Ten three-digit numbers shall be randomly

selected from a sphere containing all possible three-digit number combinations (1,000 combinations — numbered 000-999, inclusive). These numbers shall be randomly assigned to post positions designated 1-10, inclusive.

2. The New Jersey Racing Commission will be requested to certify and deliver to the New Jersey State Lottery the official results of ten horse races. The winners shall be ten separate program positions designated from 1-10, inclusive.

3. Each such certificate shall be placed in a separate envelope and the envelopes will be placed in a drum. After revolving said drum, an envelope shall be randomly selected and the three-digit number assigned to the winning post position contained in said envelope shall become the first three-digit winning lottery number. A second envelope shall then be randomly selected and the three-digit number assigned to the winning post position contained in that envelope shall become the second three-digit winning lottery number.

17:21-3.2 Number and amount of prizes

(a) For each lottery pool of 999,000 tickets sold, the following prizes shall be awarded to the owners of the winning tickets as heretofore determined:

1. If the weekly winning numbers are 123 456 , the following prizes will be awarded:

Lottery Numbers	Number of Prizes per Pool	Prizes
123 456	1	\$10,000
456 123	1	\$10,000
123 xxx	998	\$ 25
456 xxx	998	\$ 25
xxx 123	998	\$ 25
xxx 456	998	\$ 25

Total number of winners - 3,992
 Total amount of prizes - \$119,800

2. The winners of the \$10,000 prize will qualify for the super drawing as hereinafter provided.

(b) In the event that there is not at least one winner of a \$10,000 prize selected pursuant to N.J.A.C. 17:21-3.1, an alternative number from among the remaining numbers on the post position board will be selected in the manner similar to the selection of the first winning number, until a sold winning number is selected. When it is necessary to select such an alternate number, said number will be used to determine the first prize winning numbers. No other prize awards of any kind will be derived from said alternate number.

(c) The difference between the total amount of money available for awarding of the cash prizes contained in subsection (a) and 48 per cent of the total revenues generated from the sale of lottery tickets in each lottery pool may be allocated to a fund for appropriation to the prize pool of past or future weekly lotteries, the super

drawing, the 50c millionaire lottery, or as otherwise directed by the Lottery Commission.

17:21-3.3 Super drawing

(a) All weekly lottery ticket holders whose lottery numbers match in either position the two three-digit numbers selected at the weekly drawing are guaranteed the \$10,000 prize and are eligible to participate in the super drawing, which will be held whenever five or more winners file a claim and more than 2,997,000 lottery tickets are sold. No more than 12 winners will participate in any given super drawing. All persons holding such tickets must identify themselves no later than one year from the date of the drawing of the winning number in order to participate in a super drawing.

(b) The manner for selecting the winners of the super drawing is as follows:

1. All qualifiers will participate in the drawing procedure by appearing in person, by sending a designated representative or by proxy selected by the Lottery Commission. Each qualifier at the drawing will be assigned a randomly selected single digit number. In numerical order each qualifier will insert a copy of his claim form into an unmarked container and shall place said container into a plexiglass barrel. When all the containers are in said barrel, the barrel will be rotated to provide for a thorough mix.

2. The New Jersey Racing Commission will be requested to certify and deliver to the New Jersey State Lottery the official results for as many horse races as there are participants in the super drawing. The winners of each race shall have a different post position. There shall be as many separate program positions as there are participants in the drawing.

3. Each certificate shall be placed into a separate envelope and the envelopes will be placed in a drum. After revolving said drum, an envelope shall be randomly selected and the person holding the winning post position shall be asked to draw the first container containing a claim form from the plexiglass barrel. Without opening the container, said person shall be asked to select a prize to be assigned to said container. This procedure will be repeated until all prizes have been assigned out.

4. The containers assigned to the various prize positions will then be opened to determine the names of the prize winners.

(c) The prize structure for the super drawing is:

Number of Participants	Number of Prizes		
	\$250,000 (\$25,000 a year for ten years)	\$50,000 (\$10,000 a year for five years)	\$25,000 (\$5,000 a year for five years)
5 - 6	1	1	1
7	1	2	1
8	1	3	1
9	1	4	1
10	1	5	1
11	1	6	1
12	1	7	1

(d) All qualifications for and determinations of winners of the super drawing shall be made by the Director

of the Division of State Lottery whose judgment of said determinations shall be final.

The current text of 17:21-5.1, General provisions, is proposed to be deleted and replaced with the following:

17:21-5.1 Qualification for the 50-cent millionaire lottery

(a) After every weekly lottery drawing, there shall be drawn a separate five digit millionaire finalist number. These five numbers will be randomly selected by use of five electrically controlled wheels, each wheel containing a ball and ten position slots which will be numbered zero to nine, inclusive.

(b) The holder of any ticket whose five-digit millionaire drawing finalist number exactly matches the number selected is guaranteed a cash prize of at least \$500.00 and qualifies as a finalist of a millionaire lottery. Such a person must present his lottery ticket to any authorized New Jersey State Lottery claim center and fill out the appropriate claim within one year from the date of drawing of the qualifier number as provided in this Section.

17:21-5.4 Time of drawing

(a) Millionaire lottery drawings will be held on dates to be fixed by the Lottery Commission.

(b) The tickets to be included in each millionaire lottery drawing and the only tickets eligible to win prizes therein shall be those issued by the Director for sale during the period prior to the drawing date indicated on said ticket.

[(c) Tickets held by the fifth place winners in the weekly lottery shall be entered into a separate millionaire lottery.]

(d) The Director shall in his discretion determine the last weekly lottery to be included in the fifth tier weekly millionaire lottery.]

(c) Qualifiers for the millionaire lottery shall be determined as provided for in N.J.A.C. 17:21-5.1 of these rules and regulations.

17:21-5.6 [Manner of conducting drawings] **Millionaire lottery drawing**

[(a) Each 50-cent millionaire lottery drawing shall be conducted and the winners determined as hereinafter provided:

1. On a date to be determined by the Director a four-digit number shall be selected which shall represent the last four right-most digits in the serial number of each eligible ticket. Eligible tickets shall be determined under Section 3.1 (Determination of prize winners) of this Chapter.

2. All holders of weekly sixth tier and/or cash winning tickets which serial number has as its last three digits as appeared in the selected four-digit number will be awarded a prize of \$100.00 through existing claim centers.

3. All holders of weekly sixth tier and/or cash winning tickets which serial number has as its last four digits the exact four-digit number selected must identify themselves through existing claim centers in the time limit as established by the Director. All persons doing so shall be considered semifinalists in the 50-cent millionaire lottery and after validation shall be guaranteed a cash prize of at least \$500.00. Persons not identifying themselves as described above shall be eligible for inclusion in subsequent 50-cent millionaire lottery drawings, if they identify themselves through existing claim centers no later than one year from the date in which they become eligible as a semifinalist in a 50-cent millionaire lottery.

4. On a date to be determined by the Lottery Commission

finalist drawings shall be conducted.

5. All persons identifying themselves as semifinalists shall be included in the finalist drawing. A semifinalist]

(a) The date, time and place for the millionaire lottery drawings shall be determined by the Executive Director of the Lottery Commission. All persons eligible for said drawing shall be notified by the Lottery Commission of the time, place and location of said drawing. A qualifier may attend the [finalist] drawing or he may designate a proxy in writing to the State Lottery prior to the date of the [finalist] drawing. If a [semifinalist] qualifier is identified and he does not attend the [finalist] drawing nor does he designate a proxy in writing, then the Director shall appoint an agent to perform for him in the [finalist] drawing. At the [finalist] drawing there shall be selected from all identified [semifinalists] qualifiers ten finalists. All [semifinalists] qualifiers remaining after such selection shall receive a prize of \$500.00 each.

[6] **(b)** The ten finalists shall be assigned a number from one through ten in the order selected. Three certified results of a horse race shall then be drawn. The program post position of the winning horse of the first certified result of the drawn horse race shall be used to determine the third prize winner who shall be entitled to \$5,000 a year for ten years. A second certified result of a horse race shall be drawn and the program post position of the winning horse shall determine the second prize which shall be \$10,000 a year for ten years. A third certified result of a horse race shall be drawn and the program post position of the winning horse shall determine the first prize winner who shall be entitled to \$50,000 a year for 20 years. The certified "Horse Race" results used above shall be in ten horse races wherein all of the ten post positions are separately and individually represented so that the winning horse of each race occupied a program position of one through ten inclusively.

[7] **(c)** The seven finalists assigned to the remaining program post positions not selected as a result of the three certified race results as described above shall be awarded fourth place prizes in the amount of \$10,000 cash each as will any others specifically selected for fourth place prizes but not assigned any program post positions.

[8] **(d)** All determinations of winners shall be made by the Director of the Division of Lottery whose judgment of said determinations shall be final.

(b) The payment of prizes to the first, second and third prize winners of the millionaire lottery shall be made annually on the anniversary date of said lottery, except that the first payment shall be made [in accordance with the preceding sentence.] **as soon as reasonably possible after the drawing.**

(c) The payment of prizes to winners of the super drawing shall be made annually on the anniversary date of said lottery, except that the first payment shall be made as soon as reasonably possible after the drawing.

Additionally, the executive director may, in the exercise of his reasonable discretion, issue a subpoena or direction requiring the production of the eligibility list, and in the event of noncompliance therewith may institute appropriate enforcement proceedings pursuant to R. 1:9-6 (Enforcement of subpoena of public officer or agency).

PUBLIC EMPLOYMENT RELATIONS COMMISSION

Proposed Revisions Concerning Arbitration

The Public Employment Relations Commission, pursuant to authority of N.J.S.A. 34:13A-11, proposes to revise its rules concerning arbitration. The proposed revisions concern the deletion of the current text of Subchapter 3, Arbitration, in Chapter 12 of Title 19 in the New Jersey Administrative Code and the adoption of new text therein.

Full text of the proposed new rules follows:

CHAPTER 12. IMPASSES

SUBCHAPTER 3. ARBITRATION

19:12-3.1 Function of the Commission

The Commission deems it in the interests of the public to maintain an arbitration panel whose members are available to assist in the arbitration of unresolved grievances. The availability of this service is intended to comply with the requirement of N.J.S.A. 2A:24-5 that the method for naming or appointing an arbitrator provided in the parties' agreement shall be followed. Accordingly, the release of a panel of arbitrators is predicted solely upon a prima facie showing of the parties' intention to utilize the Commission's arbitration service. Parties are referred to the judicial proceedings available under N.J.S.A. 2A:24-3 and N.J.S.A. 2A:24-5 in the event of a dispute regarding arbitrability or regarding the method for naming or appointing an arbitrator. The Commission is not a necessary party to judicial proceedings relating to the arbitration under either N.J.S.A. 2A:24-3, N.J.S.A.

2A:24-5, or otherwise, but shall, upon the written request of a party, furnish to such party at his expense photostatic copies of any papers in the Commission's possession that may be required in any such judicial proceedings.

19:12-3.2 Request for submission of panel

Arbitration under these rules is initiated by written request to the executive director. One original and four copies of such request, signed and dated by the requesting party or parties, shall be filed requesting the submission of a panel of arbitrators. The request shall set forth the names and addresses of the parties, the names, titles and telephone numbers of the parties' representatives to contact, and a statement identifying the grievance to be arbitrated. The request shall be accompanied by a copy of the arbitration provisions of the parties' agreement.*

*Blank forms for filing a Request for submission of a panel of arbitrators will be supplied by the executive director upon request. Address requests to: State of New Jersey, Public Employment Relations Commission, Trenton, New Jersey 08625.

19:12-3.3 Appointment of an arbitrator

Upon receipt of a written request pursuant to N.J.A.C. 19:12-3.2 (Request for submission of panel), the executive director shall submit simultaneously to each party a copy of such request and an identical list of names of at least five persons chosen from the arbitration panel. Each party shall have seven days from the mailing date in which to cross off any names to which he objects, number the remaining names indicating the order of his preference, and return the list to the executive director. If a party does not return the list within the time specified, all persons named thereon shall be deemed acceptable. The executive director shall appoint an arbitrator giving recognition to the parties' preference. If the parties' preference does not result in agreement upon any of the persons named, the executive director shall submit a second such list and the procedures set forth above shall be repeated, except that each party shall number at least three names contained thereon indicating the order of his preference. If the arbitrator appointed pursuant to this Section declines or is unable to serve, the executive director shall have power to make the appointment of an arbitrator not previously rejected by any party, without submission of any additional list. If parties have agreed upon a method of appointment different from that set forth above, such method shall be followed. Action of the executive director hereunder shall not be reviewable under Subchapter 2 of Chapter 15 of these rules (Request for review of case).

19:12-3.4 Cost of arbitration

The cost of such arbitration shall be borne by the parties in accordance with their agreement and not by the Commission.

A public hearing respecting this proposed action will be held on Tuesday, November 19, 1974, at 10:00 A.M. in Room 1308, Labor and Industry Building, John Fitch Plaza, Trenton, New Jersey 08625. Interested persons may present oral or written statements relevant to the proposed action at this hearing.

STATE NEWS OF PUBLIC INTEREST

Based on press releases from offices involved

POSTCARD REGISTRATION DOUBLES NUMBER OF NEW VOTERS IN STATE

Gov. Brendan T. Byrne reported last month that a total of 120,888 new voters had registered since the State's new registration by mail program became effective two months earlier and he added that the spurt was directly attributable to the new law.

A preliminary report by the Secretary of State's office showed that two out of three new voters had registered by mail as opposed to in-person, he said. Of the total registered, 78,405 took advantage of the mail registration form, while 42,483 registered in person.

The Governor pointed out that in a comparable period prior to the 1970 U.S. Senate election, 45,698 persons were enrolled.

"I am gratified with the results of the postcard registration," the Governor said. "In effect, postcard registration more than doubled new registrations this year." He pointed out that traditionally voter registration decreases sharply between presidential elections.

The Governor commended civic-minded groups, including the League of Women Voters, labor organizations and school officials, for their efforts in helping to make postcard registration a success. He also praised county election officials for their implementation of the postcard registration.

"It is my hope that the Secretary of State's office will make mail registration a year-round program," he said. "We hope mail registration will encourage hundreds of thousands of persons to register and participate in the political process."

"We can't have full public participation as long as one million persons who are eligible to vote are not registered to vote. Full public participation is an essential element to an open government and making government more responsive to the people."

The Governor also noted that spot checks conducted by the Secretary of State's office showed that those who registered by mail actually were eligible to register.

PERC GIVEN BROAD NEW POWERS IN PUBLIC EMPLOYEE NEGOTIATIONS

Far-reaching legislation was adopted last month and signed into law by Governor Brendan T. Byrne giving the Public Employment Relations Commission broad new powers to act in a widened area of negotiations between public employees and various governing bodies.

Local grievance procedures and appeal powers of the State Education Commissioner, the Department of Civil Service, municipal councils and local police chiefs and fire directors are now vested in PERC. Its rulings may, however, be contested in the State's appellate courts.

PERC now has the final determination over the scope of all such contract negotiations, with virtually everything except pensions now negotiable.

PERC can intervene on its own initiative in labor-management disputes to determine if the two sides are bargaining in good faith. Bills for such negotiation disputes will be picked up by PERC, rather than the opposing sides.

Along with the new law was another establishing a legislative commission to study impasse procedures now considered inadequate.

The bill had been backed by the AFL-CIO, the State Education Association and the Policemen's and Firemen's Mutual Benevolent Association, and opposed by the State School Boards Association, the League of Municipalities and various municipal councils.

LARGE NOMINATED TO HEAD EXPANDED STATE ENERGY OFFICE

Gordon M. Large was nominated last month by Governor Brendan Byrne as Administrator of the State Energy Office. The nomination must be confirmed by the State Senate when it returns from recess later this month.

Large, 34, of Princeton, had served as executive director and later acting administrator of the Energy Office since it began operations last February. The Governor said Large would have two distinct responsibilities, direction of the Energy Office, which is soon to become an arm of the State Public Utilities Commission, and also as executive director of a newly-formed Cabinet Energy Committee.

Byrne also said that upcoming legislation will give added responsibilities to the office "for the planning and management of energy in New Jersey".

The new Cabinet Committee, to serve as a coordinating group, includes the Governor as chairman and the Commissioners of the Public Utilities Commission and Departments of Community Affairs, Labor and Industry and Environmental Protection.

WAGNER NEW DEPUTY COMMISSIONER IN DEPARTMENT OF HEALTH

Dr. Joanne E. Finley, State Commissioner of Health, announced the appointment of David A. Wagner of Philadelphia, Pennsylvania, as a Deputy Commissioner in the Department of Health at a \$38,473 salary.

Dr. Finley said that Wagner will have responsibilities in overall Departmental planning and daily direction of activities mandated to the Department by the 1971 New Jersey Health Facilities Planning Act. This includes State-wide health planning, certificates of need, refinement of standards of licensure for health facilities, health economics, budget review and rate setting of health facilities.

He will assist in liaison with other Departments related to these functions, especially the Departments of Institutions and Agencies and of Insurance. Dr. Finley noted that Dr. Watson E. Neiman continues as First Deputy Commissioner.

Wagner was graduated magna cum laude from Temple University with distinction in political science in 1956. He received a graduate assistantship to the University of New Mexico from which he received a master's degree in government.

Wagner, 40, is married and with two sons.

PETTIT NAMED AS ASSISTANT TO SECRETARY OF AGRICULTURE

The State Board of Agriculture recently approved the appointment of William H. Pettit of Willingboro as \$27,824 executive assistant to State Secretary of Agriculture Phillip Alampi. Pettit fills the vacancy left by the resignation in May of Robert D. McMillen who is now an assistant to U.S. Secretary of Agriculture Earl L. Butz.

Pettit, 34, came to the Department from the New Jersey Public Broadcasting Authority where he had been director of information, research and development since 1970. Prior to that, he was general manager of radio station WJJZ in Mount Holly and for five years editor of the Burlington County Times, Willingboro.

Last year, competing against all 234 public television stations in the United States, Pettit was awarded first place award for promotion and advertising by Public Broadcasting Service and the Corporation for Public Broadcasting.

With his wife and three daughters, Pettit lives at 9 Millstone Lane, Willingboro.

ASK COMMENTS ON 63 HEALTH CARE PROJECTS REQUESTING STATE AID

Dr. Joanne E. Finley, State Commissioner of Health, in accordance with a policy of the Health Care Administration Board, has made available a brief description of all "certificate of need project proposals" being considered for Aug. 15 — Nov. 15 review.

Purpose is to alert citizens of the State about the proposed changes so they may participate in the health planning process, she said. Dr. Finley stressed that the applicants have neither been approved nor denied; they are simply proposals. The 63 requests come from 16 counties in the four health-planning areas across the State.

Dr. Finley feels this is an opportunity for interested individuals to become involved in health planning in their local areas. She said that New Jersey is completely covered by the areawide agencies and that their recommendations provide her with data to determine which applications will be approved.

Those desiring the listing or further information should call the State Comprehensive Health Planning Agency in Trenton at (609) 292-6552.

STUDY OF YOUTH DRUG-ALCOHOL ABUSE IS BACKED BY \$415,000 FEDERAL GRANT

The Division of Narcotic and Drug Abuse Control of the State Department of Health recently received a \$415,328 grant from the National Institute on Drug Abuse, one of only four funded nationwide.

New Jersey's project is also the only one dealing with a

study of an adolescent population abusing drugs and /or alcohol. Centered in Middlesex County, treatment services will be provided by the Woodbridge Action for Youth, the Perth Amboy General Hospital and the Chelsea School in Long Branch.

A major aim will be coordination of alcohol and drug treatment units. Three years of funding are anticipated.

Requests for information and services should go to: Stephen Grossman, 367 New Brunswick Ave., Perth Amboy, N.J. Tel: (201) 828-8800.

**NEW FILM, "FOR LAND'S SAKE",
AVAILABLE FOR PUBLIC SHOWINGS**

A color motion picture which points out reasons every citizen should be concerned about preserving farmland in New Jersey has been produced by the State Department of Agriculture for public use, according to Secretary of Agriculture Phillip Alampi.

Entitled "For Land's Sake - Agriculture Keeps New Jersey Green", the 15-minute film was written and narrated by John T. Cunningham, noted New Jersey author and historian.

Emphasizing that a nearby source of fresh food is a primary reason for keeping agriculture in New Jersey, the film also explores open land as a means of preserving and protecting water resources and improving the quality of our air. The aesthetic and recreational values of maintaining tax-paying open space in farmland are other factors weighed.

Groups interested in borrowing a copy of the film at no charge for meetings should write: Division of Rural Resources, Department of Agriculture, P.O. Box 1888, Trenton, New Jersey 08625.
