CIVIL SERVICE COMMISSION

Proposed Revisions Concerning Examinations, Counsel Fees, Sick Leave and Vacation Leave

The New Jersey Civil Service Commission, pursuant to authority of N.J.S.A. 11:5-1, proposes to revise several of its rules concerning awarding of counsel fees, qualification of applicants for open competitive examinations, tie scores and amount of vacation and sick leave for State service.

Full text of the proposed revisions follows (additions indicated in boldface **thus**; deletions indicated in brackets [thus]):

4:1-5.16 Awarding counsel fees

(a) The Civil Service Commission will award counsel fees only when an employee has been exonerated from a charge and is awarded back pay with mitigation. However, in cases where a municipal police officer has been exonerated from a charge, counsel fees will be awarded without reference to back pay or mitigation, pursuant to N.J.S.A. 40A:14-155 (Defense for members or officers . . .).

(b) In order to receive such award by the Commission the appellant must:

1. Submit affidavits of services, and

2. Place on the record sufficient evidence to permit the Commissioner to make a determination as to what fees were necessarily incurred.

4:1-8.8 Qualification of applicants for open competitive examinations

(a) In order to qualify for open competitive examination, an applicant must:

[1. Be a citizen of the United States except insofar as the public announcement of an examination may specify that, when sufficient qualified citizens are not available, a noncitizen who has made application to file a petition for naturalization or who has filed a declaration of intention to become a citizen may be admitted to a test and subsequently appointed to that class;]

1. [2] Be a resident of the State or the governmental subdivision in which he seeks employment. [during the 12 months immediately preceding the announced closing date for filing an application for examination.] **An individual is considered a resident when residing in this State or the governmental subdivision immediately prior to the announced closing date for filing examination application.** This residency requirement shall not apply in any examination when:

i. A different residency requirement is specified by law or provided by Commission regulation;

ii. In the considered judgement of the Commission, because of the character of the work, such a limitation would seriously restrict the Commission's ability to recruit a sufficient number of qualified residents for the position or it has

been demonstrated that advertisement as provided by these rules has failed to produce a sufficient number of qualified residents.

[3. In subsection (a)2. of this Section a veteran under New Jersey Civil Service Law shall be considered to have met the residency requirements if he becomes a resident of the State or local government subdivision within one year from his date of discharge;]

2. [4.] Meet all the requirements specified in the official announcement of the examination;

3. [5.] File an application for examination on the form furnished by the Commission, setting forth fully and truthfully all information required and submit all necessary supporting evidence or other proof, on or before the announced closing date for filing such application.

4:1-9.6(a)5. Performance ratings (in promotion examinations)[; and].

[6. Order in which applications for the examination were received.]

4:1-17.11 Amount of vacation leave (State service)

[(a) Annual vacation leave with pay shall be earned at the rate of one working day of vacation for each month of service during the remainder of the calendar year following the date of appointment; 12 working days vacation thereafter for every year and up to ten years of service; 15 working days vacation after the completion of ten years and up to 20 years of service; 20 working days vacation after the completion of 20 years of service. Permanent part-time employees shall receive vacation credit allowance on a proportionate basis.]

(a) **Every permanent employee in the classified service shall be granted at least the following annual leave for vacation purposes with pay in and for each calendar year, except as otherwise herein provided:**

1. **Up to one year of service, one working days' vacation for each month of service;**
2. **After one year and up to five years of service, 12 working days' vacation;**
3. **After five years and up to 12 years of service, 15 working days' vacation;**
4. **After 12 years and up to 20 years of service, 20 working days' vacation;**
5. **Over 20 years, 25 working days' vacation.**

[(b) Vacation allowance must be taken during the current calendar year at such time as permitted or directed by the appointing authority unless the appointing authority determines that it cannot be taken because of pressure of work. Any unused vacation may be forwarded into the next succeeding year only.]

(b) Where in any calendar year the vacation or any part thereof is not granted by reason of pressure of State business, such vacation periods or parts thereof not granted shall accumulate and shall be granted during the next succeeding calendar year only.

[(c) A permanent employee who returns from military service is entitled to full vacation allowance for the calendar year of return and for the year preceding, provided the latter can be taken during the year of return.]

(c) **An employee who is a member of the National Guard or Naval Militia of this State or of the military or naval forces of the United States required to undergo field training therein shall be entitled to additional leave of absence with pay for the period of such field training.**

Part-time permanent employees shall be entitled to sick leave as established by regulation.

(b) Any amount of sick leave allowance not used in any calendar year shall accumulate to the employee's credit from year to year to be used if and when needed for such purpose.

(c) An employee shall not be reimbursed for accrued sick leave at the time of termination of his employment, **except upon retirement.** Upon termination, the appointing authority shall certify to the Department of Civil Service the employee's accumulated sick leave which shall be made a part of the employee's permanent record.

(d) An employee who has been reemployed shall be credited with the total accrued sick leave at the termination of his previous employment.

(e) **Upon retirement, an employee from the classified service of the State and an employee not in the classified service who has been granted sick leave under terms and conditions similar to classified service employees shall be entitled to receive a lump sum payment as supplemental compensation for each full day of earned and unused accumulated sick leave which is credited to him on the effective date of his retirement.**

Revisions to Subparts 2-1.011 and 2-1.102 In Local Jurisdictions Personnel Manual

On June 19, 1975, the New Jersey Civil Service Commission, pursuant to authority of N.J.S.A. 11:5-1 and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted revisions to Subparts 2-1.101 and 2-1.102 of the Civil Service Personnel Manual (Local Jurisdictions).

Full text of the revised text follows:

Subpart 2-1.101 Reduction of Age by Amount of Service During Period of Actual Hostilities as Defined in N.J.S.A. 11:27-1

2-1.101a Subject

This subpart defines the procedures for determining an applicant's "reduced age" under the provisions of N.J.S.A. 38:23A-2.

2-1.101b Procedure

Applicants who are ineligible under the present maximum age limitations and who have served in the military during the periods of actual hostilities as listed in N.J.A.C. 4:1-2.1 (See "Veteran") and N.J.S.A. 11:27-1, will receive the following reductions in determining their age for Civil Service purposes:

(a) Only the initial period of service (including involuntary extensions) completed during the time periods stipulated in N.J.A.C. 4:1-2.1 (see "Veteran") and N.J.S.A. 11:27-1 can be subtracted from the applicant's present age, and

(b) Comparison between this reduced age and the age requirement for the position at the time of entrance into military service will be made.

Examples:

A 45 year old person, applying at the present time for the positions of firefighter or police officer, is ineligible since the present maximum age is 35 years. However, this applicant served either involuntarily or as a result of induction, on active duty in the U.S. Army from July 27, 1952 to July 27, 1954. The applicant subsequently re-enlisted for a five (5) year period and was discharged on July 26, 1959. Under N.J.A.C. 4:1-2.1 only one of the seven (7) years of service was during a period of actual hostilities. Therefore, there will be a deduction from the applicant's present age of 45. This reduced age, or 44, is compared with the maximum age 30, as of July 27, 1952, when the applicant entered military service. The applicant is also ineligible under the reduced age formula.

A 36 year old person, applying at the present time (1975) for the position of police or firefighter, is ineligible since the present maximum age is 35 years. However, this applicant served either involuntarily or as a result of induction, on active duty with the U.S. Army from December 1, 1971 to December 1, 1973. The applicant subsequently re-enlisted for a two-year period and was discharged on December 1, 1975. Under N.J.A.C. 4:1-2.1 the years of service during a period of actual hostilities was from December 1, 1971 to August 1, 1974, a total of 2 years, 9 months. Of this 2-3/4 year period 2 years were served either involuntarily or as a result of induction. Therefore, there will be a deduction of 2 years from the applicant's present age of 36. This reduced age, or 34, is compared with the maximum age which was in effect as of December 1, 1971, when the applicant entered military service; that maximum age was also 35. Therefore, the applicant is eligible under the reduced age formula.

Note:

(1) An applicant is considered to be over 35 years of age on the day of his/her 35th birthday.

(2) State laws concerning age limitations for prospective police officers and firefighters are based on the announced closing date.

(3) The maximum age for police officer and firefighter is 30 prior to September 4, 1968.

2-1.102a Subject

This subpart contains the definition of the term "principal executive officer" as it is used for Civil Service purposes.

2-1.102b Definition:

A "principal executive officer" is one who has been granted the authority to recommend, implement, supervise, and enforce the policies and procedures of the delegated areas of his responsibilities and to act independently of other administrative authority, subject only to the legislative power of the governing body and existing statutes.

An order adopting these revisions was filed June 23, 1975, as R.1975 d.175 (Exempt, Procedure Rule). Take notice that these revisions are not subject to codification and will not appear in Title 4 of the New Jersey Administrative Code.

Revisions to Subpart 21-6.101 In Personnel Manual (State Service)

On May 29, 1975, the New Jersey Civil Service Commission, pursuant to authority of N.J.S.A. 11:5-1 and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted revisions to Subpart 21-6.101, Information Subpart, of the Civil Service Personnel Manual (State Service).

Full text of the adopted revisions follows:

Subpart 21-6.101 Information subpart

21-6.101a Subject

Representation of State employees when accused of disorderly persons or criminal charges for acts occurring within their scope of employment.

21-6.101b Exposition

The Attorney General or his designee is charged, by statute, with the responsibility of making a judgment as to whether or not State employees charged with criminal or disorderly persons offenses should be provided legal representation by the State of New Jersey. In order to clarify the procedures which should be followed for the Attorney General to determine if employees so charged should be provided with State representation, the following was prepared by the Attorney General.

21-6.101c Procedures

A. Procedures for determining whether to provide representation

(1) The employee who is charged shall make a written request for representation addressed to the head of his agency or his designee. The request shall include a full description of the events involved in the charge as well as a copy of the complaint and other documents.

(2) The employing agency shall review the request with emphasis upon ascertaining whether the matter arose out of or within the scope of the employee's duties, and the relationship of the charges to the operation of the agency. If the agency feels that representation should be supplied, it should forward a written request to that effect to the Attorney General together with its reasons for believing that representation would be appropriate. The latter statement should include the indication that the agency's belief is to the innocence or guilt of the employee and its view of the pertinent facts as they relate to the performance of the employee's duties.

(3) Based upon the materials submitted, and upon any outside information, the Attorney General or his designee will then make a judgment as to whether representation is in the best interest of the State.

B. When representation will be supplied

Although the facts of each individual case must be examined to determine whether the State should provide representation to an employee accused of a criminal or disorderly persons offense, the State ordinarily will provide representation in the following cases:

(1) Where the complaint was filed in bad faith or is totally lacking in substance; or

(2) Where the complaint was filed as a means of harassing the State official in the performance of his official duties; or

(3) Where the subject matter of the complaint calls a fundamental interest of the State of New Jersey into question which must be defended; or

(4) Where the criminal or disorderly complaint or proceeding is filed or initiated by a citizen and not by a law enforcement official; or

(5) Where other special reasons or circumstances exist to warrant representation.

C. Who will provide representation

Representation may be undertaken either through a deputy attorney general or outside counsel selected from an impartially compiled list of competent attorneys whose fees shall be approved by the Attorney General or his designee. The determination whether to provide representation through a deputy attorney general or outside counsel shall depend on the circumstances of the individual case, but in no instance will a deputy attorney general be appointed to defend a public employee where the prosecution will be conducted by a county prosecutor or the Division of Criminal Justice. A public employee who has himself retained private counsel in a criminal matter where an acquittal or dismissal has occurred may request the State to pay for all or part of the cost of his private counsel.

An order adopting these revisions was filed June 5, 1975, as R.1975 d.157 (Exempt, Procedure Rule). Take notice that these revisions are not subject to codification and will not appear in Title 4 of the New Jersey Administrative Code.

Revisions to Various Subparts Of Personnel Manual (State Service)

On June 19, 1975, the New Jersey Civil Service Commission, pursuant to authority of N.J.S.A. 11:5-1 and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted revisions to various Subparts of the Civil Service Personnel Manual (State Service).

Full text of the adopted revisions follows:

Subpart 2-1.101 Reduction of Age by Amount of Service During Period of Actual Hostilities as Defined in N.J.S.A. 11:27-1

2-1.101a Subject

This subpart defines the procedures for determining an applicant's "reduced age" under the provisions of N.J.S.A. 38:23A-2.

2-1.101b Procedure

Applicants who are ineligible under the present maximum

age limitations and who have served in the military during the periods of actual hostilities as listed in N.J.A.C. 4:1-2.1 (See "Veteran") and N.J.S.A. 11:27-1, will receive the following reductions in determining their age for Civil Service purposes:

(a) Only the initial period of service (including involuntary extensions) completed during the time periods stipulated in N.J.A.C. 4:1-2.1 (See "Veteran") and N.J.S.A. 11:27-1 can be subtracted from the applicant's present age, and

(b) Comparison between this reduced age and the age requirement for the position at the time of entrance into military service will be made.

Examples:

A 45-year-old person, applying at the present time for the positions of firefighter or police officer, is ineligible since the present maximum age is 35 years. However, this applicant served either involuntarily or as a result of induction, on active duty in the U.S. Army from July 27, 1952 to July 27, 1954. The applicant subsequently re-enlisted for a five (5) year period and was discharged on July 26, 1959. Under N.J.A.C. 4:1-2.1 only one of the seven (7) years of service was during a period of actual hostilities. Therefore, there will be a deduction from the applicant's present age of 45. This reduced age, or 44, is compared with the maximum age 30, as of July 27, 1952, when the applicant entered military service. The applicant is also ineligible under the reduced age formula.

A 36-year-old person, applying at the present time (1975) for the position of police or firefighter, is ineligible since the present maximum age is 35 years. However, this applicant served either involuntarily or as a result of induction, on active duty with the U.S. Army from December 1, 1971 to December 1, 1973. The applicant subsequently re-enlisted for a two-year period and was discharged on December 1, 1975. Under N.J.A.C. 4:1-2.1 the years of service during a period of actual hostilities was from December 1, 1971 to August 1, 1975, a total of 2 years, 9 months. Of this 2 ³/₄ year period 2 years were served either involuntarily or as a result of induction. Therefore, there will be a deduction of 2 years from the applicant's present age of 36. This reduced age, or 34, is compared with the maximum age which was in effect as of December 1, 1971, when the applicant entered military service; that maximum age was also 35. Therefore, the applicant is eligible under the reduced age formula.

Note:

(1) An applicant is considered to be over 35 years of age on the day of his/her 35th birthday.

(2) State laws concerning age limitations for prospective police officers and firefighters are based on the announced closing date.

(3) The maximum age for police officer and firefighter is 30 prior to September 4, 1968.

Subpart 12-8.101 Conditions To Be Met For Removal Of An Eligible From A Certification

12-8.101a Subject

Subpart 21-1.101 Administration of the State Affirmative Action Program

21-1.101a Subject

Executive Order No. 14 of December 23, 1974, mandates that all executive departments and agencies take affirmative action to eliminate job discrimination based on race, color, creed, national origin, ancestry, sex, marital status, age, and physical handicap to insure equality in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rate of compensation, training, and all other terms and conditions of employment. This Executive Order is in accord with the U.S. Civil Rights Act as amended (P. L. 92-261) the Law Against Discrimination (10:2-1 et seq. N.J.S.A.), and Title 11, N.J.S.A., The Civil Service Law.

21-1.101b Operational Policy and Procedures:

The Department of Civil Service will administer Executive Order No. 14 to the full extent of its obligation by the formulation and implementation of a State affirmative action plan binding on all executive departments and agencies in State government. The plan shall include, but not be limited to:

1. A commitment by all State executive departments and agencies to adhere to the policy as enunciated in Executive Order No. 14 and the State Affirmative Action Plan. It is suggested that no press release regarding the affirmative action program be issued without consultation with the Governor's Affirmative Action Officer or the Civil Service Department so as to avoid inadvertent violations of the Governor's program or of Federal guidelines.

2. All departments and agencies will instruct minority and women applicants, who desire assistance, in how to fill out Civil Service open-competitive examination application forms. The organizational job titles that the applicant most probably would qualify for should be used on the form. Departments and agencies will forward applications to the career development section of the Department of Civil Service. Symbols and codes will be added by the career development section when examinations are announced.

Prior to filling provisional, temporary or unclassified positions, in accordance with paragraphs 4 and 5 of Executive Order No. 14, departments and agencies will request from the career development section of the Department of Civil Service applications from the minority and female pool for interviews. The career development section will have five working days to furnish names of interested applicants.

3. Affirmative action officers shall be separate from Personnel Officers and shall have the enforcement power to ensure the objectives of Executive Order No. 14 are attained—each department or agency shall employ both minorities and women at least in proportion to their population in the relevant surrounding labor market area, and at all levels of responsibility.

4. The designation by the Civil Service Department of an affirmative action coordinator whose responsibilities will be, among other things, to:

a. Perform continuous collection and analysis of personnel data as to race, sex, salary, location, occupational category and other related criteria;

b. Submit reports to Federal government (EEO-4) annually and submit reports to the Governor on a bi-monthly basis;
c. Provide technical assistance to executive departments;
d. Ensure that a grievance system involving job discrimination claims is provided (employees have the option of using the system or that of the Division of Civil Rights);

e. Recommend structural changes of personnel policies and procedures to provide a nondiscriminatory personnel system;

f. Develop programs to remedy deficiencies with particular emphasis given to upward mobility;

g. Coordinate activities with departmental affirmative action officers;

h. Recommend sanctions where appropriate to the governor's affirmative action officer;

i. Delineate criteria for departmental affirmative action plans the minimum components of which shall include a statement of policy, an employee utilization analysis, problem areas, remedial action with goals and timetables, and responsibility for implementation. These goals shall be in accord with the uniform guidelines on employee selection procedures as enunciated by the U.S. Equal Employment Opportunity Coordinating Council. Waivers, if any, for labor market areas involved, will be decided by the career development section with consultation of the Governor's affirmative action officer;

j. Approve or disapprove Departmental affirmative action plans;

k. Maintain a pool of qualified interested applicants to be available when jobs become available.

5. Personnel reports and records will be kept for a period of two years except for application forms and other pre-employment records for seasonal and temporary positions.

a. Each Department will submit a bi-monthly equal employment opportunity report to the career development section, Civil Service Department, that will close as of the 20th day of the months of January, March, May, July, September and November, and will be forwarded by the last day of that month.

b. The career development section, Civil Service Department, will send a compilation of these reports to the Governor's office by the tenth day of the following month.

c. Departmental reports shall include:

(1) New hires by titles, unit, race, gender, annual salary, and job status (temporary, provisional or permanent);

(2) Promotions by job titles, unit, race, gender, annual salary, and examination list or 4:1-8.5 appointments;

(3) Demotions for any reason;

(4) Termination by resignation, layoff, and removal for cause;

(5) Transfers;

(6) Comments concerning program progress.

6. In all cases involving job discrimination the normal grievance system will serve as the avenue for settlement. Where the termination of a provisional or unclassified employee is involved, the grievance procedure will continue after such termination. Where permanent employees are involved the normal Civil Service grievance provisions will remain in effect. The Departmental affirmative action office shall participate concurrently at the same step as that of management personnel.

7. The Civil Service Department, career development section shall institute analysis of areas in which personnel titles, criteria and procedures could be more job-related and will recommend changes therein in consultation with affirmative action coordinators.

8. All job titles will be continually analyzed by the career development section to determine whether or not the stated prerequisites are bona-fide occupational qualifications.

9. As provided by Executive Order No. 14, all Departments and agencies of the executive branch shall submit affirmative action plans to the Department of Civil Service by November 1 of each year, such plans to be analyzed and made public, with any deficiencies delineated. Plans shall include at least the following: statement of policy, an employee utilization analysis, problem areas, remedial action including goals and timetables, and responsibility for implementation. Non-compliance with the formulation and implementation of departmental affirmative action plans and documented good faith efforts in achieving these plans may result in withholding approval of the making of further Departmental appointments until compliance is effected.

10. The Department of Civil Service, through the efforts of the career development section and recruitment unit, will increase its recruitment efforts to ensure that a pool of qualified minority and women applicants for classified and unclassified jobs exists.

11. When a layoff situation of provisional, temporary, or unclassified employees occurs, recognition will be given to the Department's affirmative action plan. In these situations where seniority is not provided for layoffs for the aforementioned types of employees will be at least in proportion to the complement of minorities and females in that department as a minimum leading to the proportion of minorities and females in the relevant labor market areas.

Notice of Repeal of Certain Rules on Air Pollution

Take notice that David J. Bardin, Commissioner of Environmental Protection, has issued the following Notice, known within the Department of Environmental Protection as Docket No. DEP 016-74-12, concerning regulations for air pollution sampling and analytical procedures:

I, David J. Bardin, Commissioner of Environmental Protection, do hereby give notice that the Notice of Availability of specified air pollution sampling and analytical procedures (see: January 9, 1975, issue of the New Jersey Register at 7 N.J.R. 6(a)) and the procedural rules (published February 6, 1975, at 7 N.J.R. 48(a)) are hereby repealed.

The rules cited above have been replaced by two rules adopted as emergency rules under the Administrative Procedure Act of 1968. These rules are the "Procedures for the visual determination of the opacity (per cent) and shade or appearance (Ringelmann Number) of emission from

sources" (see: 7 N.J.R. 144(a)) and "Sampling and analytical procedures for determining emissions from manufacturing processes of particles which are solid at standard conditions" (see: 7 N.J.R. 261(d)).

These rules, together with a third emergency rule entitled "Sampling and analytical procedures for determining emission of solid particles from the combustion of fuel" (see: 7 N.J.R. 261(d)) were the subject of a public hearing held on July 8, 1975, in accordance with the Notice of Public Hearing published on June 5, 1975, at 7 N.J.R. 261(d). The record of that hearing will remain open for the submission of comments until August 8, 1975.

Proposed Revisions on Controlled Hunting

The Department of Environmental Protection, pursuant to authority of N.J.S.A. 23:7-9 and with the advice of the Fish and Game Council, proposes to revise the rule on the use of all land and water areas under the control of the Division of Fish, Game and Shellfisheries. Such revisions are known within the Department of Environmental Protection as Docket No. DEP 024-75-02.

The proposed revisions concern the deletion of the current text of N.J.A.C. 7:25-2.15 in its entirety and the adoption of new text therein.

Full text of the proposed new rule follows:

7:25-2.15 Controlled hunting

(a) The wildlife management areas selected for limited hunter density are Black River in Morris County, Assunpink in Monmouth County, Port Republic in Atlantic County, Clinton in Hunterdon County and Whittingham in Sussex County. Hunter numbers at all five areas will be controlled on five

Saturdays and one weekday. The dates are: November 8, November 15, November 22, November 27 (Thanksgiving Day), November 29 and December 6, 1975. Registration will begin at 5:30 A.M. on all days but November 8 (opening day). On November 8, registration will begin at 7:00 A.M. All hunters must check out by 12 noon. Registration is not required after 12 noon.

(b) The 3,000 acre Black River Area will be limited to 400 hunters at one time on the above dates; the Assunpink Area up to 3,800 acres, is limited to a maximum of 475 hunters; the quota for the 750 acre Port Republic Area is 100 hunters. Quotas for the 900 acre Clinton Area and the 1,200 acre Whittingham Area will be 200 and 250 hunters respectively. Additional registrants will be accepted as replacements for registrants who have completed hunting and checked out for the day.

(c) Hunters will be admitted on a first-come, first-served basis at the five tracts. No reservations will be accepted and hunters must register in person. Registration booths for the Black River Area will be located at three parking lots. The Assunpink registration station will be located at the main office. Location directions will be posted on the area. The Port Republic registration station will be located at the main entrance to the area. Two registration stations will be located at the Clinton Area, one on the north side of Spruce Run Reservoir and one on the south side. Registration booths at Whittingham will be located at each of the three parking lots.

(d) Each registrant in possession of a current hunting license will be issued an arm band and each car a windshield tag. The arm band is good only for hunting on the associated wildlife management area and must be displayed in addition to the regular hunting license. The check-in procedure is reversed at the conclusion of the day's hunt. Bag checks and other pertinent information will be collected during the check-out procedure.

(e) Anyone found hunting without proper registration on these areas on the dates specified will be prosecuted. Special patrol officers will be on duty to insure that the registration process is adhered to.

Interested persons may present statements or arguments in writing relevant to the proposed action on or before July 30, 1975, to:

(c) No person shall possess, sell or purchase, or attempt to possess, sell or purchase any hard clams with a shell length of less than specified in Subsection (b) above, except that up to three per cent of the number of clams in possession, may have a lesser shell length.

(d) Any member of the Shell Fisheries Councils, any officer or employee of the Division of Fish, Game, and Shell Fisheries, or any member of the Marine Police of the Division of Marine Services is authorized and empowered to determine compliance with this regulation using a peck (one quarter bushel) dry measure as the determining factor.

The narrative statement, which is identical in all of these criteria statements, reads as follows:

Floating, suspended, colloidal and settleable solids; oil, grease, color, and turbidity

None noticeable in the water or deposited along the shore or on the aquatic substrata in quantities detrimental to the natural biota. None which would render the waters unsuitable for the designated uses.

Note: No other portions of these criteria are proposed for clarification.

The Department invites statements, arguments and comments on any and all aspects of this proposal including, but not limited to the following:

1. The establishment of individual industrial categories; For each industrial category and for municipalities, the following will be considered:
2. Techniques available for sampling and analyzing;
3. Level of treatment achievable;
4. Site specific variables;
5. Range of values to be permitted for oil in wastewater considering the factors listed above.

Proposed Rules on Method 1974 Final Hospital Payment Rates are Determined

The Commissioners of Health and Insurance, pursuant to authority of N.J.S.A. 26:2H-1 et seq., 17:1-8.1 and 16-6(e) and with the approval of the Health Care Administration Board, proposes to adopt rules on the method by which 1974 final hospital payment rates are determined.

Full text of the substantive portions of the proposed rules follows:

SUBCHAPTER 19. FINAL HOSPITAL PAYMENT RATES FOR 1974

8:31-19.1 Definitions

(a) As used in this regulation, the following terms will have the following meanings:

"Final tentative payment rate" means the approved tentative payment rate communicated to each hospital on the basis of its budgeted and projected 1974 total costs. This rate is occasionally referred to as the "October" formula rate and is fully defined by the attached calculation schedules and technical appendices. (Payment of these rates was authorized by the Governor on April 9, 1975, and hospitals were notified subsequently.) Terms such as "base per-diem rate," "depreciation and interest per-diem," "self-insurance adjustment per-diem," "medicare carve-out," etcetera, will be

used as defined in those schedules and appendices, with appropriate prefixed adjectives to identify the source (budgeted, projected, submitted, certified) of the amounts referenced.

"Advisory committee" means an informal organization of representatives of hospital administrators, hospital trustees, physicians, and the public, appointed by the Commissioners of Insurance and/or Health, operating within the framework of the Hospital Research and Educational Trust of New Jersey, whose purpose is to review budgeted and certified hospital costs and to advise the Commissioners as to the reasonableness of those costs.

(b) Unless otherwise indicated in this Section or in the body of the text, technical terms will have the meanings customarily associated with them by Blue Cross and the hospitals within the context of the contracting hospital agreement.

8:31-19.2 Cash advances on submission of 1974 costs

At any time after filing its "Statement of Reimbursable Costs for Hospital Data Covering Year 1974" with Blue Cross, and prior to certification of these forms by Blue Cross, a contracting hospital may apply for, and Blue Cross is authorized to pay, an immediate advance. Such advance will equal 50 per cent of the excess, if any, of the hospital's total reimbursable cost per in-patient day (Contracting Agreement, Schedule "I," line Y) over its 1974 Approved Blue Cross Payment Rate (Schedule: final calculation of 1974 tentative payment rate, line 24), such excess multiplied by the 1974 incurred number of Blue Cross inpatient days for that hospital. Authorization of such cash advances does not constitute a change in "tentative payment rate," nor does it reflect any alteration in the Commissioners' judgment of the reasonableness of the final tentative payment rate. A hospital may be required to repay, to Blue Cross, part or all of its cash advance following determination of payment rates resulting from certification of costs, and described in the following paragraphs.

8:31-19.3 Maximum allowable certified per-diem

(a) After Blue Cross has notified the Commissioners of its adjustments, resulting from audit, to the submitted total reimbursable cost per in-patient day, the Commissioners will calculate and approve for payment a rate which is the sum of the following components:

1. The smaller of the final tentative base per-diem, or the actual certified base per-diem;
2. The actual certified depreciation and interest per-diem, subject to those limitations contained in the contracting agreement;
3. The actual certified education and/or physician coverage per-diem, subject to limitation imposed by the published guidelines of the advisory committee or, if higher, the recommended amount of education and/or physician coverage costs included in the hospital's "Review of 1974 Operating Budget."
4. The actual certified energy per-diem;
5. The actual certified "self-insurance adjustment per-diem," if any; and
6. The actual certified Medicare carve-out.

8:31-19.4 Cost review

If the maximum allowable certified per-diem is less than the hospital's certified total reimbursable cost per in-patient day, the hospital may, within 30 days after receipt of notice from Blue Cross, request an opportunity to justify to the advisory

committee the disallowed portion of its incurred costs. The advisory committee will be guided by its traditional considerations in the conduct of such cost reviews, for example, cost factors which were beyond the ability of the hospital to predict at time of budget preparation or to control during the fiscal year and which resulted in costs which were, in the view of the advisory committee, "reasonable." Staff of the Departments of Insurance and Health will participate in preparation of material for these reviews and will act as observers during the reviews. The Commissioners will accept the recommendations of the advisory committee unless they have reason to believe that they are based on incomplete information or on inconsistent application of established guidelines by the Committee, in which event they, or designated members of their staffs, will conduct additional hearings to consider further revisions of the final payment rate. Upon acceptance of a recommendation of the advisory committee or completion of such hearings, the Commissioners shall issue a final determination setting forth a final approved rate for 1974 together with findings upon which that rate is based.

Editor's Note: In addition to the rules above, an appendix and various schedules were included in this proposal but are not reproduced herein. Further information on these items may be obtained from the addressee listed below.

Rules on Child Support and Paternity Program

On June 25, 1975, Ann Klein, Commissioner of Institutions and Agencies, pursuant to authority of N.J.S.A. 44:7-6, 44:10-3 and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted an emergency rule concerning a new Appendix D, Child Support and Paternity Program, in the Public Assistance Manual in Chapter 81, Title 10, of the New Jersey Administrative Code.

Full text of the emergency rule follows:

CHAPTER 81. PUBLIC ASSISTANCE MANUAL

APPENDIX D. CHILD SUPPORT AND PATERNITY PROGRAM

100. Introduction

As a result of P.L. 93-647, Title IV-A of the Social Security Act has been amended and a new part, Title IV-D has been added. The regulations contained in Appendix D to the Public Assistance Manual, effective July 1, 1975, are based on that new law.

101. If this appendix contradicts or conflicts with any previously published material relating to the AFDC program, such material shall be superseded by this Appendix D, except as stated in Section 402.

200. Eligibility Requirements

In addition to the eligibility requirements contained in Chapters 3000 and 5000 of the Public Assistance Manual, an AFDC applicant/recipient must provide the CWB with his/her Social Security number or obtain such a number (see Section 212); and assign to the CWB any rights to support from the absent parent(s) to which he/she or the eligible children may be entitled (see Section 220). Such applicant/recipient is not him/herself required to file a complaint; such filing is a responsibility of the CWB (see Section 333).

210. Social Security Numbers

The AFDC applicant and recipient (at the time of redetermination) shall either supply the CWB with the Social Security number of each member of the eligible unit or obtain a Social Security number for any such person who does not already have one. (See Section 212 below). Failure to do so will result in the entire family being declared ineligible for AFDC. (See also Section 214).

211. Recording the Social Security Number

The IM worker shall record the Social Security number of each person who is included in the AFDC grant, in the appropriate space on Forms PA-3A and PA-19.

212. Obtaining a Social Security Number

The CWB shall obtain a supply of Social Security Forms SS-5, sufficient to accommodate all AFDC applicants/recipients who do not already have a Social Security number. Upon application or redetermination, such applicant/recipient shall be required to sign Form SS-5. The IM worker shall complete Form SS-5 on the basis of information provided by the applicant/recipient and, when completed, shall route the

form to the nearest Social Security District Office. A copy of the SS-5 form shall be retained in the case record, and a copy given to the client if so requested.

a. Forms SS-5 Unavailable

In the event that the CWB is unable to obtain Forms SS-5, the applicant/recipient shall be referred to the nearest Social Security District office to make application for a Social Security number. The IM worker shall instruct the client to request verification of such application for the applicant's personal records.

b. Documentation of Application for Social Security Number

The IM worker shall record in the case record the date upon which Form SS-5 was forwarded to the Social Security District office, or the date upon which the client was referred to the Social Security District office.

213. Verification of Social Security Number

If the IM worker has reason to believe that the Social Security number supplied by the AFDC applicant/recipient is erroneous, such Social Security number shall be verified with the nearest Social Security District office by means of Form SS-1610.

a. Documentation of Verification of Social Security Number

The IM worker shall record in the case record the date upon which Form SS-1610 was forwarded to the Social Security District Office.

214. Benefits Pending Issuance or Verification of a Social Security Number

AFDC benefits shall not be denied, delayed or terminated pending issuance or verification of a Social Security number if the applicant/recipient has complied with the provision of Section 210.

220. Assignment of Support Rights

As a condition of eligibility for participation in the AFDC program, certain applicants and recipients shall be required to sign Form PA-10G, "Assignment of Support Rights". (See Section 230.1).

221. Form PA-10G

221.1 Purpose

Form PA-10G assigns to the CWB rights to support from the absent parent of the AFDC children to which the eligible unit may be entitled. This assignment is not required in AFDC Medicaid only cases.

221.2 Applicability

Form PA-10G shall be completed when:

a. An AFDC application or redetermination includes consideration of a child born out of wedlock, whether or not the paternity of such child has been established;

b. An AFDC application or redetermination includes consideration of a child who is regarded as deprived because of the absence of a parent as a result of separation, divorce or desertion.

221.3 CWB Responsibility Prior to Completion of Form PA-10G

Prior to the completion of Form PA-10G, the IM worker shall explain the purpose of the form, and advise the AFDC applicant/recipient that he/she shall be responsible for informing the CWB of any payments which are received directly from an absent parent, subsequent to the completion of the form.

a. Overpayments Resulting from Support Payments Made Subsequent to the Signing of Form PA-10G

When the CWB has adjusted the grant subsequent to the signing of Form PA-10G, any support payments which are received by the applicant/recipient shall be returned to the CWB upon receipt or treated as an overpayment and corrected in accordance with ASH, Section 240.

b. Extra Payment Not Overpayment

The extra payment itself (see Section 240) shall not be considered as overpayment nor shall it be included in any calculations for recoupment.

221.4 Completion of Form PA-10G

Form PA-10G shall be signed by the AFDC applicant at the time of application or, if not already signed, by the AFDC recipient at the next redetermination. The form shall be completed in triplicate.

a. Relationship to Issuance of Money Payment

The execution of Form PA-10G shall be considered a prerequisite to issuance of a money payment. If application or redetermination is made, and the applicant/recipient delays the signing of Form PA-10G, eligibility shall be determined as the date upon which the form was executed. In cases where the signing of Form PA-10G was delayed through no fault of the applicant/recipient, the date of eligibility shall be determined as the date upon which all other eligibility criteria were met.

b. Refusal to Cooperate

If the AFDC parent or parent-person is found ineligible because he/she refuses to sign Form Pa-10G, any aid for which the AFDC child is eligible shall be provided in the form of protection payments (see PAM 4540). In such cases, the needs of the parent or parent-person shall be deleted from the AFDC grant (see ASH 205). The parent or parent-person may appeal the appointment of a protective payee in accordance with the provisions of PAM 4546.

221.5 Routing of Form PA-10G

Upon completion of Form PA-10G, one copy shall be placed in the case record, one copy shall be given to the AFDC applicant/recipient, and the original shall be forwarded immediately to the CWB CSP Unit, which has the responsibility of forwarding it to the Probation Department (see Section 331).

221.6 Follow-up Procedures Regarding Form PA-10G

Within two working days of the completion of a signed PA-10G, the IM worker shall complete, in duplicate, appropriate items on the CSP Referral Form, if such information is available from the applicant/recipient. Immediately thereafter, these shall be routed to the CWB CSP Unit.

221.7 Rescission of Form PA-10G

In the case of termination of assistance, the IM worker shall concurrently send a copy of the adverse action notice to the CWB CSP Unit and to the AFDC recipient. The CSP Unit shall be notified immediately if assistance is continued pending or following a fair hearing.

230. Effective Implementation Dates

230.1 Assignment of Support Rights

For AFDC applicants and recipients who have not previously signed Form PA-10F, additional eligibility requirements as cited in Section 220 shall be effective as of July 1, 1975; for AFDC recipients who have previously signed Form PA-10F, such requirements shall be effective no later than the next regularly scheduled date of redetermination after July 1, 1975.

230.2 Social Security Numbers

The provisions of Section 210 will apply for AFDC appli-

cants as of July 1, 1975 and for AFDC recipients at the time of the next redetermination.

240. Distribution of Extra Payments

During the period beginning July 1, 1975 and ending September 30, 1976, the CWB will rebate to the AFDC recipient, 40 per cent of the first \$50.00 of any amount that is collected for the current month which represents payment on the required support obligation for such month. This amount shall be termed an extra payment.

241. Exemption of Extra Payment

Such extra payments shall be exempt, both as income and as resources, with regard to the determination of amount and eligibility for AFDC and AFWP payments. (See also Section 221.3b).

242. Applicability of Extra Payment

Extra payments shall be applicable only in those instances where money received by the CWB represents payment of a support obligation due during the month of collection.

250. Incentive Payments to the CWB

251. Twenty-Five Per Cent Incentive

For 12 months (whether or not consecutive) after the signing of the PA-10G, the CWB shall retain 25 per cent of the net amount of any support collected, which is countable for reimbursement.

251.1 Termination of PA-10G

In the case of AFDC terminations, if the family receives AFDC at a later date and another PA-10G is executed, a new 12-month period shall commence as of the date of the execution of the second PA-10G.

252. Ten Per Cent Incentive

After the expiration of a 12-month period, the CWB shall retain 10 per cent of the net amount of any support collected.

253. Net Amount Defined

The net amount of support collected, as cited in Sections 251 and 252 above, shall be the actual amount received by the county welfare board, less any applicable extra payment made to the AFDC recipient.

254. Deduction of Incentive Payments

Any incentive payment which is retained by the CWB shall be deducted from the 50 per cent Federal share of the net amount of support collected.

300. Child Support Collection and Establishment of Paternity Under Title IV-D of the Social Security Act

310. State Agency Responsibilities

The Child Support and Paternity Unit, located in the Division of Public Welfare, shall be the single organizational unit responsible for the supervision of the administration of Child Support and Paternity program. Such unit shall be referred to as the State CSP Unit.

311. Responsibilities of the State CSP Unit

Responsibilities of the State CSP Unit include but are not limited to the following:

a. The coordination of activities involving CWB CSP Units, the county probation departments, and the State Attorney General's parent locator service;

b. The transmittal of regulatory and procedural information to the CWB-CSP Units;

c. The proper, efficient and effective supervision of the Child Support Collection and Establishment of Paternity Program, including monitoring activities;

d. The initiation of litigation in Federal courts with regard to the collection of child support;

e. The initiation of collection action through the U.S. Secretary of the Treasury.

320. CWB Responsibilities

The CWB shall establish a Child Support and Paternity (CSP) Unit by July 1, 1975. This unit shall be responsible for taking reasonable action to locate absent parents and/or to establish paternity for the purposes of securing child support due AFDC recipients, and for referring cases, where the whereabouts of the absent parent is unknown, to the State Attorney General's Parent Locator Service.

321. Staffing Requirements

The CWB shall allocate and/or hire staff for the CSP Unit, in quantity sufficient to effectively and efficiently carry out the provisions of Section 330 below.

330. Responsibilities of the CWB CSP Unit

The CWB CSP Unit shall be responsible for the following activities.

331. Disposition of Form PA-10G

Upon receipt of a signed Form PA-10G, the CSP Unit shall, if a court order exists, route the form to the appropriate Probation Department, or shall retain the form until a court order is obtained and proceed as indicated below.

331.1 Appropriate Probation Department Defined

The appropriate Probation Department shall be defined as the Probation Department which is currently disbursing support payments to the AFDC recipient pursuant to a court order.

332. Investigative Interview

In cases where a court order does not exist or the whereabouts of the absent parent is unknown, the CSP Unit shall arrange for an interview with the AFDC recipient no later than ten working days after receipt of the PA-10G.

332.1 Purpose of the Interview

The purpose of the interview shall be to obtain additional information which is necessary to assist the CSP Unit in the establishment of paternity and/or in its search for an absent parent. Such information shall be recorded on the CSP Referral Form (see Section 350 with regard to this form).

332.2 Refusal to Cooperate

If the AFDC recipient refuses to cooperate as indicated in the subsections below, the CSP Unit shall immediately contact the IM worker and his/her needs shall be deleted from the grant, subject to the requirements of advance notice (see PAM Chapter 7000).

a. In Locating Absent Parent

The AFDC recipient shall be required to furnish information, to the extent of his/her knowledge, regarding the whereabouts of the absent parent. Refusal without good cause (that is, danger of retaliation against self or family) shall be regarded as refusal to cooperate.

b. In Establishing Paternity

The AFDC recipient shall be required to answer the questions set forth in the CSP Referral Form, to the extent of her knowledge. Any additional information shall be voluntary only.

c. Failure to Appear in Court

If an AFDC recipient is found in contempt of court for failure to appear at a court hearing which has been scheduled as a result of a CWB support or paternity complaint, and such complaint involves the recipient, such failure to appear shall

be regarded as a refusal to cooperate.

332.3 Action Resulting from the Interview

If the information provided by the AFDC recipient is sufficient to warrant legal action, such action shall be taken in accordance with Section 333 below. (See Sections 333.1c and 334.1c regarding the disposition of cases in which insufficient information is obtained.)

333. Legal Action Taken by the CSP Unit

If the CSP Unit collects information sufficient to locate the absent parent or to establish paternity in a court of law, legal proceedings shall be initiated for the purposes of obtaining support.

333.1 Filiation Proceedings

With regard to cases in which paternity has not been judicially acknowledged, the CSP Unit shall file a complaint to establish paternity in a court of competent jurisdiction.

a. Legal Proceedings Waived

Filiation proceedings may be waived when, in the judgment of the CWB (based upon information obtained from the AFDC recipient), the situation is one in which the disadvantages to the child and his/her parents exceed the social and economic advantages that might be accomplished through such proceedings. Such cases must be approved by the State CSP Unit and would involve situations in which:

(1) An older child's reputed parent has not been seen or heard from over a period of years, so that paternity would be hard to prove; or

(2) A reputed parent who is married has legitimate children to support, and such action would cause family discord or would result in deprivation to the legitimate children; or

(3) Contact between the reputed parent and family may be harmful to the family and court action would cause such contact.

b. Order of Filiation Denied

If a court of competent jurisdiction denies an order of filiation, the CSP Unit shall take no further action with regard to the establishment of paternity and/or the location of the absent parent.

c. Services to Nonpublic Assistance Individuals

The services of the CSP Unit shall be available to persons who are not receiving public assistance. Such services include assisting the individual to establish paternity and to file for support if he/she so desires.

333.2 Support Proceedings

In cases where paternity has been legally established through marriage, and no court order exists, the CSP Unit shall file a complaint to provide support in a court of competent jurisdiction.

333.3 Court of Competent Jurisdiction Defined

For the purposes of Sections 333.1 and 333.2, a court of competent jurisdiction shall be defined as the county (Juvenile and Domestic Relations) or municipal court located in the area in which the AFDC family resides.

333.4 Plaintiff Defined

A complaint to establish paternity or to provide support shall be filed in the name of the CWB by the director or his/her authorized representative.

334. Documentation of Action Taken by the CSP Unit

All action taken by the CSP Unit with regard either to the establishment of paternity and/or to locate an absent parent, shall be clearly documented on the CSP Referral Form.

334.1 CSP Referral Form

CSP Referral Form shall be completed in all cases which involve the execution of Form PA-10G (see Section 221.2).

a. Purpose of CSP Referral Form

The purpose of the CSP Referral Form is the compilation, in one easily accessible document, of all information relevant to the location of an absent parent, including those whose paternity has not been judicially acknowledged.

b. Completion of the CSP Referral Form

When not otherwise available, the information used to complete the CSP Referral Form shall be obtained from the AFDC recipient at the time of the investigative interview. The recipient must supply either relevant verbal information which is within his/her knowledge and/or relevant documents in his/her possession (see also Section 332.2).

c. Routing of the CSP Referral Form

If, after interviewing the recipient and/or after contacting one or more third parties who may be able to furnish relevant information about the absent parent, the CSP Unit is unable to obtain information sufficient to locate an absent parent, the unit shall route the copy of the form to the State Attorney General's Parent Locator Service. The original shall be placed in the case record. Such action shall be taken within ten working days of the date of the investigative interview.

If the CSP Unit waives legal proceedings in accordance with Section 333.1a, that fact shall be noted on the CSP Referral Form. The original and copy of the form will then be placed in the case record and no further action shall be taken by the CSP Unit.

b. Termination of AFDC Benefits

Upon termination of the case, the CSP worker shall record the effective date of termination on the CSP Referral Form. The appropriate Probation Department shall be advised of this action promptly (see Section 331.1). The date of such notification shall be entered on the CSP Referral Form.

340. Calculation and Distribution of Payments

The CWB shall be responsible for the calculation of CWB incentive payments and calculation and distribution of the extra payments to AFDC recipients.

350. Fiscal Record Maintenance

The CWB shall be responsible for the maintenance of records involving receipt of child support payments.

400. Disclosure of Information

For purposes of these regulations, disclosure of information concerning AFDC applicants' recipients shall be limited to the administration of public assistance as it relates to the establishment of paternity and collection of child support.

401. Information applicable to this program may be provided to appropriate staff of the Probation Department, prosecutors at State and local levels and the State Attorney General's office.

402. Nothing in this Appendix is to be construed to conflict with the regulations on safeguarding information as stated in the Public Assistance Manual Section 7600.

An order adopting these rules was filed June 25, 1975, as R.1975 d.180 (Exempt, Emergency Rule) to become effective July 1, 1975.

THE COMMISSIONER

Rule on Property-Liability Insurance Guaranty Association Charge

On June 2, 1975, James J. Sheeran, Commissioner of

Insurance, pursuant to authority of N.J.S.A. 17:1-8.1, 17:1C-6(e), 17:29A-1 et seq., Chapter 17, Laws of 1974, as amended by Chapter 107, Laws of 1975, and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted a new rule on the New Jersey Property-Liability Insurance Guaranty Association charge, substantially as proposed in the Notice published May 8, 1975, at 7 N.J.R. 229(a), but with subsequent, substantive changes not detrimental to the public, in the opinion of the Department of Insurance.

Initially, this rule was proposed to be cited as N.J.A.C. 11:1-5.1 but will now be cited as N.J.A.C. 11:1-6.1.

Full text of the adopted rule follows:

SUBCHAPTER 6. NEW JERSEY PROPERTY-LIABILITY INSURANCE GUARANTY ASSOCIATION

11:1-6.1 New Jersey Property-Liability Insurance Guaranty Association charge

(a) Pursuant to the provisions of Section 16 of Chapter 17, New Jersey Laws of 1974 as amended by Chapter 107 New Jersey Laws of 1975, I hereby order that insurers add a surcharge of one-half of one per cent of direct net written premiums on all policies for all kinds of insurance except life insurance, accident and health insurance, workmen's compensation insurance, title insurance, annuities, surety bonds, ocean or wet marine insurance, inland marine and transportation insurance, subject to the following:

1. The surcharge shall apply to all new and renewal policies with an effective date on or after August 1, 1975.
2. The surcharge shall be identified to the insured as "Guaranty Fund" by either of the following two methods:
 - i. The surcharge is shown as a separate item on the bill in dollars and cents. The surcharge amount is not to be treated as premium for accounting purposes, but must be coded and reported in accordance with instructions issued by the statistical agents under the directive of the Commissioner of Insurance.
 - ii. The surcharge is added to the premium for each item of coverage and the total is treated as premium for accounting and reporting purposes. If this method is used, every billing to an insured must carry a notation calling attention to the inclusion of the surcharge of one-half of one per cent.

3. On policies not subjected to audit where the method in N.J.A.C. 11:1-6.1(a) 2.i. is used, no additional surcharge shall be made for endorsements increasing the premium and no return shall be made for an endorsement decreasing the premium. Where the method in N.J.A.C. 11:1-6.1(a) 2.ii. is used, and on all policies subject to audit, any change in premium by endorsement subsequent to the effective date shall reflect also an appropriate change in the surcharge. On flat cancellations, the entire surcharge must be returned regardless of procedure used.

4. Three-year policies with an effective date on or after August 1, 1975, shall be treated under the same procedure as set forth in this subsection. On three-year policies with effective dates prior to August 1, 1975, the surcharge shall be applied only if such policies are subject to raterating after the effective date and only as of the effective date of such raterating.

5. The surcharge is not considered a taxable premium for the purpose of determining taxes under N.J.S.A. 54:18A-1 et seq.

6. All amounts collected under this surcharge as of September 30, 1975 shall be remitted not later than December 1,

1975, and all surcharges collected thereafter as of December 31 and June 30 each year shall be remitted on or before March 1 and September 1 each year, pursuant to directives and forms to be issued by the Commissioner.

7. The surcharge established herewith will provide reimbursement to the companies for any assessments levied in accordance with Section 8 (3) of the Guaranty Fund Act. Consequently, such assessments should not be considered "obligations" within the context of retaliatory tax provisions.

An order adopting this rule was filed June 19, 1975, as R.1975 d.170 to become effective July 1, 1975.

On May 28, 1975, Joseph A. Hoffman, Commissioner of Labor and Industry, pursuant to authority of N.J.S.A. 43:21-1 et seq. and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted emergency rules concerning procedures for wage benefit conflicts.

Full text of the adopted rules follows:

SUBCHAPTER 9. PROCEDURES FOR WAGE BENEFIT CONFLICTS

12:17-9.1 Hearing required

Where the Division of Unemployment and Disability Insurance has evidence that a claimant may have been employed during a period or periods for which he has received unemployment benefits, the Division will afford the claimant a hearing before any determination is made with respect to the alleged wage-benefit conflict.

12:17-9.2 Scheduling of hearing

(a) The local unemployment insurance claims office will schedule the hearing as soon as possible after the receipt of notification that a wage-benefit conflict may exist.

(b) If the claimant is in active reporting status, every effort will be made to schedule the fact-finding hearing on his next reporting date.

(c) A notice will be mailed to the claimant advising claimant of the necessity for a fact-finding hearing and listing the time and place thereof, and setting forth the times, period and employers involved in the alleged wage-benefit conflict.

(d) If the hearing is scheduled after the claimant's next assigned reporting date, the notice will indicate the cancellation of the assigned reporting date appointment. If the claimant still reports on the date so cancelled, the hearing will be held at the time he reports.

12:17-9.3 Determination on failure to appear

If the claimant fails to report for the hearing, the local office will complete a written determination thereon, and mail a copy thereof to the claimant.

12:17-9.4 Deputy to conduct hearing

(a) If the claimant reports, the hearing will be conducted by a local office deputy.

(b) At the outset of the hearing, the deputy will inform the claimant that the Division has information that the claimant has claimed and received unemployment benefits for weeks during which the claimant was employed.

(c) Form B-98B (Claimant's Benefit Payment and Employment Record) will be shown to the claimant as the basis for the allegations.

(d) The deputy will prepare the claimant's statement or any rebuttal or confirmation of the allegations.

(e) Any additional evidence presented by the claimant will be fully documented by the deputy.

(f) The claimant will be asked to read the statement and to sign it if it is acceptable to him.

12:17-9.5 Benefits continued where investigation necessary and claimant meets eligibility requirements

If the claimant is currently receiving benefits on an active claim and has presented evidence which the deputy believes warrants further investigation, the local office will continue to pay benefits, if all other eligibility requirements are met; explain to the claimant that further investigation will be made and the reasons why further investigation appears necessary; and forward all related material to the Fraud Inspection Section, Bureau of Unemployment Benefits where further action will be taken.

12:17-9.6 Determination on active claim

(a) If claimant is currently receiving benefits on an active claim and admits that the allegations are true or denies the allegations but offers no evidence that warrants further investigation, the deputy will complete a written determination and the reasons therefor and issue same to the claimant.

(b) If the determination is adverse to the claimant, the deputy will explain to the claimant his appeal rights and will also discuss the various methods of repayment with the claimant.

(c) If any compensable weeks paid on the claim fall within the 17 week disqualification period set forth in N.J.S.A. 43:21-5(g)(1), the deputy will prepare a written determination and deliver a copy thereof to the claimant.

12:17-9.7 Determination and referral on noncurrent claim

(a) If claimant is not currently receiving benefits and has presented evidence that warrants further investigation, the deputy will explain to the claimant that further investigation will be made, list the reasons why further investigation appears to be necessary and forward all related material to the Fraud Inspection Section, Bureau of Unemployment Benefits, where further action will be taken.

(b) If claimant is not currently receiving benefits and admits that the allegations are true or is unable to offer evidence warranting further investigation, the deputy will explain to the claimant that a determination will be mailed to him.

12:17-9.8 Hearing if criminal prosecution is warranted

If the director of the Division determines that criminal prosecution of a claimant may be warranted, claimant will be afforded an opportunity for a hearing before a deputy specially designated by the director and at the outset of the hearing claimant will be advised that any statements made by him may be used against him if the matter is referred for criminal prosecution.

12:17-9.9 No suspension, termination or reduction of benefits without opportunity for hearing

No benefits will be suspended, terminated or reduced under this Subchapter unless claimant has been afforded an opportunity to appear at a hearing as set forth therein.

An order adopting these rules was filed and effective May 28, 1975, as R.1975 d.142 (Exempt, Emergency Rule).

13:2-13.7 [Employment of minors under 15 years of age] **(Reserved)**

(b) The minimum consumer resale price lists shall be printed in pamphlet form and mailed to all New Jersey retailers not later than three business days before the effective date of such price lists. **The printer of such pamphlet may be selected by the price filers and the costs of printing and mailing such pamphlet may be negotiated by such filers directly with the printer so selected, but should the price filers not do so, the Director shall select the printer and negotiate such costs.**

(c) **In either event, [A]** all manufacturers and wholesalers whose minimum consumer resale price listings are included in the pamphlet shall be chargeable with a proportionate cost of the **preparation by the Division and the printing and mailing of the pamphlet so published and mailed, which shall be paid by such manufacturer or wholesaler to the Director or the printer, or both, as determined by the Director**, within 60 days after the effective date of the prices listed in the pamphlet.

(e) Any **such** manufacturer or wholesaler may, upon prior written authorization granted by the Director for good cause shown, file an amended higher price and lower discount listing not later than the [fifteenth] **fifth** day of any month subsequent to the month of filing, to become effective on the first day of the following month.

(f) Manufacturers and wholesalers filing such amended price or discount listings shall serve upon each wholesaler to whom they intend to sell such alcoholic beverages a copy of such listings on or before the [fifteenth] **fifth** day of the month of filing, or shall mail to each such wholesaler such a copy on or before the [twelfth] **second** day of the month of filing, and shall file with the Director certification thereof on or before the last day for filing such listings.

of the preparation by the Division and the printing and mailing of the pamphlet so published and mailed, which, shall be paid by such manufacturer or wholesaler to the Director or the printer, or both, as determined by the Director, within 60 days after the effective date of the prices listed in the pamphlet.

Rules on Uniform Patent Policy

On June 9, 1975, Alan Sagner, Commissioner of Transportation, pursuant to authority of N.J.S.A. 27:1A-6 and in accordance with applicable provisions of the Administrative Procedure Act of 1968, adopted procedural rules concerning the uniform patent policy.

Full text of the adopted rules follows:

CHAPTER 3. UNIFORM PATENT POLICY

SUBCHAPTER 1. GENERAL PROVISIONS

16:3-1.1 Definitions

The following words and terms, when used in this Chapter, shall have the following meanings unless the context clearly indicates otherwise.

"Department" means the Department of Transportation of the State of New Jersey.

"Employee" includes all personnel of the Department of Transportation including, but not limited to, members of the classified and unclassified Civil Service, appointed personnel and "consultants" as defined in N.J.A.C. 16:2-1.1.

"Government" means the government of the State of New Jersey.

"Invention" includes any art, machine, manufacture, design or composition of matter, or any new or useful improvement thereto, or any variety of plant which is or may be patentable under the laws of the United States.

"Other governments" include the governments of the other 49 States and their subdivisions, the government of the United States of America and its agencies, and the government of Canada, its subdivisions and agencies.

"Patent" includes patents obtained in both the United States and Canada.

16:3-1.2 Departmental findings

The Department is cognizant of the fact that inventive advances in scientific and technological fields frequently result from governmental activities carried on by government employees. It is also evident that the broad range of Department activities and the Department's expanding responsibilities will increase the likelihood of inventions being made by Department employees. Additionally, large sums of public money are being spent on such activities. All these factors dictate that inventions which result from Departmental activities should be public resources available not only to the government and people of the State of New Jersey but also to other governments. The Department further finds that under appropriate circumstances the rights of Department employees in their inventions should be recognized.

16:3-1.3 Purpose

This regulation establishes a uniform patent policy for all employees of the Department presently employed or who will be employed in the future. It represents a term and condition of their employment.

16:3-1.4 Policy

(a) The following basic policy is established for the Department with respect to inventions hereafter made by any Department employee.

1. The State of New Jersey shall obtain by assignment the entire right, title and interest in and to all inventions made by any Department employee:

i. During working hours; or

ii. With a contribution of government facilities, equipment, materials, funds or information, or of time or services of other government employees on official duty;

iii. Which bear a direct relation to or are made in consequence of the official duties of the inventor.

2. In any case where the contribution of the State of New Jersey, as measured by any one or more of the criteria set forth in paragraph 1. above, to the invention is insufficient equitably to justify a requirement of assignment to the State of New Jersey of the entire right, title and interest to such invention, or in any case where the State of New Jersey has insufficient interest in an invention to obtain the entire right, title and interest therein (although the State of New Jersey could obtain such right, title and interest under paragraph 1. above), the Department, acting on behalf of the State of New Jersey, upon a determination to this effect by the Commissioner, shall leave title to such invention in the employee, subject, however, to the reservation to the State of New Jersey of a non-exclusive, irrevocable, royalty-free license in the invention with power to grant licenses for all governmental purposes (including those of other governments), such reservation, and the terms thereof, to appear, where practicable, in any patent, domestic or foreign, which may issue on such invention.

3. In applying the provisions of paragraph 1. and 2. above, to the facts and circumstances relating to the making of any particular invention, it shall be presumed that an invention made by an employee who is employed or assigned to invent or improve or perfect any art, machine, manufacture, or composition of matter, to conduct or perform research, development work, or both, to supervise, direct, coordinate, or review government-financed or conducted research, development work, or both, or to act in a liaison capacity among governmental or non-governmental agencies or individuals engaged in such work or made by an employee falls within the provisions of paragraph 1. above, and it shall be pre-

sumed that any invention made by any other employee falls within the provisions of paragraph 2. above. Either presumption may be rebutted by the facts or circumstances attendant upon the conditions under which any particular invention is made and, notwithstanding the foregoing, shall not preclude a determination that the invention falls within the provisions of paragraph 4. below.

4. In any case where the government neither pursuant to the provisions of paragraph 1. above, obtains entire right, title and interest in and to an invention nor pursuant to the provisions of paragraph 2. above, reserves a non-exclusive, irrevocable, royalty-free license in the invention with power to grant licenses for all governmental purposes, the government shall leave the entire right, title and interest in and to the invention in the government employee, subject to law.

5. Actions taken and rights acquired under the foregoing provisions of this Section, shall be reported to the Secretary of State in accordance with procedures established by him.

16:3-1.5 Procedure

(a) The following basic policy is established to provide a procedure for the filing of patent applications, the assignments of patents to the State of New Jersey, the dedication of patents so assigned to the public and the dissemination of information on such patents to other State agencies, other governments and the public.

1. When an invention is made under circumstances defined in N.J.A.C. 16:3-1.4(a) giving the State of New Jersey the right to title thereto:

i. The Department shall either prepare and file, or cause to be prepared and filed, an application for patent in the United States Patent Office. Said application shall be made in the name of the inventor in accordance with the patent laws of the United States.

ii. Together with the application the Department shall file an assignment prepared by a Deputy Attorney General and executed by the inventor assigning all of his rights, title and interest in said invention to the State of New Jersey.

iii. The Commissioner, in his discretion, may dedicate the patent so assigned to the public. Such dedication shall be executed by the Secretary of State.

2. When an invention is made under circumstances defined in N.J.A.C. 16:3-1.4(b) the patent application and patent shall note thereon the reservation of rights by the State of New Jersey.

3. All costs of application and filing for inventions under paragraph 1. above shall be borne by the Department. However, the costs of application and filing for inventions under paragraph 2. above may be borne by the Department to the extent, if any, the Commissioner in his discretion deems advisable based on the value of the reservation to the Department and the State of New Jersey.

4. The Commissioner shall insure that all agencies of the State of New Jersey and that other governments which are interested in, or may have an interest in, all inventions or rights therein, including licenses, owned or controlled by the State of New Jersey, are advised of the nature of the invention and of the rights and interests of the State of New Jersey therein.

An order adopting these rules was filed and effective June 11, 1975, as R.1975 d.160 (Exempt, Procedure Rule).

DIVISION OF TAXATION

Proposed Revisions Concerning Use of Certificate of Capital Improvement for Sales Tax Purposes

Sidney Glaser, Director of the Division of Taxation in the Department of the Treasury, pursuant to authority of N.J.S.A. 54:50-1 and 54:32B-24, proposes to declare N.J.A.C.

18:24-5.16 in full force and effect and to promulgate the use of a new certificate of capital improvement, Form ST-8, as provided in said regulation.

A copy of the new Form ST-8 is included in this proposal but due to printing limitations cannot be reproduced herein. Information about this new form may be obtained from the addressee listed at the conclusion of this notice.

Full text of the proposed, revised rule follows:

18:24-5.16(f) Certificate of capital improvement, Form ST-8, should be obtained by a contractor, subcontractor or fabricator/contractor from his customer in any instance where the performance of his work results in a capital improvement to real property. The installation of property purchased exempt from tax under any provision of Section 8 of the Sales and Use Tax Act is deemed not to be a capital improvement to real property upon installation. A contractor or a fabricator/contractor may accept certificates of capital improvement as a basis for exemption from tax on his services only where his work has, in fact, resulted in a capital improvement to real property. The nature of the work performed is the determining factor in deciding whether to collect tax on a contractor's services. The possession of a certificate of capital improvement, in and of itself, is not sufficient to eliminate liability for taxes which should have been collected. The contractor must accept such certificate in "good faith" to be relieved of liability.

1. "Capital improvement" means an installation of tangible personal property which results in an increase of the capital value of the real property and an increase in the useful life of such property.

2. "Repair" means maintaining the existing value of the property.

3. Examples of capital improvements are:

- i. New construction;
- ii. New roof, installation of;
- iii. Tiled bath, installation of;
- iv. New bath fixtures, installation of;
- v. New kitchen fixtures, installation of;
- vi. Paving of driveway;
- vii. Shrubbery, trees, and so forth, planted;
- viii. Paneling, installation of;
- ix. In-ground swim pool, installation of;
- x. New central air conditioner installation;
- xi. Porch enclosure, construction of;
- xii. New heating system installation;
- xiii. Rewiring;
- xiv. New electrical outlets installed;
- xv. New siding, installation of;
- xvi. Garage, construction of;
- xvii. Patio, construction of;
- xviii. Storm doors and windows, installation of;
- xix. New hot water heater installation.

4. In general, a contractor who accepts a certificate of capital improvement in "good faith" is relieved of liability for collection or payment of tax upon transactions covered by the certificate. The question of "good faith" is one of fact and depends upon a consideration of all the conditions surrounding the transaction. A contractor is presumed to be familiar with the law and the regulations pertinent to the business in which he deals. In order for "good faith" to be established, the following conditions must be met:

- i. The certificate must contain no statement or entry which

the contractor knows, or has reason to know, is false or misleading.

ii. The certificate must be an officially promulgated certificate form or a substantial and proper reproduction thereof.

iii. The certificate must be dated and executed in accordance with the published instructions, and must be complete and regular in every respect.

5. The contractor may, therefore, under the circumstances, accept this "good faith" certificate of capital improvement as a basis for not collecting sales tax with respect to service or labor charges.

6. A facsimile copy of the new Form ST-8, certificate of capital improvement, is shown below:

(Ed. Note—see opening statement).

7. The use of the new certificate of capital improvement, Form ST-8, is required in all applicable transactions made on or after the effective date of this regulation. Previously issued certificates may, however, be accepted up to January 1, 1976.

Interested persons may present statements or arguments in writing, orally in person or by telephone, relevant to the proposed action, on or before July 31, 1975.

Proposed Revisions on Release Of Safe Deposit Box Contents

Sidney Glaser, Director of the Division of Taxation in the Department of the Treasury, pursuant to authority of N.J.S.A. 54:33-38, proposes to revise some of the rules concerning the release of safe deposit box contents.

Full text of the proposed revisions follows (additions indicated in boldface **thus**):

18:26-11.20 Release of safe deposit box contents

No safe deposit company, trust company, bank or other institution may deliver or transfer any securities, deposits or other assets contained in a safe deposit box within its control or possession which belongs to or stands in the name of a resident decedent, **principal of a one person corporation** or in the joint names of a resident decedent and one or more other persons unless, after inspection, a release is obtained from the district supervisor of the Transfer Inheritance Tax Bureau operating in the district where the safe deposit box is located.

18:26-11.21 Conditions for opening safe deposit box

A safe deposit box rented in the name of the decedent, individually, as a principal of a one person corporation or as a joint renter, is automatically sealed by the death of the decedent by law; however, the box may be opened in the presence of an officer or authorized employee of the bank and a proper representative of the estate for the purpose of ascertaining whether the contents include the decedent's last will and testament, a deed for a cemetery lot, or the insurance policies made payable to designated beneficiaries. If the contents include any of the above items, such items only may be delivered to the proper party in interest or representative of the decedent's estate by the bank official present at the time of entry but there shall be completed at that time a memorandum by the bank reciting the date of entry, a list of the items removed and the address of the representative of the estate. The box is then resealed until inventoried by the district supervisor.

18:26-11.26 Box rented by corporation; exception

The contents of a safe deposit box rented in the name of a corporation having more than one stockholder is not subject to inspection upon the death of an officer or employee of the corporation having right of access thereto and a release is, therefore, not necessary. For corporations having only one stockholder, see N.J.A.C. 18:26-11.20 and 18:26-11.21.

Interested persons may present statements or arguments in writing, orally in person or by telephone, relevant to the proposed action, on or before July 30, 1975.

CORPORATION BUSINESS TAX FILING EXTENSION GUIDELINES ARE ISSUED

The Division of Taxation in the Treasury Department has put into effect new guidelines regarding extensions of time for the filing of corporation business tax returns, it was announced by Sidney Glaser, Division Director.

The new guidelines follow in full:

1. An automatic 90-day extension will be granted, assuming that all the criteria previously established for the granting of extensions are met (form CBT 200T must be completed).

2. A second extension of up to 90 additional days may be granted, upon application, for cause shown; or,

3. A second extension of 90 days will be granted to taxpayers who have applied for additional extension to the Internal Revenue Service. Such extensions will be automatically approved provided that a copy of the request for Federal extension is sent to this Division prior to the expiration of the original extension. This automatic extension will be inoperative unless the taxpayer attaches a copy of the approved Federal extension to the New Jersey return at the time it is filed.

INSURANCE DIFFERENTIALS BASED ON SEX OR MARITAL STATUS BARRED

Discrimination based on sex or marital status in the issuance of insurance policies in New Jersey must end by September 1, State Insurance Commissioner James J. Sheeran recently announced.

The Commissioner said he had adopted an administrative rule making any such discrimination an illegal act within the scope of the State statute banning "unfair or deceptive" practices.

The effective date of the rule was set at September 1, Sheeran explained, to give insurance companies sufficient time to acquaint their staff with the prohibition and to make necessary changes in their application forms, policies, advertising and sales material, such as the substitution of "spouse's name" for "wife's name" on application and policy forms.

Sheeran said that he expects full and timely compliance by the industry. He noted that at a public hearing held by Dr. Eleanor J. Lewis, director of consumer services in his Department, the industry had responded affirmatively and supported the "elimination of any unfair or arbitrary discrimination in the availability of coverage offered to women."

The key paragraph in the new administrative rule reads:

"No person engaged in the business of insurance in the State of New Jersey shall refuse to issue any policy of insurance, or shall cancel or decline to renew such policy because of the sex and/or marital status of the applicant or policyholder."

(Full text of the new rule with typical examples of what is now illegal was in the April New Jersey Register at 7 N.J.R. 168(a). Notice of adoption was in the June issue at 7 N.J.R. 276(b).)

(The new administrative rule is cited as N.J.A.C. 11:1-4.2 and will subsequently be printed in the New Jersey Administrative Code as part of Title II-Insurance Department.)

The Commissioner added that only unfair discrimination between the sexes is prohibited and that other rate differentials sex-wise will be valid if supported by acceptable statistical data.

FARMLAND OWNERS MUST FILE NEW TAX FORMS BY AUGUST 1

Assessors throughout the State recently sent 1976 tax year application forms to farmland owners who qualified for Farmland Assessment Act benefits in 1975. The forms must be completed and returned to the local assessor on or before August 1, 1975, according to State Secretary of Agriculture Phillip Alampi, chairman of the farmland evaluation advisory committee.

New applicants must request the Farmland Assessment forms from the assessor. If they qualify this year, the forms will be automatically sent them in the subsequent year.

The August 1 filing date is absolutely critical, Alampi said. There are no extensions beyond that date and the assessor can not legally accept an application after August 1 for the next tax year. Questions regarding the procedure should be discussed with the local assessor, Alampi said.

NEW LAW REGULATES PROPERTY TITLE INSURANCE FIRMS FOR FIRST TIME

Governor Brendan Byrne has signed into law a bill which for the first time regulates the title insurance industry in New Jersey. It provides for comprehensive regulation by the State Department of Insurance.

"This gives New Jersey the strictest title insurance regulation in the country," said Byrne. "This is true consumer protection legislation," he added. "Under State regulation, I believe the cost of title insurance can be reduced significantly."

Provisions include:

- Justification for and prior approval of rates.
- Protection for consumers in the event of insolvency or dissolution of a title insurance company.
- Elimination of payment of unearned commissions and rebates for referral of business.
- A requirement that agents meet basic requirements for licensing.

The measure also requires that all title insurance agents be bonded and licensed, but would not apply to present agents with at least two years experience.

Title insurance is protection against any legal challenge to ownership of property.

FAIR TRADE ACT FINALLY ENDS

Governor Brendan Byrne has signed a law, effective July 28, which is designed to reduce prices to consumers, the repeal of the 37-year-old Fair Trade Act.

Byrne noted that he had called for this action in his annual message to the Legislature.

"In these days when we are trying to turn around the economy in the State and are expressing our concern with the kind of deal the consumer is getting, it is important that we have the opportunity to enact this kind of legislation," said the Governor in signing the bill.

The measure repealed the 1938 law which had established minimum prices on a wide variety of consumer products such as television sets.
