## CHIEF EXECUTIVE THE GOVERNOR

### Reorganization Plan for the Office of Civilian Defense Director

On July 22, 1976, Governor Brendan T. Byrne, pursuant to authority of N.J.S.A. 52:14C-1 et seq. and in accordance with applicable provisions of the Administrative Procedure Act, issued a reorganization plan of the Office of Civilian Defense Director.

Full text of the reorganization plan follows:

#### REORGANIZATION PLAN OF THE OFFICE OF CIVILIAN DEFENSE DIRECTOR

The functions, powers and duties of the Office of Civilian Defense Director are hereby transferred from the Department of Defense to the Department of Law and Public Safety.

The Office of Civilian Defense Director is directed by statute to assist the Governor in protecting the public health, safety and welfare during any emergency. To a large extent, these functions and responsibilities are also within the scope of the public safety and law enforcement responsibilities of the Department of Law and Public Safety. In emergency situations, the State Police in the Department of Law and Public Safety provide communications services and personnel to coordinate and perform rescue services throughout the State, and maintain continuing contacts with local police, fire and rescue units utilized during periods of emergency.

The placement of civil defense responsibilities within the Department of Defense has reflected the traditional concept of civil defense as preparation for possible enemy attacks. In recent years, however, civil defense's activities have been primarily confined to responding to natural disasters and other emergencies. During most emergencies, relief efforts have been undertaken by the State Police with the assistance of county and local relief units. This proposed reorganization is intended to promote coordination of such activities, and to eliminate duplication of effort in emergency relief situations. The reorganization will also improve disaster planning, which is now conducted by the Governor's Advisory Council on Emergency Services, an interdepartmental group of which the Attorney General is presiding officer.

In accordance with the provisions of the Executive Reorganization Act of 1969, P.L. 1969, c. 203 (C. 52:14C-2), I find and declare that this transfer and reorganization is necessary:

(1) To promote the more effective management of the Executive Branch;

(2) To reduce expenditures and promote economy to the fullest extent practicable;

### Official Notice

## TITLE 10 CODE MAILING IS LARGEST TO DATE

A just-completed mailing of new administrative rules for the Department of Institutions and Agencies constitutes the largest addition yet made to the 30-volume New Jersey Administrative Code.

The 1,214 loose-leaf pages of new or amended rules will make up nearly one-fourth of new rules to be distributed this year for all Departments of the State government.

Institutions and Agencies, largest State agency, is likewise the most active in rules adoptions and amendments, at nearly 200 annually, three times that of the next agency, the Treasury Department. The newly-issued I. & A. rules include all those adopted up to April 1 of this year.

If Administrative Code subscribers do not receive this Title 10 mailing within the next week or two, please inform this Division (address and phone listed below) so we may follow up.

The interim index for the Code in the center pages of this issue has been adjusted to reflect distribution of these Title 10 rules, as well as all other State rules adopted through last month since the various effective dates for each Title as noted in the current Code.

Previous updates this year have been for Titles 1 Executive and 2 Agriculture, 3 Banking and 4 Civil Service, 5 Community Affairs, 9 Higher Education, 13 Law and Public Safety and 6 Education.

For information about the Administrative Code, see subscription form and listing of Departmental Titles on back page of last month's (July) Register.

Rules proposed and/or adopted in the interim between Code updatings are printed monthly in this New Jersey Register, likewise published on a subscription basis by the Division of Administrative Procedure.

Administrative rules upon adoption have the same legal application and effect as do laws passed by the State Legislature.

## DIVISION OF PLANT INDUSTRY

### Proposed Rules on Certified Orchids

The State Board of Agriculture, pursuant to authority of N.J.S.A. 4:1-21.7, proposes to adopt new rules on the certification of orchids.

Full text of the proposed rules follows:

#### SUBCHAPTER 14. ORCHIDS

##### 2:16-14.1 Purpose of certification

The purpose shall be to encourage the maintenance and consequent availability to the public of high-yielding orchid plants and high-quality orchid blooms, so grown as to insure essential freedom from Cymbidium mosaic virus and tobacco mosaic virus and apparent freedom from other injurious insects, diseases and other pests.

##### 2:16-14.2 Definitions

The following words and terms, when used in this Subchapter, shall have the following meanings, unless the context clearly indicates otherwise.

"Orchid" means orchid plant, plant part, and/or seed.

"Certifying agency" means the New Jersey Department of Agriculture.

"CyMV" means Cymbidium mosaic virus.

"TMV-O" means tobacco mosaic virus—orchid strain.

"Indexing" means any plant pathological test approved by the certifying agency for orchid classification relative to CyMV and TMV-O infection.

"Once indexed negative" means any orchid material accepted by the certifying agency as indexed once by an approved indexor and found to be free of CyMV and TMV-O. "Twice indexed negative" means twice so indexed.

"Essentially free from CyMV and TMV-O" means accepted by the certifying agency as twice indexed negative and otherwise meeting all certification program standards for freedom from CyMV and TMV-O.

"Clone" means a group of individual orchid plants of common ancestry derived by vegetative propagation.

"Isolation greenhouse" means a separate greenhouse or enclosure for segregation of orchids based on virus indexed status. This facility requires special orchid handling procedures for maintaining freedom from CyMV and TMV-O.

"Orchid certification manual" (hereinafter called "the manual") means the publication of the certifying agency which describes the recommended procedures for propagation and handling of orchids.

"Orchid indexor's guidelines" (hereinafter called "the guidelines") means the publication of the certifying agency which describes the recommended indexing procedures.

"Certified orchid" means one essentially free from CyMV and TMV-O, and apparently free from other injurious insects and diseases.

##### 2:16-14.3 Application

Any grower wishing to participate in the program must file an application with the certifying agency.

##### 2:16-14.4 Approval

(a) To be approved, the applicant grower must satisfy the certifying agency that:

1. Suitable facilities,
2. Proper orchid handling procedures, and
3. Adequately trained personnel will be used.

##### 2:16-14.5 Indexing steps

(a) The grower must establish freedom of orchids from CyMV and TMV-O by means of two steps of indexing and placement in isolation greenhouses as follows:

1. Once indexed negative isolation greenhouse facilities must be established and restricted to orchids once indexed negative and clones propagated from such once indexed negative orchids.

2. Twice indexed negative isolation greenhouse facilities must be established and restricted to twice indexed negative orchids indexed a second time (either directly or by indexing a representative sample of a first generation clone) and twice indexed negative clones (See Section 6 of this Subchapter). Twice indexed negative orchids will remain in this greenhouse isolation unless indexed positive. Unless such material is propagation source stock tissue in aseptic culture, the certifying agency may require annual indexing verification of negative status.

##### 2:16-14.6 Clones and propagation sources

(a) Clones from propagation source orchids may be included in the twice indexed negative greenhouse under the following conditions:

1. If both required negative indexings have been completed directly from the original propagation source orchid; and
2. If the second required negative indexing was done using a representative sample of a clone propagated from a once indexed negative propagation source before it leaves laboratory aseptic conditions (both the source orchid and the indexed clone will thus qualify).

##### 2:16-14.7 Indexing services

The grower must obtain indexing services only from persons approved by the certifying agency. The grower will furnish such persons with the guidelines of the certifying agency together with instruction that the guidelines are to be followed as closely as practical in the conduct of the indexing services ordered, and be so certified to by the indexor. The certifying agency will not be responsible for any financial obligation related to indexing services.

##### 2:16-14.8 Elimination of disqualified material

Any orchid material which indexes positive for either

CyMV or TMV-O must be removed as soon as possible from the isolation greenhouses or laboratory and be eliminated from the certification program.

#### 2:16-14.9 Orchid handling

To avoid introduction or transmission of CyMV or TMV-O, the grower will be expected to follow the general principles of orchid handling, including the cutting of blooms, as explained in the manual of the certifying agency.

#### 2:16-14.10 Orchid identification and records

The grower must identify all orchid material to be grown under the program and keep records available to the certifying agency for inspection. The records must include identity, source material, and indexed status (dates indexed, results, and indexor certification of same).

#### 2:16-14.11 Inspections

The grower agrees to allow employees of the certifying agency to inspect the premises at unannounced times at least four times each year to guarantee compliance with the regulations. Such official inspections must be conducted only by employees or approved trainees of the certifying agency.

#### 2:16-14.12 Sampling

Representatives of the certifying agency may take samples as they may deem advisable to verify a grower's indexing or to make other disease or insect determinations.

#### 2:16-14.13 Tolerance for diseases and insects

Cymbidium mosaic virus and tobacco mosaic virus-orchid strain and apparently free from other significant insect pests and diseases."

#### 2:16-14.17 Revocation of certification

The certifying agency shall have the right to deny or revoke certification, and recall all outstanding certificates if one or more orchid pests (especially CyMV and/or TMV-O) are found in excess of the established tolerances, or if excessive orchid pest damage is found. Such denial, revocation or recall may be cancelled at such time as the grower is able to show to the satisfaction of the Department representative that the pest or pests have been eliminated, or reduced below the tolerance level.

"Affiliates" mean persons having an overt or covert relationship, such that any one of them directly or indirectly controls or has the power to control another.

#### 7:1-5.2 Causes for debarment

(a) The Department of Environmental Protection shall debar a person in the public interest for any of the following causes:

1. Commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract, or subcontract thereunder, or in the performance of such contract or subcontract.

2. Violation of the Federal Organized Crime Control Act of 1970, or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, perjury, false swearing, receiving stolen property, obstruction of justice or any other offense indicating a lack of business integrity or honesty.

7. Violations of any laws governing the conduct of occupations or professions or regulated industries.

8. Willful failure to perform in accordance with contract specifications or within contractual time limits.

9. A record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts, provided that such failure or unsatisfactory performance has occurred within a reasonable time pre-

ceding the determination to debar and was caused by acts within the control of the person debarred.

10. Violation of contractual or statutory provisions regulating contingent fees.

11. Any other cause affecting responsibility as a State contractor of such serious and compelling nature as may be determined by the Department to warrant debarment, including such conduct as may be prescribed by the laws or contracts enumerated in this paragraph even if such conduct has not been or may not be prosecuted as violations of such laws or contracts.

12. Debarment by some other department or agency in the executive branch.

#### 7:1-5.3 Conditions for debarment

(a) Debarment from Department contracting shall be made only by the Commissioner, except as otherwise provided by law.

(b) The existence of any of the causes set forth in N.J.A.C. 7:1-5.2 shall not necessarily require that a person be debarred. In each instance, the decision to debar shall be made within the discretion of the head of the Department or agency unless otherwise required by law, and shall be rendered in the best interests of the State.

(c) All mitigating factors shall be considered in determining the seriousness of the offense, failure or inadequacy of performance and in deciding whether debarment is warranted.

(d) The existence of a cause set forth in paragraphs 1 through 7 of N.J.A.C. 7:1-5.2(a) shall be established upon the rendering of a final judgment or conviction by a court of competent jurisdiction or by an administrative agency empowered to render such judgment. In the event an appeal taken from such judgment or conviction results in reversal thereof, the debarment shall be removed upon the request of the debarred person unless other cause for debarment exists.

(e) The existence of a cause set forth in paragraphs 8 through 11 of N.J.A.C. 7:1-5.2(a) shall be established by evidence which the Department or agency determines to be clear and convincing in nature.

(f) Debarment for the cause set forth in paragraph 12 of N.J.A.C. 7:1-5.2(a) shall be proper provided that one of the remaining causes set forth in N.J.A.C. 7:1-5.2 was the basis for debarment by the original debarring agency. Such debarment may be based entirely on the record of facts obtained by the original debarring agency, or upon a combination of such facts and additional facts.

#### 7:1-5.4 Procedures, period and scope of debarment

(a) When the Department or any agency within its control or jurisdiction, seeks to debar a person or his affiliates, the person or persons shall be furnished with a written notice stating that:

1. Debarment is being considered;

2. The reasons for the proposed debarment; and

3. An opportunity will be afforded to such person or persons for a hearing if the hearing is requested within seven days from the date of personal delivery or the date of mailing of such notice.

(b) All such hearings shall be conducted in accordance with the provisions of the Administrative Procedure Act (C. 54:14B-1 et seq.). Where any State Department or agency has already imposed debarment upon a party, the Commissioner may also impose a similar debarment without affording an opportunity for a hearing, provided the Commissioner furnishes notice of the proposed similar debarment to that party, and affords that party an opportunity to present information in his behalf to explain why the proposed similar debarment should not be imposed in whole or in part.

(c) Debarment shall be for a reasonable, definitely stated

period of time, which as a general rule shall not exceed five years. Debarment for an additional period shall be permitted provided that notice thereof is furnished and the party is afforded an opportunity to present information in his behalf as to why the additional period of debarment should not be imposed.

(d) Except as otherwise provided by law, a debarment may be removed or the period thereof may be reduced in the discretion of the Commissioner, upon the submission of a good faith application under oath, supported by documentary evidence, setting forth substantial and appropriate grounds for the granting of relief, such as newly-discovered material evidence, reversal of a conviction or judgment, actual change of ownership, management or control, or the elimination of the causes for which the debarment was imposed.

(e) A debarment may include all known affiliates of a person provided that each decision to include an affiliate is made on a case by case basis after giving due regard to all relevant facts and circumstances. The offense, failure or inadequacy of performance of an individual may be imputed to a person with whom he is affiliated, where such conduct was accomplished within the course of his official duty or was effected by him with the knowledge or approval of such person.

#### 7:1-5.5 Suspension and causes therefor

The Commissioner may suspend a person from State contracting with the Department or any agency within the control or jurisdiction of the Department for any cause specified in N.J.A.C. 7:1-5.2 or upon a reasonable suspicion that such cause exists.

#### 7:1-5.6 Conditions for suspension

(a) Suspension from State contracting shall be made only by the Commissioner with the approval of the Attorney General, except as otherwise provided by law.

(b) The existence of any cause for suspension shall not require that a suspension be imposed, and a decision to suspend shall be made at the discretion of the Commissioner with the approval of the Attorney General, if in the best interests of the State.

(c) Suspension shall not be based upon unsupported accusation but upon adequate evidence that cause exists or upon evidence adequate to create a reasonable suspicion that cause exists.

(d) In assessing whether adequate evidence exists, consideration shall be given to the amount of credible evidence which is available, to the existence or absence of corroboration as to important allegations and to inferences which may properly be drawn from the existence or absence of affirmative facts.

(e) Reasonable suspicion of the existence of a cause described in N.J.A.C. 7:1-5.2(a) 1. through 7. may be established by the rendering of a final judgment or conviction by a court or administrative agency of competent jurisdiction, by grand jury indictment, or by evidence that such violations of civil or criminal law did in fact occur.

(f) A suspension invoked by another Department or agency in the executive branch for any of the causes described in N.J.A.C. 7:1-5.2 may be the basis for the imposition of a concurrent suspension by the Commissioner without the necessity of an approval therefor by the Attorney General.

#### 7:1-5.7 Procedures, period and scope of suspension

(a) When the Commissioner suspends a person or his affiliates from Department contracting, the person or persons suspended shall be furnished with a written notice that within ten days after the effective date of the suspension stating that:

1. A suspension has been imposed and its effective date;  
2. The reasons for the suspension to the extent that the Attorney General determines that such reasons may be properly disclosed;

3. The suspension is for a temporary period pending the completion of an investigation and such legal proceedings as may ensue; and

4. If such legal proceedings are not commenced or the suspension removed within 60 days of the date of such notice, the party will be given either a statement of the reasons for the suspension and an opportunity for a hearing if he so requests, or a statement declining to give such reasons and setting forth the position of the Commissioner regarding the continuation of the suspension.

5. Where a suspension by another Department or agency in the executive branch has been the basis for suspension by the Commissioner, he shall note that fact as a reason for his suspension.

(b) A suspension shall not continue beyond 18 months from its effective date unless civil or criminal action regarding the alleged violation shall have been initiated within that period or unless debarment action has been commenced. Whenever prosecution or debarment action has been initiated, the suspension may continue until the legal proceedings are completed.

(c) A suspension may include all known affiliates of a person, provided that each decision to include an affiliate is made on a case by case basis after giving due regard to all relevant facts and circumstances. The offense, failure or inadequacy of performance of an individual may be imputed to a person with whom he is affiliated where such conduct was accomplished within the course of his official duty or was effectuated by him with the knowledge or approval of such person.

#### 7:1-5.8 Applicability

The rules herein shall be applicable to existing practices and procedures of the Department and all agencies within the control or jurisdiction of the Department, under laws that concern prequalification for State contracting to the extent that such practices and procedures may concern the disqualification of any person from State contracting.

#### 7:1-5.9 Exclusions

Any exclusion from Department contracting under these rules by virtue of debarment, suspension or disqualification shall extend to all State contracting and subcontracting within the control or jurisdiction of the Department, provided, however, that if the Commissioner determines it is essential to the public interest and files a finding thereof with the Attorney General, the Commissioner may grant an exception from total exclusion with respect to a particular contract.

#### 7:1-5.10 Notice

Insofar as practicable, prior notice shall be given by the Commissioner to the Attorney General and to the State Treasurer of any proposed debarment or suspension under these rules.

#### 7:1-5.11 Lists

The Department shall provide the State Treasurer with the names of all persons suspended or debarred and the effective date and term thereof, if any.

#### 7:1-5.12 Discretion

Nothing required by these rules shall be construed to limit the authority of the Commissioner or any agency within the control or jurisdiction of the Department to refrain from contracting within the discretion allowed by law.

10:51-1.10 Basis of payment; legend drugs

(a) Payment for "legend" drugs (those drugs bearing the legend, "Federal Law Prohibits Dispensing Without a Prescription"), and contraceptive diaphragms will be based upon "maximum allowable cost" as herein defined.

(b) "Maximum allowable cost" is defined as the lower of:

1. The "maximum allowable cost" (MAC) price published by the Pharmaceutical Reimbursement Board of the N.J. Department of Health, Education and Welfare for listed "multi-source" drugs; or

2. The listed average wholesale price (AWP), as so designated for the most frequently purchased package size in the current Drug Topics Red Book (published by Medical Economics Co., Oradell, N.J. 07649), and supplements and price changes listed by the same publisher in Drug Topics Magazine or the designated prices listed in this Subchapter. In the case of unlisted or undesignated AWP "costs" or typographical errors, the known correct price will be used as maximum cost:

i. Maximum cost for each eligible prescription claim not covered by paragraph 1. of this subsection shall be subject to the following fiscal conditions based upon five categories determined from the previous years total dollar prescription volume as determined by the Division, for each participating pharmacy. The categories shall be adjusted annually.

Note: Those pharmacy providers who have participated in the program for less than one year will have their volume projected over the entire calendar year to determine the appropriate category for next year.

3. Category I: Pharmacies whose total prescription dollar volume in the previous calendar year was not more than \$49,999.99:

i. Pharmacies placed in this category will receive maximum cost reimbursement for legend prescription claims at average wholesale price (AWP) as defined above.

4. Category II: Pharmacies whose total prescription dollar volume in the previous calendar year was in excess of \$50,000 but did not exceed \$74,999.99:

i. The calculated amount will be automatically deducted from each prescription claim in the reimbursement processing procedure.

5. Category III: Pharmacies whose total prescription dollar volume in the previous calendar year was \$75,000 but did not exceed \$99,999.99:

i. Pharmacies placed in this category will receive maximum cost reimbursement for legend prescription claims at average wholesale price (AWP) as defined above less four per cent of such cost as listed on the claim form (MC-6). The calculated amount will be automatically deducted from each prescription claim in the reimbursement processing procedure.

6. Category IV: Pharmacies whose total prescription dollar volume in the previous calendar year was \$100,000 but did not exceed \$149,999.99:

The calculated amount will be automatically deducted from each prescription claim in the reimbursement processing procedure.

The calculated amount will be automatically deducted from each prescription claim in the reimbursement processing procedure.

Note: If the published MAC price as defined in N.J.

A.C. 10:51-1.10(b)1. is higher than the price which would be paid under N.J.A.C. 10:51-1.10(b)2., then the latter will apply.

10:82-1.4 Eligible [AFDC] child over 18 and under 21 regularly attending school

(a) When an eligible child **over 18 and under 21** is a student regularly attending school, college or university, or regularly attending a course of vocational training designed to fit him/her for gainful employment, this child shall be included as a member of the eligible unit whether or not he/she is living in the home during the period in which he/she is pursuing his/her studies. (See Section 130 for definitions of school attendance.)

[(b) Expenses incident to training shall be provided as an additional payment in accordance with Section 520.]

[(c) Any scholarship, grant, or other form of financial assistance or portion thereof received by this child and applied to expenses directly related to education shall be disregarded as family income, namely: tuition payments, payment of student fees, purchase of required textbooks, laboratory equipment, any other required equipment, transportation expenses, and, if he/she is living away from home, room and board expenses. Any excess shall be considered unearned income to the eligible unit, except that grants or loans to an undergraduate student for education purposes made or insured under the Federal Higher Education Acts shall be disregarded without regard as to the use of such loans or grants. The student and the county welfare board have joint responsibility in securing factual data concerning such scholarships, grants or funds.]

(b) Any scholarship or grant received by such child, whether from Federal, State or other public or private source, shall be disregarded in computing the grant so long as the child continues to attend school as stated in subsection (a) of this Section and meets the conditions under which such moneys are granted.

(c) During any period for which a child receives a grant or scholarship under a Federal, State or other public or private program, he/she shall not be entitled to an allowance for expenses incident to training. In all other situations, such an allowance shall be provided in accordance with the provisions of Subchapter 5 of this Chapter.

(d) If the student is in fact living apart from the eligible unit and is receiving all expenses for room and board from other sources, an adjustment to accommodate to this absence must be made in computing the family's grant. For this purpose, the amount of \$25.00 per month shall be entered as "other income" on the PA-3A form.

(e) When a parent of an eligible child is a student regularly attending school as defined in this Subchapter, the provisions of subsections (b) and (c) above shall apply.

(f) Payment for child care shall be provided where necessary (subject to the provisions of Subchapter 6 of this

Chapter regarding availability of funds) so long as the parent can demonstrate that his/her scholarships or grants do not provide moneys which are designated for such care.
